Our Water Situation Vexatious To Council

Spring Water Strikes Popular Chord; Dietsch Elected To Replace Fordney

The regular monthly meeting of the City Council was held in the Council chambers on Monday evening. Those answering roll call were W. E. Pegg, mayor; F. W. Bishop and A. E. Wilson, aldermen.

Following the reading and approval of the minutes of the previous meeting, the following bills were accepted and passed for payment:

- A. E. Story, Marshal \$10.00
Geo. Thynng, Recorder 25.00
Geo. Thynng, Water clerk 50.00

A communication was read from Father O'Neil, pastor of St. Cecilia parish, petitioning for a sidewalk along East street from Broadway to the church, a little more than a block, and the installation of caution signs for the protection of the children attending the parochial school. The matter was referred to the street committee, although the opinion was expressed that the street, which is rather narrow, should be widened before any permanent walks are laid.

The recorder then read a resignation from Alderman G. P. Fordney, giving as a reason outside business interests. With a general expression of regret at the loss of so estimable an associate, the resignation was accepted. Mr. J. F. Dietsch was immediately elected by a unanimous vote of those present to fill the vacancy. The choice, we feel, was well made. Mr. Dietsch being a progressive and public spirited citizen, well versed in the science of civil government, with just enough conservatism to make him safe and sound. On taking the oath of office, which was administered by Recorder Thynng, Mr. Dietsch participated in the remainder of the meeting as a duly elected and qualified officer.

Several applications were read from property owners requesting the right to build new sidewalks, together with an official grade to go by. The Council's attention was called to one piece of sidewalk laid the past summer, which is said to be contrary to the surveyor's grade. If such is found to be the case, the walk may have to be torn up and reconstructed, as the Council will refuse to countenance sidewalks other than on a certain level and uniformity.

Discussion of the water problem was then resumed. This is the real paramount issue with which the Council has to cope, the income usually falling short of the expense. For August.

The following young ladies were seated around the table: Fern Chinn, Dorothy Harris, Fern Thynng, Billie Woodruff, Laura Chin, Kathryn Beach, Lucille Barnes, and Frances Esterley.

DIX'S WINNING STREAK CONTINUES IN LATEST

Richard Dix has hit a race that few stars in the history of pictures have been able to approach. He has made 14 big successes in a row. In "Man Power," his new picture, a feature coming to the Beaver Theatre next Sunday and Monday he is said to make them laugh, cry, and sleep. And what more could be expected of a star?

And then—-but, oh—-! It's better to go see it and cheer the finish with the rest of the crowd.

Every man who ever felt a feeling of triumph when he finally traced out and corrected the mistakes with the family but enjoy Dix's work. And every man who likes to see an exceptionally lively girl pursued by a man who is crazy about her will think "Man Power" a winner. Although Mr. demonstrated a new versatility in "Knockout Reilly" she is said to show more of it in this production.

Novel Plan Offered In Good Will System

New Merchandising Inducement Broached At Chamber Of Commerce Session

The regular monthly meeting of the Chamber of Commerce was held in the Odd Fellows hall in downtown Beaverton Tuesday evening. The attendance was noticeably less, only eight members, including the president, responding to the call.

C. N. Crookard, president of the Good Will business system, appeared before the meeting to introduce his merchandising plan to the members. It is possible to encourage its adoption by our several and different business institutions. His ideas were well received by those in attendance and it is to be regretted that there was not a larger representation of our business men present.

The proposition is to issue "good will money"—dollar for dollar—on cash and thirty-day accounts, provided the latter are promptly paid at maturity. Compared to other merchandising inducements now being used, the cost is infinitesimal.

Let of such a nature as to be decidedly alluring to the thrifty and careful buyer. The "good will" money is redeemable once a month at an auction of actual merchandise bought from local business houses and offered to the highest bidder, payment to be made only in "good will" money.

There are also many novel entertainment features connected with the plan of special appeal to all, and so arranged as to directly attract and interest every member of the family, from baby to grandpa. It affords not only a means of increasing sales at reduced cost to the consumer, but provides a means of getting together in a social way without any extra effort, everything taking place during regular shopping hours.

It would give us an opportunity to rub shoulders with our neighbors in an introductory manner, stripped of the usual formality. And because of our unusual economic condition a campaign of "Know Your Neighbor" would be a mighty good thing for Beaverton.

Life is a habit. We are more or less inclined to follow along certain definite lines, be they good or bad. One of our greatest evils of the present day is outside buying, and it seems to be one of the most difficult to correct and psychologically explain. But it goes to prove the effectiveness of advertising and how propaganda, strategically used, can influence public opinion.

There are no more fertile lands than lie in the Tualatin valley, nor a more delightfully located city than Beaverton, and we sincerely believe with the right kind of active cooperation, thousands of people could be brought to this district, where only hundreds now reside, with a correspondingly upward trend in commercial values.

Let's get together. Let's do something towards the building of Beaverton into a bigger, better, and thrifter city. Now is the time. If the Good Will business system looks like a means to such an end, why not give it a try?

NAZARENE CHURCH BUILDING DEDICATED

The dedication of the church of the Nazarene was held Sunday at 2:30 P. M. A large crowd attended, many from surrounding towns being present.

The service was opened by two songs by the congregation, followed by prayer by Rev. E. J. Lord, pastor of the East Side Nazarene church. Rev. Plugh, pastor of the Seftwood church, gave the message of greeting.

Rev. De Lance Wallace of Seaside, the district superintendent, delivered the dedication address.

Mrs. Fewless of Portland sang, and Rev. Donald J. Stallish, pastor of the First Nazarene church of Portland, gave a short message. Mrs. Fewless then sang another solo, followed by the dedication ceremony and prayer conducted by Rev. Wallace.

Mr. and Mrs. George B. Haynes of Chicago arrived Saturday morning for a two week visit in the home of Mrs. Haynes' sister, Mrs. W. C. McKell.

Beaverton Schools Begin Term's Work

Need Of Increased Classroom Facilities Anticipated By Superintendent Metzler

Pursuant to call, the public schools of Beaverton opened their doors for the first semester of the 1927-28 term Monday morning.

The high school showed an enrollment of 215 with a probable 20 more within the next two weeks, harvest and fruit picking temporarily detaining a number of pupils throughout the district. At the closing of the 1926-27 term there was an enrollment of 276 pupils, a number of these having been diverted to the union high school of Tigard. The local school is growing very rapidly. Mr. Metzler, the superintendent, anticipates an average of at least 75 new students each year.

In order to accommodate the increased attendance, it will soon be necessary to convert the gymnasium into classrooms, which will likely be done during the 1928 summer vacation period.

In the grade school Miss Davies, the principal, reports a total of 259 pupils, as follows: 1st grade, 31; 2nd grade, 34; 3rd grade, 37; 4th grade, 30; 5th grade, 29; 6th grade, 37; 7th grade, 33; 8th grade, 30. This is 45 short of the total grade attendance at the closing of school in June, which was 274.
