MAXAMS RETURN TO SOUTH DAKOTA HOME

Mr. and Mrs. A. B. Maxam, who have been visiting at the home of Mr. and Mrs. Ed Halsten, left Monday for their home in South Dakota.

The Halsten and Maxam families took in the Forest Grove-McMinnville-Newberg highway Sunday, with a side trip up on the ridge of the coast range.

Mr. Halsten has been thinking of investing in property up there but didn't decide definitely whether he would close any deal or not.

CONGREGATIONAL CHOIR AND ORCHESTRA PICNIC

The choir and orchestra of the Bethel Congregational church held their annual get-together picnic at Oswego lake Saturday evening. Practically all the members of the choir and orchestra and their families attended.

Your scribe's conveyance was late in arriving on account of lack of a sufficient quantity of gasoline in the driver's tank to make the heavy grade just north of Oswego. Consequently when he arrived the rats were a little short, much to his disappointment.

Mr. and Mrs. Simon Pike of Medford, Minn., called on Mrs. Lurinda W. Davis last Saturday. The Pikes are touring the west and now are visiting with Mrs. Pike's parents, Mr. and Mrs. Gross, at Orenco.

NORTH DAKOTANS TO HAVE REUNION

The fourth annual gathering of former residents of the state of North Dakota will be held this year at Silverton on Sunday, August 14th. It is expected that there will be a record attendance, as the number attending the gathering has increased each year. The meeting was held at the Silverton park last year, and approximately 700 people were present and enjoyed the day together.

The Silverton park is an ideal place for such a gathering, as it is large and has plenty of shade trees. There is also a splendid swimming place and a life guard on hand to look after the safety of the swimmers. This is a great attraction to the young people.

The park is equipped with tables where the people can spread their picnic lunches, and coffee in abundance will be served by a committee from the State North Dakota association. A short program has been arranged, but most of the day will be spent in renewing old acquaintances, and meeting new friends.

All former residents of North Dakota are invited and urged to be present at the gathering. They should bring well filled baskets and come prepared to enjoy themselves to the limit.

INTERESTING PLACES ON THE OLSON ROAD

The Olson road turns off to the south from the Scholls-Ferry road just a little east from the point where the short-cut branches off. It is in what is called the Hiteon district, one of the thickly settled portions to the south of town.

The other day we had occasion to drive up that way. We found good travelling, a rock road most of the way to the foot of Bull mountain. Before coming to any houses, we crossed a little draw, not deep, and just a little flattened out. Just to the south of the draw was a new cabin. Not many crops were in evidence, and it did not look as though there was any one at home.

There was one thing about the place that attracted our attention. The land had been newly cleared and around the

house was a considerable number of young trees evidently left there for the purpose of growing into a nice grove about the home. It seemed such a sensible idea that we just had to pass it on to our readers who may be planning building a home on a newly cleared spot.

To the south of the little cabin in with the trees and on the other side of the road is where Lester Davies lives. He is the first baseman on the Beaverton baseball team, and has a fine farm there, lots of buildings besides a good-looking, comfortable house, and the place shows evidence of lots of hard work being done.

On the same side of the road and a little farther on is the home of Mr. and Mrs. C. W. Struthers. They have eighty-five acres of good land, and have a fine home on their place. They are staunch, good friends of Beaverton, and do a lot of their trading there, as well as transacting lots of other business there. Mrs. Struthers, who came to the door, mentioned something about some of the family being in ill health. We hope they improve rapidly and soon recover.

Almost across the road from the Struthers place is the Willoughby farm. Mr. Willoughby was out burning out some stumps and clearing some land to the south of their home. Mrs. Willoughby told your scribe that the high ground to the south was called Bull Mt. Their farm seems to nestle right up against the base of this elevation and to be very level and in fine shape. A boy was out on the back porch driving nails into a frame and seemed to be making some sort of a screen, perhaps to use in penning up his rabbits. Anyway, there was a little hen which contained these animals—or maybe they were Belgian hares, we are not quite sure.

But the Home Paper Told It!

"Wasn't it fine about Priscilla getting honors in her school work last term?" said Mrs. Smith to Mrs. Brown.

"What?" asked Mrs. Brown. "I didn't know about it."

"But it was in the Home Town Paper," replied Mrs. Smith. "Don't you take it?"

"No," said Mrs. Brown, "but I am going to."

As she did, for this is a true story.

As much a part of the community life as is the school or church is the Home Town Paper.
