

OREGON STATE NEWS

Monmouth is to have city hall delivery service.

A big woolen mill is being promoted for Lakeview.

Fifty workers are oiling the Dalles-California highway out from Madras.

McMinnville will soon vote on a \$75,000 bond issue for a new City Hall.

The Johnson confectionery is now open for business at Harrisburg.

Sixty men are working on a new Ray-Brown cannery at Woodburn.

Recently St. Helens shipped out 6,000,000 feet of lumber in a single week.

La Grande has installed 100 new 600-candlepower street lighting units.

Freewater business men have raised \$25,000 for farm-products loan funds.

Work has begun at Portland on a \$2,000,000 water front development project.

Machinery has been ordered for a new ice plant and cold storage at Vernonia.

A contract has been let for a new \$32,500 Knights of Pythons hall at St. Helens.

The new \$60,000 Presbyterian church at Medford has been dedicated for service.

The Oregon Telephone Co. is going to build a fine new office building at Forest Grove.

Oregon will receive \$533,000 from the National Forest road fund this coming year.

The city council at Monmouth has voted for an extensive street lighting system.

The first fabrics have just been woven in the new \$600,000 linen mills at Salem.

A new canning plant is being rushed to completion for this season's use at Cushman.

R. U. Stengen is building a 20-ton mill to handle tin and other metals at Canyonville.

An ice and cold storage plant costing \$30,000 is well under way at Klamath Falls.

The Eastern Oregon Light & Power Co. at Baker will spend \$20,000 for gas improvements.

Wheat export from the Columbia River Basin to the Orient for March totaled 320,004 bus.

Lane county has paid \$15,000 for the Kingwill property for the new Springfield bridge site.

The Milton-Freewater cherry growers have already pooled about 75% of their 1927 crop.

Building permits for the first three months of 1927, \$545,205, exceeds any previous full year's.

Zinc concentrates worth \$300,000 have been shipped out of Portland since January 1, 1927.

Smith's Point highway at Astoria will be widened and resurfaced with asphalt this year.

The Oregon Telephone Co. expect to spend \$20,000 to improve their service at Cornelius.

The Portland Electric Power Company will bring electric service from Barlow to Mackburg.

The reorganized Bagley Fruit company cannery at Ashland expects to employ 200 people this coming season.

Umatilla and Morrow counties expect to double last year's record turkey crop. Some turkeys, we'll say.

The Rouge River Valley poultrymen around Grants Pass have organized a cooperative marketing organization.

The United States Forest Service is reported to be planting 30,000 fir trees a day in the Imnaha district near Medford.

The Graves cannery at Woodburn will open about June 1, and expects to employ 100 people from that time to January 1.

An ornamental lighting system to cost about \$750,000 and a \$300,000 sewer system are being projected for Klamath Falls.

The Crooked River Highway bridge, the highest in America, on the Dalles-California highway, will be dedicated in May.

The Golden Mary mine near Grants Pass, with an investment of \$600,000 and a 100-ton mill, is ready to run on 25-tons of what is said to be \$15 ore already taken out.

A LOTTERY WITHOUT A WINNER

By W. R. MOREHOUSE

Public Relations Commission, American Bankers Association

(There is presented herewith the first of a series of articles exposing the wiles of sharpers who are after your money.)

ALMOST unbelievable amounts are lost to the American people annually from unwise ventures. This loss, estimated at nearly one billion dollars a year, is accounted for when you take into consideration that practically all of the money "invested" in numerous fake schemes and half-baked projects is forfeited by the investors. In presenting this series of articles regarding sharp practices and various kinds of swindles we hope to prevent thousands of people from falling into the traps already set for them by irresponsible and unscrupulous promoters.

Through the use of only actual cases selected from several thousand, it is hoped to prove conclusively the futility of taking a "gambler's chance" with your savings, for as in a lottery without a winner you are bound to lose. Much of the material here used has been supplied by the Better Business Bureau throughout the United States which are non-profit organizations serving the investor without charge and acting wholly in the public interest. Read these cases and then file them away for future reference, for sooner or later you may find yourself on the verge of "taking a leap in the dark"—of speculating with your savings as the people here told about were inveigled into doing.

A "good front" has put over more crooked deals than any other one thing. Every irresponsible promoter specializes in putting on a "good front" in his dealings with those whom he fleeces out of their savings. Whether or not he is successful is due to a large degree on how good a front he is able to put on. In motion pictures, the sets, or "props" as they are called, supply the setting for the scenes. They are used to portray things that seem large, things that seem grand and beautiful. Peer behind those sets and what do you see there? You see that the attractive fronts are supported by braces made of the cheapest, knottiest and poorest timber imaginable. They serve their purpose in the world of make-believe, but in real life you cannot afford to buy

The Lure of Easy Money

only good fronts. Your house must have real rooms behind it, your purchases and investments real values. In the field of wild-cat financing if you peer behind the "good front" which the promoter puts on you will find that it is supported only by deception, dishonesty and fraud.

Unscrupulous persons of the "good front" type are expert actors in the role of "big brothers" to inexperienced investors with money at their command. As protectors and advisers to the widow and the inexperienced, which they claim to be, they are in reality wolves in sheep's clothing.

Gaining the Victim's Confidence. In personal appearance they are impressive. As conversationalists they are convincing. As students of the traits of human nature they rate high. In short, they know how to stalk their prey successfully. With

(The next article in this series will tell of a clever scheme practiced in many parts of the country by which the unwary are robbed of their money.)

OLD PIONEER COUPLE HAVE BEEN QUITE SICK

Mr. and Mrs. Robert Johnson, who have been sick for several weeks are better now.

They have lived on their 150-acre farm for more than fifty years and have cleared all but one acre that was cleared when they came here. That meant lots of work—hard work, too.

He and his son, Henry, are onion growers. The Johnson farm is north of Beaverton, and if you want to get there you would leave town on Cedar St. and go to the third road to the left after leaving town.

Johnsons live on the next road to the left you come to after crossing the Walker road.

Oiling the Oregon Trail from Heppner Junction to La Grande will take three months.

PROMINENT KINTONITE WEDS GARIBALDI MAIDEN

Herbert Martin, son of Mr. and Mrs. Zack Martin of Kinton and Miss Fay Eloise Langley of Garibaldi, were married at Tillamook last Wednesday.

They are spending their honeymoon at the home of Herbert's parents but expect to leave soon on a motor trip to Los Angeles where they will make their home as Mr. Martin has employment there. His many friends in this community extend hearty congratulations to him and his bride.

SIGNS FOR THE REAR OF YOUR CAR

Never mind the windshield—but save your bumper.

Make your right hand behave.

If you can read this, try your brakes.

Keep your eyes on this sign—not on the scenery.

You can't tell how soon I'll stop—try your brakes.

This car's all here except the engine—it's missing.

If you don't want to read this any more, get in front of me.

Brake bands are cheaper'n hospital bills.

This car has four wheels and many breaks.

If that thing of yours isn't halter-broke, get it off the road.

If you want to bump me, use your head.

Don't get too close—this is no heating stove.

A brain is only as strong as its weakest think.

PATRONIZE OUR ADVERTISERS

TWO PNEUMONIA PATIENTS

Mrs. Rachael F. Walker, residing north and west of town for half a century, has been seriously ill with pneumonia but is feeling better now.

Mr. Will Walker also has the pneumonia but is also somewhat improved. Dr. Mason is attending them and they probably represent the two cases of pneumonia reported to the State Board of Health for Washington Co.
