**DOWN ON THE FARM**

Beaverton, Oregon, Oct. 22,  
1926. Dear Cynthia:—  
A mother grouse last summer  
hatched out a fine brood  
in a bunch of fern in the mid-  
dle of a road the wood haulers  
had made down in the woods.  
Mother and her babies still  
kept house in the old nest.  
Two days after my adventure  
with the skunk I paid a visit  
to this happy family. My fre-  
quent visits had taken away  
all fear from them, and they  
would almost let me touch  
them. I was horrified to find  
nothing but feathers and bones  
scattered about the nest. "That  
devilish weasel's work," thought  
I. I ran to the house for my  
shot gun. Taking my stand at  
the mouth of the wagon trail,  
with gun cocked, I waited for  
Mr. Weasel to sneak out. A  
young jackrabbit came rocky-  
horsing down the path stopping  
now and then to sniff the plea-  
sant odor of the woods. Sudden-  
ly he gave a dart, and as he  
reached a point opposite me,  
a mouselike weasel pounced  
upon this mulelike rabbit and  
carried him off into the  
thick jungles of the forest. I  
was so surprised that I forgot  
to shoot.

Your loving  
—Uncle Charley.

**GENERAL MOTO-CRAT GASOLINE**

Fill up your tank with General "Moto-crat" Gasoline and  
head for your pet hill—the one you have always wanted  
to get up in high but have never been able to make. That  
will tell you more about gasoline in ten minutes than you  
have learned in years of driving.

**Here's what you'll find out—**  
You'll go farther in high because you'll have a noticeable  
increase in power.  
No fuel knocks. Less crank-case dilution.  
You'll get a noticeable increase in gas-miles.  
At the end of the run your spark plugs will be clean—  
your valves unspitted.  
General "Moto-crat" Gasoline means lower transportation  
cost.

**Here's why these things are true—**  
General "Moto-crat" Gasoline is highly volatile. Every  
drop vaporizes instantly and burns completely. That's  
where you get your greater power, quicker start in any  
weather and quicker pick-up.  
This gasoline is the result of years of effort to produce  
the perfectly balanced motor fuel. Gas-miles have not  
been sacrificed for additional power.  
No acids, sulphur—free from knock-producing com-  
pounds. That's your clean motor at the end of the run.  
Your General Independent Dealer has General "Moto-  
crat" Gasoline for you. It costs no more than others.

Don't forget—"It's the end of the run that counts" with  
lubricants. Fill your crank case with General Parabase  
Motor Oil [Para-4rd for Fords]. They're sound motor in-  
surance.
