is General different?

-you'll say so once you've tried it

What about this "different" gasoline? There's only one way to find out for sure. Drive up to the Independent Dealer at the Green and White Sign and tell him to fill your tank with General.

Then you'll see for yourself. It's the same old motor, the same old car. But - this gasoline is different.

Hills? Where are they? Pick-up? S-a-a-y!!

Every drop of General works its head off in the motor every day of the year. It is always the same - always the best gasoline that we know how to make.

And the man who sells it is worth while. He owns his own station. "Fill up your tank and let your engine decide."
