**HOW PATIENTS
PAY THEIR BILLS
BEAVERTON, ORE.**
Hamilton Association Com-
piles Reports for Clients in
Beaverton, Nearby Towns
The Hamilton Association, Inc.,
organized to protect its members
throughout this state by acting as
a clearing house for professional
credit information is now compiling
data on how individual patients in
this and nearby towns pay their
medical bills.
The credit rating data which the
association plans to supply its clients
here will be based on reports on
all their patients having credit
accounts, after each patient whose
account is overdue has received notice
of same and has had an opportunity
to make a satisfactory settlement.
The association calls attention to
the fact that such notices, sent to
persons who have allowed their medical
bills to become overdue through oversight
are no reflection on their reliability but
solely a means of enabling them to maintain
the good credit rating to which they
are entitled and a proof of good will on
the part of their creditors.—Adv.
