Entered as second-class matter December 19th, 1922, at the Post Office at Beaverton, Oregon, under the Act of March 3, 1879.

Subscription, \$1.50 per year.

Advertising rates on application.

For many years, a number of broad gauged, forward looking men engaged in the industries of Oregon have backed with effort and money a movement to sell the industrial assets and products of Oregon to Oregonians. These men in diversified lines and living in various parts of the state, hold the common view that encouraging and making successfully established manufacturing plants, and building up their prestige, would insure quickest return in additional factories in the state.

This is a policy in which every community of Oregon has a deep and abiding interest. A general trade mark or emblem was adopted, containing the words, "Oregon Quality" on a diamond shaped shield supported by a Beaver. This was characteristic of thrift and industry and is based upon the biological fact that Oregon was the greatest habitat of the Beaver.

Recognition of the significance of the Oregon industries program and its value has made strides. "The practical side of the famous slogan"—Oregon quality is now pointed out in newspaper comment. These statements record triumphs of Oregon products in meeting competition in various parts of the world. They show Oregon is marching ahead. These statements cover loganberries to pipe organs and womens' coats to water tanks.

Each year, Oregon's wonderful fruits and vegetables and soil products make new conquests. Willamette Valley loganberries are finding a market in Great Britain; even Oregon marmalade is being enjoyed in England—home of marmalade and toast. Spagnum moss of the Oregon coast is going into surgical dressings that are on the way to Australia; houses cut in our factories are in Africa and the Orient; polishes, cleaners, soaps, paints, and vegetable oils are being distributed in increasing amounts; toilet preparations with Oregon labels are being used by belles of the Pacific; logging machinery, garden tractors, gas engines and other implements, also a coal feeding device, an automatic stoker, all are going into distant markets bearing the banner of "Made in—Oregon." Our tires and rubber heels, as well as cereals, are in the Orient and in the day's news recently was reported a shipment to islands in the Pacific of store fixtures, furniture, trunks, and bags—the store fixtures being the new feature in this trade. Lumber carriers and hoisting machinery are invading domestic markets. Transactions of the woolen textiles and garment manufacturing industries emphasize the importance of the woolen and yarn industry as a basic industry here. The woolen products industries are growing at the rate of about twenty-five per cent each year over each preceding year.

The practical side of "Oregon Quality" applies not only to products compounded in Nature's work shop, but to sport and work garments, wearables like hats and caps and shoes, golf stockings, womens' coats, and the illustration can be carried on into Oregon paints and certain building materials, Oregon paper and paper products, rope, twine, and hurlap bags. To these, shortly, will be added, no doubt, Oregon linen cloth and silk ribbon, as these factories are "on the way."

A report on manufacturing prepared for the Pacific Northwest Shippers' Advisory Board of the American Railway Association which met at Tacoma, shows that the total value of the manufactured products of Oregon for 1925 approximated \$279,218,347.00. This is exclusive of the lumber production. Surely this supports the idea of quality in Oregon products.

Eugene is planning a new "city within the city," on a 60-acre site.

TO MAKE MEALS INTERESTING

The foods combined in one meal should have variety and contrast in texture and flavor. Serve something crunchy like toast, or browned crumbs on a scappoleo dish, something soft, as a white sauce or custard, something crisp and fresh, like lettuce or cold slaw.

For variety in flavor, some of the foods chosen should be mild or bland, like potatoes or bread; some should have a pronounced flavor, as in the case of rare steak, roast, lamb, ham, or cheese, or some of the vegetables such as cauliflower, cabbage, and onions; there should also be something sour in itself, like tomato or pickles, or like spinach or beets, something that is ordinarily served with vinegar, or a salad with French dressing. Sweet flavor is usually provided in the dessert, or it may be introduced elsewhere in the menu as in candied sweet potatoes, or in the form of jelly with meat.

