"Yes," said he, "I think I'll go out if you don't mind, to leave it a bit more room."

Disposing of Formalities

"Did you ever have to take a quick lunch at a railway station?"

"Many a time," said Senator Sorghum. "And I rather enjoyed the experience. There was no question of precedence in quality or service that a dollar tip could not take care of." —Washington Star.

Makes Life Sweeter

Children's stomachs sour, and need an anti-acid. Keep their systems sweet with Phillips Milk of Magnesia!

When tongue or breath tells of acid condition—correct it with a spoonful of Phillips. Most men and women have been comforted by this universal sweetener—more mothers should invoke its aid for their children. It is a pleasant thing to take, yet neutralizes more acid than the harsher things too often employed for the purpose. No household should be without it.

Phillips is the genuine, prescriptional product physicians endorse for general use; the name is important. "Milk of Magnesia" has been the U. S. registered trade mark of the Charles H. Phillips Chemical Co. and its predecessor Charles H. Phillips since 1875.
