It May Be Urgent

When your Children Cry for It

Castoria is a comfort when Baby is fretful. No sooner taken than the little one is at ease. If restless, a few drops soon bring contentment. No harm done, for Castoria is a baby remedy, meant for babies. Perfectly safe to give the youngest infant; you have the doctors' word for that! It is a vegetable product and you could use it every day. But it's in an emergency that Castoria means most. Some night when constipation must be relieved—or colic pains—or other suffering. Never be without it; some mothers keep an extra bottle, unopened, to make sure there will always be Castoria in the house. It is effective for older children, too; read the book that comes with it.

Fletcher's CASTORIA

Vain Efforts
Senator King of Utah, at a dinner in Washington, said of a political scandal:
"It gets worse and worse, and the efforts of these men to clear themselves only will them more."
"It reminds me of the Munich butcher. An American lady said to him:
"And you can assure me, then, that there is no horse meat in these sausages?"
"Lady," said the butcher earnestly, "I can assure you that there's no meat of any kind in them!"

Says Sleep Waste of Time
Sleep is a waste of time, according to seventy-year-old Michael McCarthy of Kinsale, Ireland. So he is giving up the "habit" and spends most of his time when not working as a baker in hunting on foot with his pack of foxhounds. "Sleeping is only a habit, and at the most I sleep only five or six hours a month," he says. "I never yawn and I forget when I was last tired. Life is too short to sleep. I have never been seriously ill in my life."

A genius is usually a man who lets his wife take in washing to support him.

When Food Sours

Lots of folks who think they have "indigestion" have only an acid condition which could be corrected in five or ten minutes. An effective anti-acid like Phillips Milk of Magnesia soon restores digestion to normal.
Phillips does away with all that sourness and gas right after meals. It prevents the distress so apt to occur two hours after eating. What a pleasant preparation to take! And how good it is for the system! Unlike a burning dose of soda—which is but temporary relief at best—Phillips Milk of Magnesia neutralizes many times its volume in acid.
Next time a hearty meal, or too rich a diet has brought on the least discomfort, try—

Not Appreciated
Mr. Pester—Ah, honey! You are still worth your weight in gold to me.
His Wife—I think you're perfectly horrid. You told me that years ago, and everything has gone up frightfully since then.

Pop's Immunity Bath
"Erle, dear! Don't go too far in the water!"
"But look, daddy's out a long way."
"I know, dear, but your father's insured!"

MODERN HOME

Williams—"Well, has he given his

bride a good, modern home?" Brown—"Oh, to be sure—invested everything he had in a beautiful big car."

Soiled

A mother who had been explaining the meaning of "turning over a new leaf" to her small son found him teasing his little sister.
"Bobbie," she said, reproachfully, "I thought you were going to turn over a new leaf?"
"So I did, mummy, but it got crumpled!"

Modern Dress Reform

Mrs. Decolette—Have you noticed that my new party gown is longer than the others?
Husband (giving her the o. o.)—Longer? You must refer to the shoulder straps.

Ain't We Got Fun

Fond Mother—The baby's a picture, isn't he?
Grandparent—Well, from the rate he travels I'd say he's a moving picture.

CERTAINLY NO USE

First Athlete—"It's no use competing with that fellow in putting the

shot." Second Athlete—"Why not?" First Athlete—"He's from Chicago."

Ever Have It!

We never tire of the story of a man who tried to collect on his accident insurance policy after having been laid up with ivy poisoning.
"But, my dear sir," said the insurance agent, "poison ivy isn't an accident."
"The dickens it isn't!" yelled the sufferer. "Do you think I did it on purpose?"
