NO DOUBT THEY DID

up any time and make a speech and think nothing of it." She—"Don't your audiences usually think the same way?"

No Good, Anyway

Mrs. Fussbody—I think it's an outrage that Mrs. Kayne should keep those four money dogs when so many people are doing without meat.

Her Husband—Oh, well, the money dogs are old and tough enough and probably no one would care to eat 'em anyway.

Hard to Break Away

Father—Your training in the army was excellent, but you formed one bad habit.

Son—What was that, father?

Father—You can't get away from charging everything. Look at these bills!

Mechanics to the Rescue

"Invention has made a mechanical car that can talk."

"It's good work," declared Senator Argum. "A substitute is needed."

More humanity cannot hope to survive the ordeal of campaign oratory.

you'd make good in the shipping department?" Puglist—"Ten years' experience as a boxer, boss."

Restraining Her Tongue

"She has a habit when thinking of holding her chin."

"Probably to keep from interrupting herself."—Boston Transcript.

No Local Discrimination

"The microphone now enables everybody in this broad land to hear every word you say."

"Yes," answered Senator Sorghum; "Standing can be lost by lying."

"and I can't help wondering whether that's always for the best."—Washington Star.

Taken in Turn

"That's a pretty bad cold you have, old man. What are you doing for it?"

"Today I'm doing what Jones told me to do. It's Simpson's day tomorrow, and the next is Brown's. If I'm not better by Sunday, and if I'm still alive, I shall try your remedy. Just write it down on this card, will you?"

Of Greater Feminine Interest

The professor was showing a young woman the heavens through his telescope. He directed her gaze to a planet which he told her was Venus.

"Oh, isn't it perfectly lovely!" she exclaimed—and then, "Now please show me Adonia."

Mrs. Blackstone

"She is positively like a lawyer in the way she convinces people of anything."

"Half-Portian, you might say."

Acidity

The common cause of digestive difficulties is excess acid. Soda cannot alter this condition, and it burns the stomach. Something that will neutralize the acidity is the sensible thing to take. That is why physicians tell the public to use Phillips Milk of Magnesia.

One spoonful of this delightful preparation can neutralize many times its volume in acid. It acts instantly; relief is quick, and very apparent. All gas is dispelled; all sourness is soon gone; the whole system is sweetened. Do try this perfect anti-acid, and remember it is just as good for children, too, and pleasant for them to take.

Any drug store has the genuine, prescriptive product.

The Only Way

Two golfing rivals were contesting the final of their local championship. They were all square at the eleventh hole.

One made a perfect drive from the next tee, but his opponent was unlucky, and the ball, curving high in the air, landed in jungle country.

When he went to investigate, he discovered that his ball had gone down a rabbit hole.

"Your niblick, sir?" inquired the caddy, reaching for the club.

"No," returned the other in a resigned voice. "Hurry back to the clubhouse and get me a ferret."

Grow Among Other Trees

Mahogany trees are generally scattered among other trees, not growing in a forest of their own kind.

Maybe the meek will inherit the earth, but more likely it will be the races that have the most children

WILL DO ALL IT CLAIMS TO DO

Mrs. Steele Says of Lydia E. Pinkham's Vegetable Compound

Pratt, W. Va.—"I was so weak and nervous that I was in bed most all the time and couldn't sit up and I am only 30 years old. I saw your advertisement in a magazine and after I had taken three doses of Lydia E. Pinkham's Vegetable Compound I could feel that I was better. After taking two bottles I began doing my work and I feel like a new woman. I recommend the Vegetable Compound to my friends and say it will do all it claims to do and more. I will gladly answer all letters I receive."—Mrs. S. E. STEELE, Pratt, W. Va.
