Big Mass Meeting At The B. H. S. Auditorium

Monday Eve Mar. 24

Some Errors To Correct

Some Folks Tell Us Things!

MRS. AIKEN IS GIVING SURPRISE PARTY

Mrs. S. Aiken was very pleasantly surprised Saturday evening by the Rebekah Club who came to help her celebrate the 80th anniversary of her birth. The evening was spent in playing games and social intercourse. Delightful refreshments were served by the club. Mrs. Aiken was presented with a beautiful gold Rebekah pin.

Among the members of the club present were Mr. and Mrs. Hugh Lewis, Mr. and Mrs. Andrew Denholm, Mr. and Mrs. Manly Underhill, Mrs. Robert Chamberlain and daughter Virginia, Mrs. Celia Hulett and daughter Aletha, Mrs. Grace Hughson, Mrs. Rose Stevens, Mrs. Alice Wheeler, Elizabeth Sammons, Kathryn Desinger, Mrs. J. H. Dobbins, Mrs. Sarah Butner, and Mrs. Mary Ware. They all left at a late hour, wishing Mrs. Aiken many happy returns of the day.

ATTENTION TO NOISE IN SILENT DRAMAS

To make a successful silent drama the director must pay careful attention to its noise, according to Edward H. Griffith, who directed "Love Over Night," Rod La Rocque's current comedy which will be on view at the Beaver Theatre on Sunday, Monday, and Tuesday, March 23, 24, and 25.

"Every successful picture should be constructed so that its story unfolds with a series of intermittent explosions, resulting in what may be termed 'noise,'" Griffith explains. "And each explosion should be louder than the one that preceded it until the action culminates in the final and greatest detonation. The last, being the climax, is the most forceful of all, as it has been carefully prepared for by the minor explosions."

KIWANIS SPONSOR A LANDSCAPE LECTURE

The lecture given by J. G. Bachter Wednesday, and sponsored by the Kiwanis club was well attended. The lecture was illustrated with beautiful pictures of homes and flowers of Oregon, taken by Mr. Bachter. In order to raise such flowers and shrubbery as was shown one must have a little money, time, and plenty of water.

Perhaps not many people in this community know of the beautiful home of Mr. Jenkins, who lives on Cooper Mt. Some beautiful pictures of it were shown Wednesday.

It is hoped that some good may come from this lecture, and the homes of Beaverton may profit from

Some Are Condemned But Not Given Any Hearing "I" Printed For A "4"

DATE WAS MISPRINT

Sources of Information Are Always Considered Very Sacred

There are those who are condemned without hearing for things they have said, published, printed, or caused to be printed.

Someway, a figure one, got in where a figure four should have been and it made a headline read that a mass meeting would be held at the High School March 21, when the date should have been March twenty-four.

The other was in regard to a garage that was said to have changed hands without having any hands in more than we know but some one sent in word that the "Progress Garage had changed hands."

Pete Olson, almost if not quite a native son of this section, has owned that particular garage for more years than we know. Judge our astonishment to hear Pete's voice over the phone the other morning quite indignantly inquiring "where we got that stuff."

Well, we printed it all right. There it was right on the page where Pete told us it was. We hope that Pete will accept our humble apologies for the error—for that it was, and that only—on our part.

Now our sources of information are sacred. If we are told anything (and people have learned that they can tell us safely) it is up to you whether or not you want it published. This may be a mistake so far as we are concerned. But what you tell us and "who told us" will not be divulged. Sometimes we only wish that we had not been told in confidence, and then we could have made a big scoop of the news.

Now the mass meeting at the school house is to be held on Monday evening for the purpose of putting before all of those interested in the project to widen Watson St. and Pete Olson still owns the Progress Garage. Now if our readers will be just as diligent in spreading these corrections as they were in broadcasting the errors they have seen, things will be about on a level again.

"The errors that men do live after them. The good is oft interred with their bones."

ABOUT FORTY MEMBERS ATTEND MEET

About forty members of Beaver Chapter No. 106 O. E. S. attended the District Meeting held at Hillsboro, in which the officers of Forest Grove, Hillsboro and Beaverton O. E. S. exemplified the work for the inspection of the Worthy Grand Matron Elizabeth Tipton. About 250 members from various chapters were present to witness the work. Edward Janssen, son of Mr. and Mrs. A. M. Janssen, gave several of his delightful whistling numbers, accompanied by his instructor, Mrs. Stone of Portland. Mrs. Dora Slips, Mrs. Iva Summers, Mrs. Maybelle Erickson of Beaverton assisted on the refreshment committee.

