Helped at Change of Life

"Lydia E. Pinkham's Vegetable Compound is a wonderful medicine at the Change of Life. I would get blue spells and just walk the floor. I was nervous, could not sleep at night, and was not able to do my work. I know if it had not been for your medicine I would have been in bed most of this time and had a big doctor's bill. If women would only take your medicine they would be better."—Mrs. Anna Weaver, R. F. D. No. 2, Rose Hill, Iowa.

"I should say he is," answered Smith. "Why, he even carries his watch in his hip pocket to prevent him ever being behind time."

Any COLD

That cold may lead to something serious, if neglected. The time to do something for it is now. Don't wait until it develops into bronchitis. Take two or three tablets of Bayer Aspirin as soon as you feel a cold coming on. Or as soon as possible after it starts. Bayer Aspirin will head off or relieve the aching and feverish feeling—will stop the headache. And if your throat is affected, dissolve two or three tablets in a quarter-glassful of warm water, and gargle. This quickly soothes a sore throat and reduces inflammation and infection. Read proven directions for neuralgia, for rheumatism and other aches and pains. Genuine Bayer Aspirin is harmless to the heart.

How A College Athlete Keeps Himself Well

BOB DEMING of Colgate, claims that a sensible method of health has really made life a pleasure for him. Mr. Deming writes that at first he could not believe this simple thing was the cause of his buoyant spirits. Finally, however, he had to admit that it was Nujol which was keeping him well, besides giving him, as he says, "five times the vitality."

"Believe me," he says "having free and regular bodily elimination makes all the difference in the world to a diver as well as to any other athlete. I can't afford to be nervous, sluggish, or depressed while diving. It just isn't done! I would like to urge any one, whether they think they are in good health or not, to give Nujol a try-out. It certainly can't do any harm, and I'll bet it would make them feel a hundred per cent better. It's worth trying!"

Mr. Deming has just about told

Robert O. Deming

the whole story. He is right in believing that Nujol contains no drugs, no medicines of any kind. It is tasteless and colorless as pure water. It is simply harmless internal lubrication, which your body needs as much as any other machine. Regularly as clock work, Nujol cleans out of your body those poisons which we all have, and which make us low in our minds, tired, headachy, and below par.

The way for you to find out how much better Nujol will make you feel is to try it for a few days. You can get a bottle in a sealed package at any drug store. It costs only a few cents, but it makes you feel like a million dollars. Do you know how many thousands of people keep themselves well and happy just by using Nujol? Why shouldn't you feel well all the time? You can't get yourself a bottle of Nujol today!

The upsets of Children

All children are subject to little upsets. They come at unexpected times. They seem twice as serious in the dead of night. But there's one form of comfort on which a mother can always rely; good old Castoria. This pure vegetable preparation can't harm the tiniest infant. Yet mild as it is, it soothes a restless, fretful baby like nothing else. Its quick relief soon sees the youngster comfortable once more, back to sleep. Even an attack of

colic, or diarrhea, yields to the soothing influence of Castoria. Keep Castoria in mind, and keep a bottle in the house—always. Give a few drops to any child whose tongue is coated, or whose breath is bad. Continue with Castoria until the child is grown! Every drugstore has Castoria; the genuine has Chas. H. Fletcher's signature on the wrapper.
