Acidity

The common cause of digestive difficulties is excess acid. Soda cannot alter this condition, and it burns the stomach. Something that will neutralize the acidity is the sensible thing to take. That is why physicians tell the public to use Phillips Milk of Magnesia.

One spoonful of this delightful preparation can neutralize many times its volume in acid. It acts instantly; relief is quick, and very apparent. All gas is expelled; all sourness is soon gone; the whole system is sweetened. Do try this perfect anti-acid, and remember it is just as good for children, too, and pleasant for them to take. Any drug store has the genuine, prescription product.

Plans Life-Saving in Air

Among the suggestions for saving life in the air received by the Institute of Patentees of England is that each passenger on an air liner be fitted with a parachute and that the bottom of the fuselage should be a sort of hinged flap that could be dropped at one side when desired. Should the pilot find the machine in serious trouble, he could drop the flap and release his passengers, each at the end of a parachute, like so many birds out of a basket.

of every woman—health and strength. They're brought to you by Doctor Pierce's Favorite Prescription, which is sold by druggists. It will build up, strengthen and invigorate the "run-down," nervous, or delicate woman.

One who has used it remarked: "When I was a young girl I worked as a stenographer for a large wholesale house where I was obliged to run up and down stairs a good many times a day, which is known to be very injurious to a woman. In a very short time I had functional disturbances. I took the Prescription and it strengthened me and regulated my system."

"My mother took the 'Prescription' during middle life and was never down in bed a day during the whole time."—Mrs. M. E. Kennedy, 643 E. Ash St., Portland, Ore.

CHILD'S COLD MAY BE FLU

Careful Mothers Take No Chances

Five hours is too long for a child to have a cough or cold without taking steps to stop it. The sooner you start with Glessco, the quicker the cold will go. Break a child's cold with Glessco and you know that's one cold that won't develop into flu. Even doctors and trained nurses cannot distinguish the start of flu from a bad cold. So don't take chances. Treat every cold, quick, especially at this season of the year. Remember that Glessco, taken in time, will insure a cough is down minutes and break a cold almost over night. And without the use of opiates.

All drug stores and most general stores have Glessco.

"Do you resent the use of money in politics?" "Sometimes," answered Senator Sorghum. "A great deal depends on whether the person who uses it is a friend of mine."—Washington Star.

The Plumber's Scale

THE REASON

Bug—"Watcha got two knots tied in yourself for?" Worm—"Cause I got two things to do for wifey, that's why!"

Proof

"You believe in the wisdom of the people?" "Of course," answered Senator Sorghum. "A man who has been elected as often as I have could not believe otherwise."—Washington Star.

Knew the Answer

"If you were unexpectedly left a million dollars, what would you do?" asked Smith. "I'd use the alarm clock for waking me up," replied Jones.

Hard to Locate

Lady—"Can't you find work?" Dusty Rhodes—Yessum; but every-one wants a reference from my past employer. Lady—"And can't you get one?" Dusty Rhodes—No, mum. You see, he's been dead twenty-eight years.

Business and Music

Mrs. Richleigh—Do you play by note? Celebrated Pianist—Certainly not. My terms are strictly cash.

Lesser of Two Evils

Young Housewife—Why do you bring back my cake? I told you you could eat it all and saw a little wood for me afterward. Tramp—Yes, thank you, ma'am, but I think it will be easier for me to eat the wood and saw the cake.

Jane—I wonder if the stage is a healthy life for a woman. Jim—All the chorus girls seem to have wonderful appetites.