SUPPLEMENTAL IRRIGATION WELLS MADE

Supplemental irrigation from wells here in the famous Willamette valley is another step nearer realization with the completion of the first such well on the Senator Sam Brown place at Gervais. This is the first of a series of wells to be sunk by the Oregon Experiment station by using the new revolving fund raised by Portland and state business interests for this purpose. These wells are being drilled by A. M. Janssen of Beaverton who is now a candidate for representative from Washington County.

THE BACKYARD GARDENER

I'll clean my fork, my spade, my hoe
The bursting seeds desire to grow.
Wheel out the barrow or the cart
And get me close to Nature's heart.

There may be gain in office, shop;
But, oh, the joy when one can hop
From trolley, auto, cab or train
And turn that fragrant soil again.

Your plot may be an eight by four.
My garden—perhaps a trifle more,
But as we force our spade prongs in
Mere wealth is nil. We are akin.

Our golf club is a sharpened hoe.
Our balls are peas, that start to grow
In mellow soil, prepared with care
By backyard gardeners everywhere.

Janssen To Begin Work On Gas Well

Price Named Is \$9,500.00
Will Drill Not More Than 830 Feet As Maximum
HAS HAD EXPERIENCE

Contractor Is A Member Of Mason And Kiwanis Organizations Here

The Janssen Drilling Co. of which A. M. Janssen of Beaverton is the President, closed a contract this week for the drilling of a gas well in Benton County, Washington, and will put an outfit to work at once.

The well will be put down near Kennewick, in a proven field where Janssen had some experience back in 1916 when he put down a successful well in this same region.

The contract price is \$9,500.00. The maximum depth is 830.

As noted in another column, the Janssen Drilling Co. have figured in some pretty big drilling operations recently. Besides the well at Gervais, they have put one down for the new Loftus Island Amusement park near the end of the Interstate bridge.

A. M. Janssen, president of the company is a member of the Beaverton Kiwanis club, the Beaverton Masonic lodge, and is a candidate for nomination as Representative to the Legislature at the coming Republican primary.

BASEBALL CLUB, C. of C. WILL SPONSOR SHOW

The Chamber of Commerce is sponsoring a motion picture that will be held at the Beaver Theatre April 9 and 10. The proceeds of this picture, which, by the way, is a baseball picture, will be turned over to the Beaverton Baseball club.

The picture, "Fast Company," is the story of a local baseball hero, who, after going to New York to join the big league, falls in love with a sophisticated actress. Jack Oakie plays the part of the bragging, happy-go-lucky, and likeable hero, who is actually almost as good as he thinks, while Evelyn Brent plays the role of the city girl.

MRS. IDA MAY SHANNON GETS MENTION

Out of 1500 Telegram contestants for an emblem to take the place of Old Man Oregon, Mrs. Ida May Shannon of Beaverton came 4th in honorable mention. She drew the young man Oregon, but Miss Tamragnalt of Portland drew the old Man's second wife and walked away with the prize. Can't see as the state is any farther ahead for an emblem than they were. First we had the old man with his whiskers and high top boots and now we have a woman with her shawl and long skirts. Guess we haven't progressed very far from our old fashioned ideas of the simple life, but maybe they are the best and the fittest after all.

McCLOSKEY OF FINANCE CO. HANDLES DEAL

The Beaverton Finance Company announces the exchange of 30 acres of unimproved land near Reodville for the unfinished stucco house on the highway west of Aloha.

We are glad to hear that this house will be completed immediately by the new owner as it has been more or less of an eye-sore in its present condition.

The exchange was handled by W. E. McCloskey of the above named Company.

EIGHT ARE INITIATED

Members Of The Lodge Serve Cake Salad, and Coffee, Refreshments

One of the best meetings in the history of the Beaverton Rebekah lodge was held Tuesday evening in the Oddfellows hall, when a class of eight were taken into the lodge, 3 by card and 5 by initiation. Visitors were present from the Portland, Tigard, Carlton, and Hillsboro lodges. The hall was crowded to its capacity. It was tastefully decorated with vases filled with daffodils. Mrs. C. J. Ward, chairman of the press correspondents of this district was present and gave a talk on the value of publicity.

