In the primary grades the pupils gave a "Vegetable Convention," each student being dressed to represent a vegetable. Descriptive stories of the vegetables proved to be very interesting.

Have you really read the "Grange Bill"?

Here it is *in full*, just as it would go into the Oregon Constitution

Are you sure which way you want to vote---
and have you *questioned* the measure
as Mr. L. B. Smith does here?

People's Water and Power Utility Districts Constitutional Amendment

That Article XI of the Constitution of the State of Oregon be, and the same hereby is, amended by the addition of the following section, to be known as Section 12:

Section 12. People's utility districts may be created of territory, contiguous or otherwise, within one or more counties, and may consist of an incorporated municipality, or municipalities, with or without unincorporated territory, for the purpose of supplying water for domestic and municipal purposes; for the development of water power and/or electric energy; and for the distribution, disposal and sale of water, water power and electric energy. Such districts shall be managed by boards of directors, consisting of five members, who shall be residents of such districts. Such districts shall have power:

- To call and hold elections within their respective districts.
- To levy taxes upon the taxable property of such districts.
- To issue, sell and assume evidences of indebtedness.
- To enter into contracts.
- To exercise the power of eminent domain.
- To acquire and hold real and other property necessary or incident to the business of such districts.
- To acquire, develop, and/or otherwise provide for a supply of water, water power and electric energy.

Such district may sell, distribute and/or otherwise dispose of water, water power and electric energy within or without the territory of such districts.

The legislative assembly shall and the people may provide any legislation, that may be necessary, in addition to existing laws, to carry out the provisions of this section.

This means bonds which taxpayers must pay. How many bonds? A thousand dollars per capita? Who knows? There is no limit! What's to prevent extravagance, waste of our money, freak promotion schemes at taxpayers' expense?

Attend The Pacific International Livestock Exposition

Suppose you wanted first-hand information on any particular branch of western livestock or agricultural activities. Do you know where such is available? An opportunity occurs which affords the information needed with but little expenditure of time or effort.

That occasion is the 20th Annual Pacific International Livestock Exposition, Portland, Oregon, Oct. 25-Nov. 1. This year's activities feature 13 complete shows (including 4-H Club and Smith-Hughes Junior Agricultural events). Millions of dollars' worth of Livestock will be exhibited competing for \$100,000 in Premiums—pure-bred Beef and Dairy Cattle, Horses, Sheep, Hogs, Goats, Foxes, Mink, Marten, Poultry and Rabbits.

The Bank of Beaverton considers Pacific International one of the most informative and instructive events of its kind anywhere and urges all persons interested, directly or indirectly, in farming enterprises to attend the Exposition.

We make but one appeal to Oregon voters: Read the actual "Grange Bill," reproduced above. Read the arguments, for and against it, in your voters' pamphlet. Then make up your mind clearly from the *facts* rather than from political buncombe and jingoism. Pacific Northwest Public Service Co. "Pepco"
