About fifteen ladies of the Huber Ladies Social Improvement Club pleasantly surprised Mrs. J. Larson at her new home on the county road Thursday. A pot luck lunch was served at noon and a good time had by all.

About Your Health
Things You Should Know

"LIGHT REFRESHMENTS"
Just a plain chat between ourselves—let's be honest with each other. Hardly is there a party—and certainly not a "lodge doin's," or a church festival—no, nor a meeting of the "Board," without the universal refreshments served. Let us see about this.

I confess that, in spite of my better judgment, I am another of the imbeciles that go and partake to fulsome! I can scarcely get over the effects of one "refreshment" debauch, till another, equally urgent, requires my wholehearted submission. And the menu comprises every dynamic indigestible that can be created by inventive genius in the fancy culinary art. Oh, the demons that are camouflaged by the large dab of whipped cream! Whenever I tackle a copious serving of this fuzzy staple, I begin to shudder within myself, at the possibility of what may lurk beneath! I have put into my helpless interior on occasion, enough indigestible dope to knock the Methusalem cold in one round.

They don't serve drinks at our so-called "refreshments," but contrary to morals—but coffee, yes. The most dynamic of coffee. I am just now recovering from the effects of a good-fellowship party at our church, six-thirty to ten P. M. We had real-leaf. (If there is anything worse to be eaten after dark, I don't know what it is). There was spaghetti—I detected five ingredients by my acute sense of taste—and thought of sixteen more—perhaps imaginary, but it was fine stuff. We each had something like one-half pound of sugar artfully concealed in other tempting goodies.

Every time we go on a debauch of this kind—inocent—even religious if you will, we are one day nearer the Great Beyond. The great Apostle-teacher enjoined "temperance in all things."

Famous Aviator Missing

Photo Shows: Harry Brooks, famous aviator who plunged into the breakers off Melbourne while on a flight from Titusville to Miami, Florida. The Atlantic Ocean gave up his wrecked plane but the body of the famous aviator has not been found.