The degree work was splendidly exemplified by the officers of the lodge. Many good talks were given by the visitors, and Beaverton lodge was highly complimented on taking in so many members at one time.

After lodge refreshments of cake, salad and coffee were served.

GEO. WARE GETS A BIG SURPRISE PARTY

Mr. George Ware was agreeably surprised on his birthday, Wednesday, when a few of his friends and his daughter, Josephine Cavness went to his home to help him celebrate. His daughter made a birthday cake for him, which was beautifully decorated.

Mr. and Mrs. E. F. Doering are moving into the former J. C. Huntley house this week.

Mrs. Floyd B. Tefft and daughters Misses Helen and Thelma spent the week end visiting Mr. Tefft in Eugene.

I. R. Metzler

The announcement has just been made this week of the signing of a contract by the terms of which I. R. Metzler, our present Superintendent of Schools will return for another year in charge of the educational program of this community.

Mr. Metzler has been with the school here for the past eight years, coming here in 1922 as head of the commercial department when the school was in charge of Superintendent G. P. McGlaseen with D. U. Cochrane as principal of the high school.

It is perhaps worth mentioning that at the time of his coming here he had an opportunity to go to Arizona as the head of the commercial department in one of the Southwest's commercial colleges. He came fresh from graduation from the School of Commerce of the Oregon Agricultural College, the Oregon State, as it is now called.

In passing it might be of interest to know that his parents live in Corvallis—perhaps brought there by the educational opportunities offered. While at College, Mr. Metzler answered the call to arms, enlisting in the navy in June 1917. As a result he served under the colors two full years. Of his experiences he has little to say.

After his discharge from the Navy, Mr. Metzler again entered the O. A. C. and as stated above, after graduating, he came to Beaverton where he has been ever since. That the school has prospered during his regime goes without saying. That he was wholly responsible for this rapid growth and development, would hardly be doing justice to the others who have worked with him. He came as head of the Commercial department. While in that capacity he trained students who earned many medals and of distinguished work, when called to become principal of the high school he took hold of the work or organization in a manner which soon placed Beaverton's schools among those holding highest rank in the State. Three years ago he became superintendent of schools. What recent developments have been in fresh in every one's memory. He has contracted to remain. Beaverton is to be congratulated.

Delegates Work On All Baseball Matters

The Matter Of Umpires For The League Is Thoroughly Discussed

THIS IS FIRST MEETING

Baseball Schedule For This Season Is Adopted As Shown Below

The first meeting of the Managers of the Tualatin Valley Baseball League to meet in Beaverton convened Monday evening and took action on a number of matters pertaining to the business of the association.