"Carrots will make you beautiful" is indirectly true, because carrots are an excellent source of mineral matter which is used in regulating body processes and building tissues. They are especially rich in calcium and a good source of at least three vitamins.

The common "millers" flying about lights in the evening are the parents of the destructive cutworms that often strike down portions of Oregon garden and field crops. The female lays 200 to 500 eggs singly or in masses on or near the food plants of the larvae, which are hatched from the eggs in a few days. This brood grows up feeding on the mid-summer plants and develop into moths later in the fall. It is this generation that lays the batch of eggs from which the cutworms that winter over as half grown larvae under the surface of the soil are hatched. They are easily controlled by a poison rain wash.

OREGON STATE NEWS

Corvallis has shipped a carload of loganberries to England.

Glatsop County has an exceptionally good hay crop this year.

Road work in the city of Clatskanie is being rapidly pushed.

The Mist Market Road district will spend \$14,000 on improvements, this year.

The St. Mary's Catholic Church at Eugene will erect a \$75,000 edifice.

One hundred registered Oregon Jersey cows have been shipped to New Jersey.

The Sutherland cannery will pay approximately \$250,000 to farmers for prunes this year.

The Douglas County Creamery has been incorporated at Roseburg, with \$100,000 capital.

Road District No. 9 at Rainier has \$17,000 available for market road construction this year.

The New St. Helens Pulp and Paper Company mill will be in operation by the first of the year.

The Thompson-Kelly sawmill at Marshfield has resumed cutting after a shutdown of several months.

St. Helens' two banks show a ten per cent increase in their combined resources, during the past three months.

Timber totaling 15,206,472 feet, and valued at \$22,885,17, was cut in the Cascade forest this year, from January to June.

Five miles of railroad has been completed at Cottage Grove for the new J. H. Chambers sawmill, which will soon be finished.

NOTICE OF FINAL SETTLEMENT

Notice is hereby given that the undersigned, Inez B. Rogers, Administratrix of the estate of Jonas J. Bickel, deceased, has filed in the County Court of the State of Oregon, for Washington County, and the Hon. E. J. Ward, County Judge of said Court, has fixed Saturday, September 11th, 1926, at the hour of ten o'clock in the forenoon thereof, as the time and the County Court Room in the Court House at Hillsboro, Oregon, as the place for hearing said final report and objections, if any, thereto and for the settlement of said estate.

Inez B. Rogers, Administratrix of the estate of Jonas J. Bickel, deceased.

SUMMONS
In the Circuit Court of the State of Oregon for Washington County.

Corra Scofield Murphy, Plaintiff,
vs
Merle W. McCormick and Doris McCormick, his wife; George W. McCormick and Alveria McCormick, his wife; Adelaide Draughn and Harry Draughn, her husband; George W. McCormick, as administrator of the estate of Matilda Jane McCormick, deceased, and Ralph Hannan, Defendants.

To Adelaide Draughn and Harry Draughn, her husband, of the above named defendants: In the Name of the State of Oregon: You, and each of you, are hereby required to appear and answer the complaint filed against you in the above entitled court and suit on or before the last day of the time prescribed in the order for the publication of the summons, to-wit: On or before the expiration of six weeks next, from and after the date of first publication of this summons, the date of said first publication being on July 23, 1926, and if you fail so to appear and answer the plaintiff will apply to the Court for the relief prayed for in her said complaint, to-wit: That plaintiff have judgment against defendants, Merle W. McCormick and George W. McCormick, as administrator of the estate of Matilda Jane McCormick, deceased, for the sum of \$250.00 with interest thereon since December 15, 1922, at the rate of 6 per cent per annum, and for the costs and disbursements of this suit; and the further sum of \$75.00 attorney's fees herein, and the further sum of \$15.31 with interest thereon since April 15, 1925, at the rate of 12 per cent per annum, and the further sum of \$16.78 with interest thereon since April 14, 1926, at the rate of 12 per cent per annum, the last three sums being taxes paid by plaintiff on the herein-after described property in order to protect her claim and lien under her mortgage herein mentioned.

