By
VERNE BRIGHT

The dead leaves whirl in a swirl of bold
Purple and crimson and lilac and gold,
With magical messages frost enscrolled.

The leaves drift swift when the west winds sweep.
Five boys pile the leaves in a heap--
Slim smoke wavers and white flames leap.

O the elm and the maple and the oak leaves hold
Purple and crimson and lilac and gold....
Over the autumn the sky burns cold!

AN OPEN LETTER TO THE CHAMBER OF COMMERCE

Beaverton High School, Beaverton, Oregon, September 29, 1926. Beaverton Chamber of Commerce, Beaverton, Oregon. Gentlemen: The Beaverton Chamber of Commerce stands for a bigger and better Beaverton. It stands for anything good that will advertise the features of our city.

We feel that there is nothing that will advertise the city of Beaverton more than its school system. Beaverton is fortunate in having a school that bows to none in points of efficiency and education.

Yet Beaverton has one thing that it has to strive for in order to establish it as a well-balanced school, and that is a winning football team.

This year is our banner year and we have prospects for the greatest football team that ever wore the Orange and Black, but to raise them to the heights of the High School football world and to bring recognition to Beaverton through athletics, we feel that we need and deserve your support.

Beaverton High School plays its first scheduled football game next Friday afternoon, with Eastacada, on our home field, and we think we are not unreasonable in asking that the business houses of Beaverton close their doors from 3:15 to 4:30 o'clock on the afternoon of that date.

Beaverton High Football Squa Holds Strong Franklin High Team To 13-12 Score

Beaverton High's football team gave local sport friends something to talk about when they played the strong Franklin High eleven to a standstill when they held that team to a close 13 to 12 score, when the two teams met last Friday afternoon at the Franklin bowl.

Beaverton received the kick on their 30-yard line and immediately lost the ball on downs near their 40-yard line from which Franklin shoved over the first touchdown after about five minutes of play. Franklin made another touchdown after they had kicked off to Beaverton's 20-yard line. They gained possession of the ball and shoved across their second touchdown in less than ten minutes.

With the score standing 13 to nothing against them the locals began a steady march down the field that resulted in Jones slipping off tackle for their first touchdown. From that time until the end of the third quarter, neither team was able to produce the necessary punch to score.

Just before the whistle in the third period, Jones again slipped over tackle for twenty yards and our second score. Jones then failed in his second attempt to convert the extra point that would have given the locals at least a tie with that highly touted town team.

Although there were several rough spots showing throughout the playing of the Beavertonians the team showed high calibre and when a few of these weaknesses are straightened out, Beaverton High will cheer one of the greatest teams that ever represented the school on the gridiron.

Beaverton plays its first conference game Friday (today) when it tackles with the strong Estacada squad on the local field. The game will be called promptly at three fifteen and a record attendance is looked for. An attempt is being made to have the business houses of Beaverton close their establishments from 3:15 to 4:30, the hours of the game.

BEAVERTON TO PLAY ESTACADA

Beaverton high school will play its first conference football game of this season today, Friday, October 1, when it is to meet the Estacada team on the local field.

Beaverton has a strong team this year and they are "rarin' to go," and promise a victory in their initial start.

The team has had two good practice games and are in mid-season form now.

With all indications pointing to a great season on the grid, Beaverton high school as a whole invites the people of Beaverton to be on hand to witness our first triumph of the season Friday afternoon (today) at 3:15, P. M.
