I do the very best I know how—the very best I can; and I mean to keep on doing so until the end. If the end brings me out right, what is said against me won't amount to anything. If the end brings me out wrong, ten angels swearing I was right would make no difference.

They say that "Peaches" keeps on the shady side of the street to keep her cheeks from Browning.

We wonder if the Beaverton people who had money in the late Northwestern Bank in Portland will learn anything about patronizing home institutions.

A centenarian living at Monroe, Washington attributes his hundred years to a diet of boiled onions. If he had lived on Beaverton onions he might live many years longer.

Just a word about the story circulating that there is no evidence against the proprietors of The Silver Star Inn that was raided by Sheriff Reeves on the evening of December 30. Tuesday we talked with Mr. Patterson, assistant district attorney who stated plainly that the reason these people had not yet been brought to trial was because attorney Hare who has been employed to defend them left for California as soon as the legislature adjourned and would not be back until about April 20.

The Saturday Evening Post prints a statement to the effect that editors are really human beings, that they have wives and families, hobbies, headaches and indigestion and the other ailments that "human flesh is heir to." This is not an invitation to read the big publications but rather a suggestion to get acquainted with the editor who lives in your town and gets out your home town paper. Really, he won't bite your head off nor print what you might say to him in an unpremeditated burst of confidence.

LETTERS

From Our Readers

Route 4, Beaverton, Oregon, March 26, 1927. Dear Editor:—The Huber Commercial Club, through their entertainment committee, John W. Patterson, chairman, J. H. Wright, John Shilling and Frank Pulver, are putting on a Big Free Entertainment Friday evening, April 1, the purpose of which is to boost for and help along the Boy Scout movement in the communities of Huber, Aloha and Beaverton.

We expect to have Rev. Tetweiler of Aloha, who is already busy in the Boy Scout work in Aloha to tell you what he has done and what our boys need.

We also expect to have a Boy Scout Master from Portland present for an address on this subject, one who is well informed on this matter and who can "put it over" in a convincing and entertaining manner.

We also expect to have some music and dancing and cards for those who prefer to play cards.

Please bear in mind that this is not a money-making scheme, but everything is FREE and solely for the purpose of promoting a friendly spirit in the community and to help our boys and girls to become better citizens.

We also expect to give some attention to the Campfire Girls a little later.

Entertainment Committee, By John W. Patterson, Chairman.

(We are very pleased to have the opportunity to give space to the above communication. Our columns are always open so sent along anything that you want to that will help along any movement for the betterment of Beaverton or eastern Washington county. —Ed.)

Portland Official Ends Suffering

S. D. White, 798 E. 8th Street tells how he conquered sciatic rheumatism. Suffered for years before he found relief. Praises wonderful results of Tanlac.

For many years Mr. White has faithfully served the city of Portland, Oregon, in various positions of trust and responsibility. As a result of former experience, he said, "we keep Tanlac in our family medicine chest. We have complete confidence in it, a confidence based on fair trial and surprising results. In my own case for instance, I had sciatic rheumatism for years. Sometimes it would attack my shoulders, sometimes my hips; I suffered intensely from the pain. Recurrent attacks wore me down; I felt 'all in.' Being what Tanlac had done for others of my family I gave it a trial and it certainly did the work. I eat and sleep normally now, and have every confidence in Tanlac. It's no wonder that over 52,000,000 bottles of this remarkable tonic have been sold! Tanlac is nature's own tonic, made of herbs, roots and barks. Your druggist has it. If you are in poor health, get a bottle today and start on the road to rugged health."

This modern age discriminates—and smokes Camels

THIS age is the hardest to satisfy—it's the most discriminating age ever known. That's why it goes to Camel for cigarette enjoyment. It takes real tobacco to satisfy modern smokers and Camels are made of the choicest tobaccos grown, marvelously blended. Smokers of today are right in demanding Camels; no better cigarettes are made, regardless of price.

To seek a real smoke is to find Camel—the choice of the modern world. Camels are a revelation of goodness, always mellow, smooth and mild. This age shows the way to smoke contentment—"Have a Camel!"
