A LINE'R TWO

Bella—I wonder how the expression 'an arm of the sea' originated?

Don (with a tender look)—Perhaps somebody noticed that it hugged the shore.

Mrs. Youngbride—I don't want to have any trouble with you, Bridget.

Cook—Then, bedad, ma'am, let me hear no complaints.

Doctor—You had better be X-rayed.

Patient—There's no need. Get my wife; she's always been able to see through me.

AUTOMOBILE LICENSES MAY BE MATERIALLY REDUCED

Automobile Licenses will be issued by county sheriffs and motor clubs, designated by the secretary of state, if a bill introduced in the present session of the legislature convening in Salem by Senator Joe E. Dunne of Portland becomes a law. A similar bill has been introduced in the house by Representative Charles Childs of Linn County.

The proposed bill gives the secretary of state power to authorize any motor club in the state to issue licenses, providing the club has complied with all laws and filed all bonds required by law. Section three of the bill states that the sheriff's office and motor clubs are given permission to retain 10 cents for each set of license plates issued.

Law Articles Win Recognition for U. O.

UNIVERSITY OF OREGON, Eugene.—Three articles, written by C. E. Carpenter, dean of the University of Oregon law school, have been accepted for publication in the Harvard Law Review. Two of these have already been published, while the third, "Interference With Contract Relations," will appear in the April number.

"De Facto Corporations" and "Situs of Debts" have already appeared in the Harvard publication. This review maintains a very high standard, and it is regarded as a high honor by professional lawyers to have their writings accepted.

Dean Carpenter is also author of an article dealing on law reforms, which appeared recently in the Southern California Law Review, and has written "The Validity of Contracts Not to Compete" in the Pennsylvania Law Review recently.

Hazing Condemned At State University

UNIVERSITY OF OREGON, Eugene.—Hazing in all forms and "roughhouse" initiations have been condemned at the University of Oregon in a resolution adopted by the interfraternity council composed of members from all organizations. The matter is now being referred to separate men's houses for final consideration. The resolution is in line with the policy adopted by the national inter-fraternity council recently.

The resolution, which carries the strong approval of Elmer L. Shirrell, dean of men at the University, states, "We consider that these practices are silly and dangerous, as opposed to the dignity and ideals of college fraternities, and injurious to their good name, and we recommend that all fraternities take steps to eliminate any such practice from their own organization.

Mrs. J. Ryran, of the Meadows addition, visited at the N. G. Freeman home, one day last week.

O. H. Brammer, of Montana, a cousin of Mrs. N. G. Freeman, was a Tuesday luncheon guest at the Freeman home.