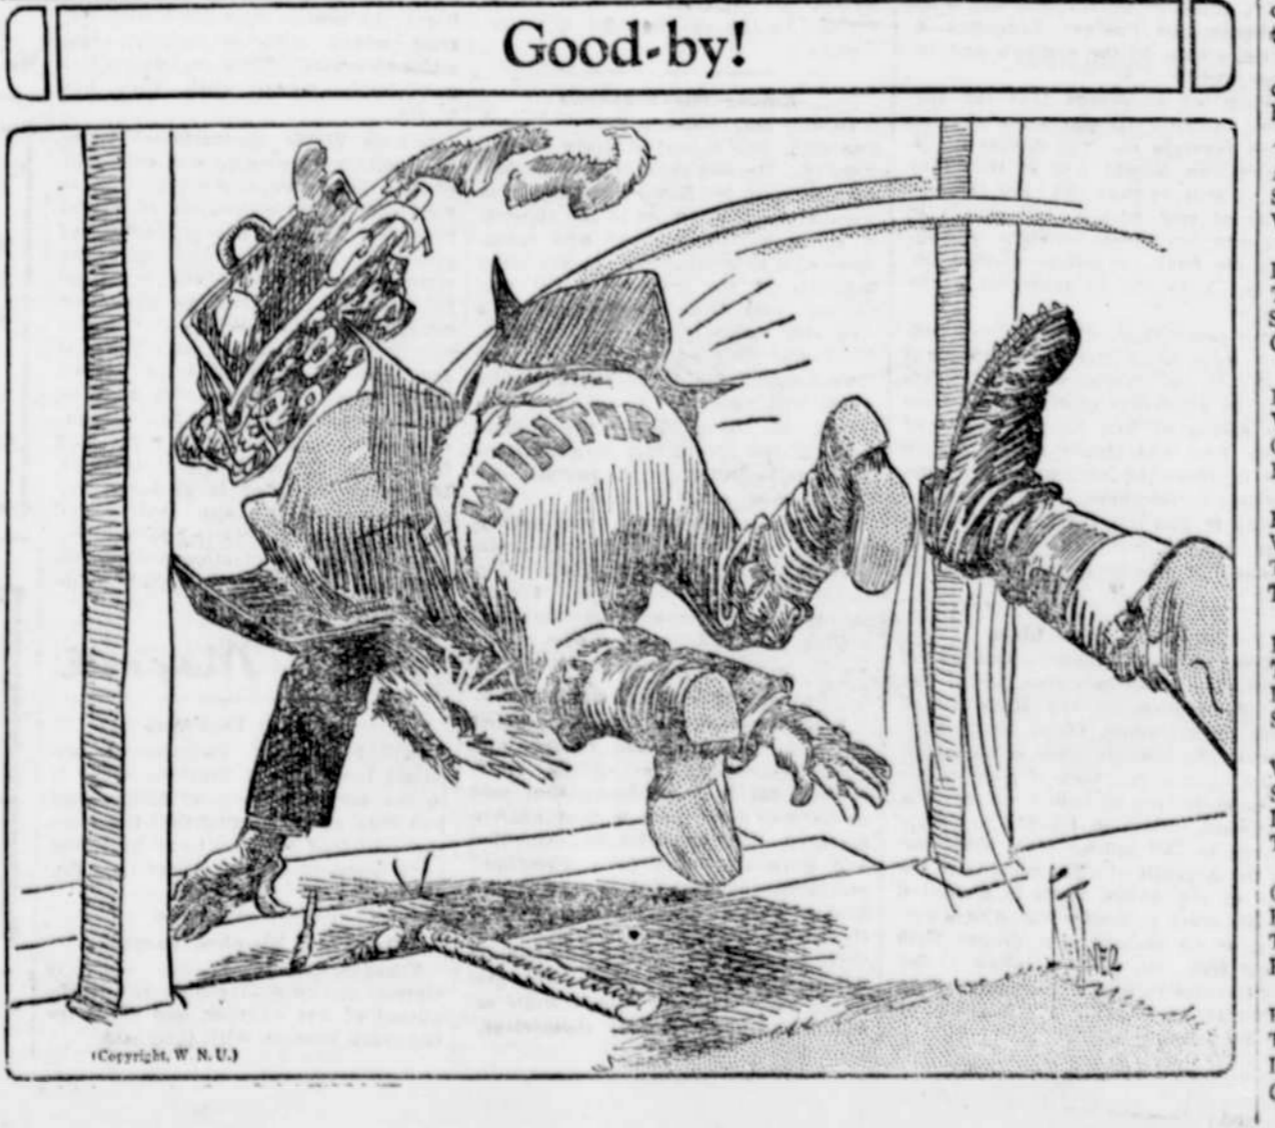

Delegates were present from Tigard, Garden Home, Lake Grove, Thatcher, Roy, Verboort, Sherwood and Beaverton. There was also present representatives from several sporting house stores in Portland.

The matter of umpires for the league was discussed and an agreement reached to pay them five dollars for their services but when it came to where to get them there was considerable discussion. Finally, it was decided that if the Portland association could supply the persons wanted for the positions, they would be used from that organization. The individual clubs were to request certain individuals to become associated with this organization and in that manner get us umpires who had been giving satisfaction in past seasons.

The matter of a split season came up. This was adopted with the idea that the team winning the first half of the season should play the team winning the last half of the season for the trophy which is offered by Brown and Moran.

The baseball schedule for this summer will be as follows:

- April 20 Tigard at Lake Grove
- April 27 Lake Grove at Beaverton
- May 4 Garden Home at Beaverton
- May 11 Beaverton at Roy
- May 18 Beaverton at Verboort
- May 25 Lake Grove at Garden Home
- June 1 Tigard at Beaverton
- June 8 Lake Grove at Tigard
- June 15 Beaverton at Lake Grove
- June 22 Beaverton at Garden Home
- June 29 Roy at Beaverton
- July 6 Verboort at Beaverton
- July 13 Garden Home at Lake Grove
- July 20 Beaverton at Tigard

Good-by!
