a Million

SIX CYLINDER CHEVROLETS

on the road in less than eight months!

Less than eight months have
elapsed since the first Chevrolet
Six was delivered into the hands
of an owner—and already there
are more than a million six-
cylinder Chevrolets on the
road! And the reasons for this
overwhelming success are easy to
understand.

Into a price field that had hitherto
been occupied exclusively
by four-cylinder cars—
Chevrolet has introduced
a six-cylinder car of amaz-
ing quality and value. Not
only does it offer the
smooth, quiet, velvety
performance of a great
six-cylinder valve-in-head
motor—but, from every
standpoint, it is a finer
automobile than was ever
before thought possible
at such low prices! Its

beautiful new bodies—which are
available in a variety of colors—
represent one of Fisher's great-
est style triumphs. And its
safety and handling ease are so
outstanding that it's a sheer
delight to sit at the wheel and
drive. In fact, the new Chevrolet
Six has completely changed every
previous idea as to what the buyer
of a low-priced car now
has a right to expect for
his money.

You owe it to yourself, as
a careful buyer, to see
and drive this car. For
it gives you every advan-
tage of a fine six-cylinder
automobile—in the price
range of the four and
with economy of better
than 20 miles to the
gallon! Come in today!
