WOMEN like their men strong—and their men's pipes mild! Don't let your pipe stand between you and domestic happiness. To tame that wild briar of yours, try Sir Walter's favorite smoking tobacco. It's satisfying, and a lot milder. And it's wrapped in heavy gold foil to keep it fresh right down to the last fragrant pipeful.

Life Saver for "Sub" Crews

For the use of submarine crews when trapped within the craft, German engineers have introduced special diving suits that can be quickly donned in case of emergency. The outfit permits the wearer to rise to surface where he can float for an indefinite length of time, protected from the water by his apparatus. The inventors have also perfected a telephone buoy which may be released from the sunken submarine, to rise to the surface by compressed air, and is available for connection with ships above so that direct contact can be had with men still imprisoned in the submarine.
