THERE WAS A MAN

There was a man who fancied that by driving good and fast he'd get his car across the track before the train came past.

He'd miss the engine by an inch, and make the train-hands sort. There was a man who fancied this—There isn't, any more!

There was a man who fancied that our stuff was mere surmising. He'd get his business over the top without our advertising.

He'd just keep mum and play along and win at last somehow. There was a man who fancied that—He's out of business now!

HAL HOSS IS APPOINTED SEC. OF STATE

Hal E. Hoss, of Oregon City, will be appointed by Governor I. L. Patterson, and before that was manager of state, filling the unexpired term of Sam A. Koser, who is resigning to take over new duties as director of the state budget. The change in state officials is set for Monday, September 24th and Mr. Hoss will serve by appointment of the Governor until January 7, 1929, the end of the term for which Mr. Koser had been elected.

Mr. Hoss is the republican nominee for the office of secretary of state, winning in the primaries by a wide margin over H. H. Corey and Tom B. Handley. Prior to entering the race for election as secretary of state, Mr. Hoss served as private secretary to Governor Patterson and before that was manager of the Morning Enterprise, published at Oregon City. He has been active in newspaper organization work, and has held a number of offices in publishers associations.

Mr. Koser, who is nearing the end of his second term as secretary of state, was selected by Governor Patterson to direct the State budget because of his many marked qualifications. There is perhaps no one in the state more familiar with the operative and fiscal affairs of the commonwealth than Mr. Koser, due to his long contact with all its various departments. As director of the budget, working directly under the governor whom the 1927 legislature designated as state budget officer, Mr. Koser will give Oregon taxpayers the advantage of his vast fund of knowledge about public business, and will fill an important place in the administration's official family.

There will be no drastic changes in the personnel of the office of secretary of state, according to Mr. Hoss, who has let it be known that he intends to conduct affairs as tactfully as possible without regard to professional job-hunters and political hangers-on. The Hoss family has moved to Salem and taken up residence in the Fairmont hill district.
