### years of service I is only a starting point for BUICK" Skilled engineering and rugged construction make it the most durable of motor cars!

Keep in mind when buying your new car, that more than three-quarters of all the Buick cars produced in the last twenty-five years are still serving their owners.

Buick endures—Buick stays young—Buick stands up and gives its best over a longer period than any other car because it is endowed with an extra-rugged double-drop frame — Buick's world-famous Sealed Chassis and Triple-Sealed Engine - and the most nearly perfect oiling system ever developed-

You'll prefer Buick because it leads in beauty and luxury: and you'll prefer it, too, because it is the most durable of cars-and therefore the most paying investment.

All Buick models have Lovejoy Hydraulic shock absorbers, front and rear, as standard equipment SEDANS \$1195 to \$1995 . . COUPES \$1195 to \$1850 SPORT MODELS \$1195 to \$1525 All prices f. o. b. Flint, Mich., government tax to be added. The G.M.A.C. finance plan, the most desirable, is evaluable.
