HOW I IMPROVED MY HEALTH

Did It in Less Than One Month

As Mrs. Weaver herself says, "I was never very strong." This is a mild statement describing her condition, for, according to her letters, she was subjected to no small amount of ill health. Fortunately, her sister, with Lydia E. Pinkham's Vegetable Compound and began Mrs. Weaver to try it. "After three or four weeks," writes Mrs. Weaver, "I felt a great difference in myself. I would go to bed and sleep sound, and although I could not do very much work, I seemed stronger. I kept on taking it and now I am well and strong, do my work and take care of three children. I sure do tell my friends about your wonderful medicine, and I will answer any letters from women asking about the Vegetable Compound."—Mrs. LAWRENCE WEAVER, East Smithfield St., Mt. Pleasant, Pa.

If you know that thousands of women suffering from troubles similar to those you are enduring had improved their health by taking Lydia E. Pinkham's Vegetable Compound, wouldn't you think it was worth a trial? In some families, the fourth generation is learning the merit of Lydia E. Pinkham's Vegetable Compound.

Substitute

When little Robbie Beck of Garvanza came home from school with a black eye his mother wanted to know all about it. "Nathan Wilder gave me the black eye," confessed Robbie.

"Well," said Mrs. Beck, "I hope you remembered what you were taught in Sunday school, about heaping coals

of fire on the heads of your enemies."

"Yes'm," said Robbie, "only coals are hard to find around here, especially coals of fire, so I heaped his head with nice red bricks."—Los Angeles Times.
