Lots of folks who think they have "indigestion" have only an acid condition which can be corrected in five or ten minutes. A corrective anti-acid like Phillips Milk of Magnesia soon restores digestion to normal.

Phillips does away with all that sourness and gas right after meals. It prevents the distress so apt to occur two hours after eating. What a pleasant preparation to take! And how good it is for the system! Unlike a burning dose of soda—which is but temporary relief at best—Phillips Milk of Magnesia neutralizes many times its volume in acid. It's a little hearty meal, or too rich a dinner brought on the next discomfort, treated.
