 New CHEVROLET Sixes
 on the road since Jan. 1st!

Today's Chevrolet is scoring a huge nationwide
 success because it represents one of the most
 sensational achievements in automotive history
 —a Six in the price range of the four.

The Chevrolet six-cylinder engine delivers its
 power freely, quietly, and easily throughout
 the entire speed range—delightfully free from
 annoying vibration and rumble. Combined with
 this remarkable six-cylinder smoothness are
 equally remarkable speed, power and accelera-
 tion—and an economy of better than twenty
 miles to the gallon.

In addition to such sensational performance
 the Chevrolet Six offers the outstanding advan-
 tages of Bodies by Fisher. And no car ever
 provided a more impressive array of modern
 convenience features—adjustable driver's seat
 and VV one-piece windshield in closed models,
 easy action clutch and gear-shift, ball bearing
 steering, and instrument panel complete even to
 theft-proof Electrolock and electric motor
 temperature indicator!
