**New Source of Gold**  
The world's gold supply may be considerably increased by the discovery of a new gold ore by an Italian engineer. The mineral exists in many European countries, and also in the United States, Mexico and South America, but until recently the presence of gold therein was unsuspected. Deformite, which is the name given to the new ore, is found in rocky formations. It yields gold only to special processes, which have already been patented in several countries. As much as a kilogram of gold is refined from a ton of ore.

**Lame, Tired, Achy?**  
Are you tired, lame, achy—worried with backache? Do you suffer sharp pains, headaches, dizziness and disturbing bladder irregularities? Perhaps your kidneys need attention. When the kidneys fail to properly filter the blood, body impurities accumulate and cause poisoning of the whole system. Such a condition may lead to serious sickness. Don't neglect it! If you suspect your kidneys, why not give Doan's Pills a trial? Doan's have been used successfully over thirty-five years—are recommended over the world over. Ask your neighbor!  
**A California Case**  
Thos. Faust, 205 Hunt St., Modesto, Calif., says: "I had awful pains in my back and could hardly get up or down. My kidneys didn't function properly, especially at night, and the secretions burned in passage. I had dizzy spells. I used Doan's Pills and two boxes rid me of backache and my kidneys are normal."
