DRESSED AND OUT

Mother—"Dorothy, can you tell me if Betty is out?" Betty's Sister—"She must be, mother, her shoes and vanity case and fancy golf suit are not in her room."

Wrong Calculation Mrs. Knagg—"You promised to love me for the rest of my life." Mr. Knagg—"Yes, but I didn't realize what little rest there'd be."

Wise Ducky Lady—"Aren't you ashamed to ask for money?" Ducky Rhoades—"I got six months for taking it without asking."

No Doubt, It Was a Dream First Tramp—"Say, I thought I heard the rustle of a skirt—was I dreaming?" Second Tramp—"If you thought you heard the rustle of a skirt you were dreaming all right."

Too Sappy, Perhaps Hortense—"But, my dear, he comes of a very fine old family tree, you know." Marjorie—"Oh, I know, but I don't like the sap, my dear."

JUST AS WELL

He—"I think nothing of making love to a girl." She—"Perhaps it is just as well, since you probably couldn't find a girl who would let you."

An Untrue Story Customer—"Have you a book in stock called 'Man, the Master'?" Assistant—"Fiction department over there, sir."

An Idea Harry Emerson Fosdick: "We never really get an idea until we have thought it for ourselves."

Not Coming Out They were discussing silk stockings. "They were invented in Queen Elizabeth's time," said the man who knows everything. "Yes," commented the other, "but they weren't discovered till the Twentieth century."

Way It Looks "Pa, what is an atom?" "It's what they make girl's bathing suits out of, son."

When Food Sours

Lots of folks who think they have "indigestion" have only an acid condition which could be corrected in five or ten minutes. An effective anti-acid like Phillips Milk of Magnesia soon restores digestion to normal. Phillips goes away with all that sourness and gas right after meals. It prevents the distress so apt to occur two hours after eating. What a pleasant preparation to take! And how good it is for the system! Unlike a burning dose of soda—which is but temporary relief at best—Phillips Milk of Magnesia neutralizes many times its volume in acid. Next time a hearty meal, or too rich a diet has brought on the least discomfort, try—

PHILLIPS Milk of Magnesia

Radium Prices May Drop  
Prices of radium are expected to drop with the development of the new radium mines in Portugal. Until now most of the world's supply has been obtained from mines at Kamtanga, in the Belgian Congo, which are owned and operated by a Belgian company. The present quotation is about \$60,000 a gram, or approximately \$1,700,000 an ounce.

Replanting Forests  
Reforestation is gradually coming into its own, and during the last three years, 1,055,658 acres have been added to the state and community preserves. The state of Washington led in the increase, with Pennsylvania second. Three states which had not had state forests prior to 1925—Delaware, Georgia and South Carolina—have fallen in line. The total of public-owned forests now is in excess of 12,000,000 acres—Washington Star.

Russ Ball Blue goes farther, makes clothes whiter than liquid blue. Large package at Grocers.—Adv.

Reminding Him  
The Bookkeeper—Excuse me for mentioning it, but I haven't had a raise in four years. How about it, chief?  
The Boss—Not a raise in four years? Haven't I been raising your expectations every year since you've been with us?

There are occasional moments in every bachelor's life when he is glad that he never married.

SO WEAK SHE COULDN'T WALK

Helped By Taking Lydia E. Pinkham's Vegetable Compound

Gretna, La.—"After my first child was born I took Lydia E. Pinkham's Vegetable Compound for a run-down condition. I could not walk across my room at times. I was so weak. A friend induced me to take the Vegetable Compound. Since that time I have also taken Lydia E. Pinkham's Herb Medicine and the Pills for Constipation, and I have used Lydia E. Pinkham's Sanative Wash. I am a housekeeper and I am still taking the Vegetable Compound as a tonic to enable me to do my work."—Mrs. E. F. VICKNAIN, 329 Hancock St., Gretna, La.