That the mortgage described in plaintiff's said complaint herein and which was executed by defendant, Merle W. McCormick and Matilda Jane McCormick, now deceased, to Alva H. Scofield and recorded on page 325 of book 82, records of mortgages for Washington County, Oregon, on or about May 31, 1919 (and which mortgage was, on or Washington County, Oregon, on or about July 31, 1924), be decreed to be a first lien and a first mortgage about May 26, 1924, for value, duly sold, assigned, and transferred to plaintiff herein by an assignment of mortgage recorded on page 609 of book 96, records of mortgages for upon the real property therein and herein described as follows:

All the following bounded and described real property lying, being, and situated within the county of Washington, state of Oregon, and more particularly bounded and described as follows, to-wit: Beginning at a point 10 rods West of a point 13 rods south of a stone at the recognized center of the northwest quarter of Section 4 in Township 2 North of Range 4 West of Willamette Meridian in Washington County and State of Oregon, and running thence west 10 rods, thence south 12 rods, thence east 10 rods, thence north 12 rods to the place of beginning, to secure the payment of said sums of money.

That said mortgage be foreclosed, and said real property be sold as upon execution in the foreclosure of mortgages and the proceeds of said sale be applied as follows, viz: First to the payment of the lien and claim of this plaintiff under said note and mortgage which amounts to \$250.00 with interest thereon since December 15, 1922, at the rate of 6 per cent per annum, and the costs of this suit and of said sale, and the further sum of \$75.00 attorney's fees herein, and the further sum of \$15.31 with interest thereon since April 15, 1925, at the rate of 12 per cent per annum, and the further sum of \$16.78 with interest thereon since April 14, 1926, at the rate of 12 per cent per annum, the last three sums

being taxes paid by plaintiff as aforesaid.
The balance, if any, to be disposed of as said Court may be advised and may direct; that the lien of said mortgage be decreed prior and superior to all claim, interest or equity of each of the defendants herein, and that such other and further decree be granted herein as may seem just and equitable.

That if after the said sale and the application of the proceeds thereof for the payment of the moneys due the plaintiff on said note and mortgage it should be ascertained that said proceeds are insufficient to pay such judgment or decree as the plaintiff may recover herein, she may have judgment over and against Merle W. McCormick and George W. McCormick, as administrator of the estate of Matilda Jane McCormick, deceased, in the sum of such deficiency.

This summons is served upon you by publication, by order of Hon. Geo. R. Bagley, Judge of the above entitled Court, which order was made and dated July 21, 1926.

M. B. Bump, Attorney for Plaintiff. Residence and address, Hillsboro, Oregon.
Date of first publication July 23, 1926.
Date of last publication, Sept. 3, 1926. Adv c 34-40

A real "helper" WATER under Pressure

In barn, feedyard, garden, kitchen, laundry or bathroom, you will find water under pressure a real help—it makes heavy tasks easy, it saves countless steps, it makes home more livable. And it is so easy now to have this convenience with the low-priced Fairbanks-Morse Home Water Plant. Whatever your source of supply—spring, lake, stream, shallow well, deep well—whether you live in a small burlesque or on a country estate, there is a Fairbanks-Morse Home Water Plant that fits your needs and your purse. Electric, kerosene and gasoline driven. 200-gallon and larger sizes give real fire protection.

Just turn the faucet
Operating one of these plants is as simple as that. Come in and see for yourself. Put one of these real "helpers" to work for you. The cost is surprisingly small. Let us show you. We also handle the complete line of Fairbanks-Morse products which includes: "Z" Engines, Home Light and Power Plants, Steel Eclipse Windmills, Feed Grinders, Fairbanks Scales, Washing Machines, electric motors, a complete line of general service pumping equipment, pump packs, power heads, etc.
