UNCLE RASTUS SAYS

By Rufus Rastus
Ovah in New York recently a man paid \$44,000 for a hibo, an \$33,000 was bid for a chare. At dat rate it wood cost a millan dollahs to furnish a five room flat. Dat sayin bout two livin as cheep as one is all bunk by dat.

Out in Spring feel, Illinois, last summah, dey sen de Hi Skool gals home dat goes to skool b'elleged. Dats bout as foolish as goin to skool in yo E. V. D'S, only it dont cause so much excitement.

Accordin to de Burer of Public Records, dere was ovah 24 millan motor vehicles registered in de cuntry in 1928. Dats mos 1 to ebery 5 peepul. Cose dey wusent all ottermobiles. Sum was truck an sum was tractrors, an sum was jes-cars.

Something about human nature that likes to disprove old proverbs. For example, there's the saying, "You can't make a silk purse out of a sow's ar." The chemists of a firm at Cambridge, Massachusetts, decided that they could. From 100 pounds of pig's ears, they extracted 10 pounds of glue and spun the glue into thread just as artificial silk thread is made. "When it was dyed and woven, the fabric looked rich and it had the desired soft, silky feel," says the report. Doesn't prove much except that man is perpetually wanting to be shown.

Arrested for driving 15 miles an hour on a highway near Gary, Ind., Al Shaw of Chicago, paid a \$5 fine on a charge of holding up traffic.

Joseph Doherty, escaped lunatic, was caught parading the street in Belfast wearing only a starched collar.

HOME POINTERS

Colored bias tape binding will brighten up kitchen curtains.
Dark blue tissue paper, placed on each side of linen that is stored, will prevent its turning yellow.

The "pinch" type of clothespin is useful to hold back bedroom curtains when windows are open at night. They may be painted with odds and ends of paint left over from other decorating.

The city house which limits icing of the refrigerator from the outside and delivery of groceries through an opening in the wall or onto a table near the delivery entrance will save the housewife much work in cleaning.

In order for dress accessories to add the touches necessary to complete the beauty of the costume they should harmonize with the garment worn not only in color but also in the type and texture.

The short person with a short neck is wise to always wear a scarf that adds length and leaves the square or triangular scarf for her taller, more swan-necked sisters.

HAVE YOU TWO COMBS?

The room or bath equipped with but one comb may be guaranteed to produce more fits of temper and obscene language than almost anything else around the home. Junior takes the comb to work, while a naked darts around, shouting his disapproval. Mother drops the comb in the wastebasket, where daughter fails to find it.

Have two combs in the bathroom, one in each room. The second one is a reserve comb which may be found whenever the first disappears. As these little necessities may be purchased even at a five and ten, there is no particular reason why any home should be careless even for the necessary five minutes it takes mother to answer the cry for help.

GRAY HAIR IS EASILY DARKENED

Tells How She Did It With a Home-Made Remedy

Mrs. E. J. Boots, a well-known resident of Buchanan County, Ia., who darkened her gray hair, made the following statement:
"Anyone can darken their gray or faded hair, and look twenty years younger with this simple remedy, which they can mix at home. To half a pint of water add 1 ounce of bay rum, one small box of Barbo Compound and 1/4 ounce of glycerine. These ingredients can be purchased at any drug store at very little cost. Apply to the hair every other day until the gray hair is darkened sufficiently. It does not color the scalp, is not greasy and does not rub off. It will make a gray-haired person look twenty years younger."
