Mr. Sidwell turned over to her the key to his car after she had driven him to Silverton where he returned to his work. They were accompanied by Mrs. Sidwell, Ted Sidwell and Roberta Marvin. On the way back the party stopped at Salem and visit with Miss Gladys Sidwell whom they found much im-

proved in health.

Friday evening a surprise party was given at the home of Ruth Clark in honor of Muriel Sidwell's sixteenth birthday anniversary. The evening was spent in playing jolly games after which the girls roasted wienies in the fireplace. Other refreshments consisted of buns, cocoa and a beautiful birthday cake with sixteen candles on it. The guests included Muriel Sidwell, Henrietta and Louise Hawley, Evelyn Thoms, Roberta Marvin, Alice Johnson, Roberta Haulenback, Ruth and Rachel Clark.

When Mrs. Viola M. Sundberg arrived at her home Tuesday evening, May third, she found a number of her friends who had gathered to give her a surprise birthday dinner. The table was laden with good things to eat, not least among them being a huge cake with candles. Those present were: Mr. and Mrs. R. A. Montgomery and son Robert, Mr. J. W. Hickey, Mr. and Mrs. Chas. Hickey, Mr. and Mrs. Tad Wheeler, Mr. and Mrs. C. F. Fuller, Mr. and Mrs. Howard Burton and family, Mr. and Mrs. H. E. Ewer and family, Mr. and Mrs. M. M. Weisenback and son Bobby and Kenneth, Frances and Billy Sundberg.

Mr. and Mrs. Jacob Steffin have traded their home in Huber for a chicken ranch near Battleground, Wash. The next day after the trade was made the owner of the Washington property, a Mr. Nagel, died suddenly of heart failure so Mrs. Steffin and the three children were compelled to leave at once on Thursday to look after the newly acquired property. Mr. Steffin remained to pack the furniture and will follow later. We are sorry to lose this family and it takes two children from our school, Dorothy from the fourth grade and Walter from the first. Walter will be remembered as "Little Cupid."

Twenty-two of the sixth grade attended the Founder's Day program which was held at Champees Saturday under the auspices of the Oregon Pioneer Association and the Oregon Historical Society. They were taken in cars by Mrs. Gilmore, Mrs. E. Klatt, Mr. R. Montgomery and Mr. B. J. Hickey. They started about seven A. M. and on the way over stopped at Oregon City to visit the historic McLaughlin home. At Champees they met their teacher, Mrs. Laura Mack who went by boat from her home at Gladstone. They are very enthusiastic over the day's activities and especially enjoyed the talks on the early history of Oregon given by the old pioneers.

**Why Firestone GUM-DIPPED TIRES Wear Longer**

WE recently were given the tremendous advantage of having the mammoth Firestone factories brought to us. In Tire Educational Meetings we were shown, by means of motion pictures, charts, tire samples and complete engineering data, the details of Firestone tire design and construction—and how Firestone and Oldfield tires and tubes are made in the world's most efficient and economical rubber factories.

Firestone pioneered the original low-pressure tire and made it practical by Gum-Dipping. The motion pictures showed us how the cords of the carcass are dipped in a rubber solution, thoroughly saturating and insulating every fiber of every cord with rubber. Simple demonstrations and tests illustrated the great advantage of this process, which supplies the extra strength to withstand the extra flexing strains of low-pressure construction—one of the reasons why Firestone Gum-Dipped Tires are establishing such unheard-of mileage records.

**Low Cash Prices OLDFIELD TIRES**

30x3	Fabric	\$5.85
30x3 1/2	Fabric	6.85
30x3 3/4	Cord	7.35
29x4.40	Balloon	8.40
32x4	Cord	13.40
31x5.25	Balloon	15.35
33x6.00	Balloon	18.35

Oldfield Tubes are also priced very low  
Made in the great economical Firestone factories at Akron and carry the Standard Tire Warranty

We learned why the Firestone Balloon Tread gives extra safety, comfort and long wear. We were shown why Firestone, from the very beginning, designed and continue to use the round Balloon Tread, minimizing "shoulder breaks", so destructive to tires. Excess rubber at the edges of a Balloon Tread is wasted—actually detrimental to tire mileage. In the Firestone Tread the small units and sharp projections are scientifically placed to permit easy flexing, resulting in extraordinary riding comfort.

Come in and let us put a set of these Gum-Dipped tires on your car—you can forget about tire trouble. Quality is higher than ever before—prices are lowest in history. Buy now!

**It costs so little to have Running Water**

Perhaps you have always thought of running water as an expensive luxury. As a matter of fact, the investment in a Fairbanks-Morse Home Water Plant completely installed is less than half the average assessment for a city water main! Furthermore, the cost of operation is merely a few cents a day!

No matter where you live you can have all the convenience, all the health protection of running water.

There is a plant for drawing water from any source—lake, spring, stream, shallow well, deep well, cistern. These plants are furnished to operate on electric, kerosene or gasoline power, in sizes from 120 to 5,000 gallons per hour. The electric plants operate automatically. Come in and let us show you the plant that will meet your requirements.

**200 Gallon Per Hour Plant—**

It's Automatic. Come in and See a Demonstration
