Aim for a goal you have some chance of realizing.

Speaking of love, a man should look before he leaps—otherwise he may fall in.

It is sometimes difficult to convince the head of the house that two heads are better than one.

In contemplating what he has done for others the average man is apt to overlook what others have done for him.

Said an Irish physician of a patient: "If he lives till morning, he may pull through; but if he does not, there is no hope for him."

A dentist says that a woman loses her teeth sooner than a man. Probably she wears them out with her tongue.

.....for I will believe
Thou wilt not utter what thou dost not know:
And so far will I trust thee, gentle Kate!

—Shakespeare.

Removing all twigs and small growth on the under side of the limbs of prune trees and thinning out the small twigs in the top of the tree will make the remaining buds stronger and will also allow more light to get in all over the tree, says the Oregon Experiment station.

The time for the preaching services on the first Sunday will remain as it now stands, at 11 in the morning. Those who attend these services will please note the change of time.

All are invited to attend these services.

COME ALONG!

Boost the community in which you live. It does not matter whether you live right in Beaverton or in some little thriving city within a stone's throw. Naturally the largest city in this valley is looked upon to boost for the entire valley, which of course builds up these small surrounding communities. And when this valley is being built up we also build up Oregon. So when we boost, no matter where we live, we do some good.

Now that Beaverton is built up to be a good little city with a population of about one thousand people, there must be at least two hundred and fifty good boosters, not only for this community, but for the entire Tualatin Valley and Oregon.

Now we would like to see these two hundred and fifty good boosters purchase their tickets early and meet with us at the I. O. O. F. hall at Beaverton on February 14th, at the hour of 6 p.m. for a banquet. You can meet your neighbor and get acquainted, and hear good speakers, who will tell you something worth the time and money spent.

This banquet is sponsored by the Beaverton Chamber of Commerce, and a good time and plenty to eat are assured you. Bring your friend and neighbor and get your tickets early. Ticket sales will close at 12 noon, Feb. 12th.

Tickets are now on sale at the Bank of Beaverton, Beaverton Market and Grocery, Stipe's Garage, Dewey the Plumber's, Dietrich's Hardware, Aloha Mercantile and the Beaver Wood Co.
P. L. Schult, Vice-President, Beaverton Chamber of Commerce.

HAROLD LLOYD in his
latest comedy hit
"WELCOME DANGER"
Admission 35c and 15c

Harold Lloyd

LLOYD TO APPEAR AS
YOUNG BOTANIST

One of the problems which confronts Harold Lloyd, as it does every other motion picture star, is the "dressing of a character." Many times one is "made" by the selection of a wardrobe.

In "Welcome Danger," Lloyd portrays a botanist. When he first decided the type of picture he was to make the comedian was quite undecided how to dress the part. Too much exaggeration of clothes, would take away from the characterization the sincerity every Lloyd part must have. Yet not to mark the character with idiosyncrasy of dress would have defeated Lloyd's purpose in electing to play a role that would allow for a certain amount of eccentricity of performance.

The comedian even went so far as to spend an entire morning in the public library of Los Angeles, eagerly scanning the "make-up" of the visitors in the hopes that some suggestions might be offered by a "book-worm." But Los Angeles book lovers are too normal and unobtrusive when it comes to dress. Finally the comedian had to depend on his own conception of how a boy deeply engrossed in his studies of flowers and plants would dress himself.

When completed the wardrobe consisted of: shirt, with very low collar; hat that was steamed out of shape, up in the front and back; golf coat and vest, gray tweed; Windsor tie; white pants, about three years old, narrow at cuff. Such is the wardrobe that Harold Lloyd wears in "Welcome Danger," at the Beaver Theatre, Sunday, Monday and Tuesday.

Mrs. Cavanaugh gave a surprise birthday party for Nora Suver, on Saturday evening. Among those present were Katherine and Gus Desinger, Genevieve Johnson, and Mr. A. E. Wilson.

AN OBLIGING
BEAUTY DOCTOR

A Beauty Specialist Gives Home-Made Recipe to Darke Gray Hair

Mrs. M. D. Gillespie, a well-known beauty specialist of Kansas City, recently gave out the following statement regarding gray hair: "Anyone can prepare a mixture at home that will darken gray hair, and make it glossy. To a half-pint of water add 1 ounce of bay rum, a small box of Barbo Compound, and 3/4 ounce of glycerine.

"These ingredients can be purchased at any drug store at very little cost. Apply to the hair twice a week until the desired shade is obtained. This will make a gray-haired person look twenty years younger. It does not color the scalp, is not sticky or greasy and will not rub off."

\$200 Paid For
1 Copper Cent

J. D. Martin of Richmond, Va., is the proud possessor of a check for \$200.00 paid him for an old copper cent. The Numismatic Company, Dept. 666, Fort Worth, Texas, who purchased this penny from Mr. Martin, says there are numerous old coins, bills and stamps in circulation for which they will gladly pay cash premiums. So that you will know the value of old coins and stamps and what to watch for in your change, the Numismatic Company will send for only 4c to any reader of this paper who writes them, a large illustrated coin folder describing some of these wanted articles and the big profits to be made. Better write them today for this large folder so you can post yourself and know just what to look for. Remember that Mr. Martin's knowing the value of his penny meant a difference of \$199.99 to him. Without knowing its value that penny might still be in circulation, passing through the hands of thousands until someone like Mr. Martin, who knows old coins, recognized its value. It pays to be posted. Send 4c now for the illustrated coin folder. You have nothing to lose, everything to gain. Ad No. 1-29

50 horsepower
six-cylinder engine

Not until you drive the new Chevrolet Six can you appreciate what a wonderful improvement has been made in its famous six-cylinder valve-in-head engine. With its capacity increased to 50 horsepower, it has great reserve energy for sweeping up the steepest hills—for swift acceleration—and for sustained high speeds. Its power flows evenly and smoothly. And it is extremely flexible in traffic. In fact—it does everything you could possibly want a motor to do. Yet it is remarkably economical in its use of gasoline and oil. Come in today for a demonstration.
