"THE WORMS ARE THERE AS ALWAYS"

Said the little red rooster, "Gosh all hemlock, things are tough. Seems that worms are getting scarcer, and I cannot find enough. What's become of all those fat ones is a mystery to me; There were thousands through the rainy spell—but now where can they be?"

The old black hen who heard him didn't grumble or complain— She had gone through lots of dry spells, she had lived through floods of rain— So she flew up on the grindstone and she gave her claws a whet. As she said, "I've never seen the time there weren't worms to get."

She picked a new and undug spot; the earth was hard and firm. The little rooster jeered: "New ground—that's no place for a worm."

The old black hen just spread her feet, she dug both hard and free; "I must go to the worms," she said, "the worms won't come to me."

The rooster vainly spent his day—through habit, by the way— Where fat, round worms had passed in squads back in the rainy day.

When nightfall found him supperless, he growled in accents rough; "I'm hungry as a fowl can be—conditions sure are tough."

He turned then to the old black hen, and said, "It's worse with you, For you're not only hungry, but you're tired, too. I rested while I watched for worms, so I feel fairly perk; But how are you without worms, and after all that work?"

The old black hen hopped to her perch, and dropped her eyes to sleep. And murmured in a drowsy tone, "Young man, hear this and weep; I'm full of worms and happy, for I've dined both long and well. The worms are there as always, but I had to dig like hell!"

Oh, here and there red roosters still are holding sales positions; They cannot do much now, because of poor conditions. But soon as things get right again they'll sell a hundred firms— Meanwhile the old black hens are out and gobbling up the worms.

BEAVERTON WINS BASKETBALL GAME

The Beaverton Town Basketball Team won the game Wednesday evening from the Fairvale team with the score of 50 to 19. The game started promptly at 8:00 o'clock, with a small but enthusiastic group of spectators present. During the entire game both teams were cheered lustily.

At the first of the game, the two teams seemed more equal than they later proved to be. Fairvale made the first score while Beaverton made the last score in the game.

The local team showed much superiority later in the game, and even at the end of the first half, the score stood 22 to 8, in Beaverton's favor.

The local team shows promise of winning virtually every game it plays. The team includes Edward Warren, the high school coach, and Robert Phillips, the grade school coach, and several former high school stars.

Mr. Phelps, the sixth grade teacher in the Beaverton Grade School, played on the Fairvale team.

Aloha-Huber Community Holds Meeting

Large Number of Interested Citizens Attend And Take Part

F. E. TUTTLE PRESIDES

Much Discussion Held Concerning Proposed Mail Route out of Aloha

A mass meeting was held at Aloha last Monday evening to determine public sentiment in regard to the much petitioned and proposed rural delivery route out of the Aloha Post Office. George W. Lippert called the meeting to order and called for nominations for a chairman for the evening. Mr. F. E. Tuttle was duly nominated and elected for this position.

The Aloha postmaster, H. A. Lowry, then spoke of the desirability for some of the Aloha people, of having the present route one of Beaverton served from the Aloha post office. Mrs. E. J. Mann, of Beaverton route one, objected that a change of address would not be desirable for those who, like herself, had business connections and whose addresses were known nationally as Beaverton, route one. Mrs. F. H. Shepherd, of Huber, stated that a route from Aloha would not be desirable if it affected the Huber post office. She said that she lived within one-third of a mile from the Huber post office, and that she was solicited for her signature on a petition for a rural route from the Aloha post office. She maintained that a route covering the petitioned territory would interfere with the revenue obtained by the Huber post office and might eventually cause the abolition of that office. Mr. Lippert assured her that the Huber office would not be killed. He said that there were post offices in Oregon whose yearly income was as low as eleven dollars. The Huber postmaster, Mr. Angelo, stated that he certainly would not continue the office if it did not continue to pay him for his work.

The discussion throughout the evening was spirited and to the point; the usual dilly-dallying was dispensed with and everyone said what they thought. It is commendable that the people of the two communities could discuss their differences so frankly without becoming engaged in personal quarrels or disputes.

A motion was made and carried that the secretary request the president of the Huber and the Aloha commercial clubs to each appoint a committee of three to hold a joint meeting to attempt to adjust the differences which came to light in the meeting.

LIONS CLUB SPONSORS CONFIDENCE WEEK

The International Organization of Lions Clubs sponsored a "Business Confidence Week" in October, but the news and propaganda for the week and did not reach this section until too late for us to participate.

On the seventh of November, Governor Norblad issued invitations to the civic clubs and other service organizations including the women's clubs throughout the state to attend a meeting held at Salem last week to pep up the work being done to promote the work of business confidence.

Your editor was privileged to attend this meeting and here is a partial report.

The meeting was called to order by the President of the Salem Lions Club who spoke briefly of the achievement of Lindbergh in crossing the Atlantic alone, cold, hungry, sleepy, tired—the spirit of youth surmounting all difficulties. Then again Lindbergh's remark when the faculty of the University of Wisconsin conferred their honorary degree on him, "There are no quitters in Wisconsin." He also referred to the manner in which the Californians refer to the earthquakes there as, "Large movements in real estate."

Governor Norblad gave the address of welcome. He told of his pleasure in having women there, and said something of what Ohio is doing to further business confidence. The Governor was followed by Jack Ferris, district governor for Oregon of Lions Clubs. President Russell Williams of the Salem club, presiding officer, referred to Mr. Ferris as coming from the "banana belt" of Oregon, the city being LaGrande. Ferris had attended the football battle Saturday at Corvallis, and did not talk long on account of the condition of his vocal organs.

The address by President Newlands of the Portland Chamber of Commerce told a little of what Portland is doing to relieve the unemployment situation. The Portland Police Quartet was enthusiastically received and responded to several encores.

The hour was getting late, the meeting was to continue with a banquet in one of the hotels there at 8 p.m. and the Beaverton Town Caucus was scheduled for the same evening; so we were obliged to leave before the meeting adjourned. But this advice of one of the speakers may be pertinent here: "If you would be healthy, wealthy, and wise, Forget depression and advertise."

Simultaneous Caucuses Place Tickets

Dr. J. R. Talbert Presides At Regular City Meeting Held at High School

WILSON NOMINATED

Several Ballots Are Necessary Before Councilmen Are Nominated

The Town Caucus held at the high school Monday evening brought out a goodly number of people most interested in the welfare of the Town. Some were detained, of course by business affairs and some felt their fraternal ties more binding than their civic ties, but considering that there was a meeting of one of the major fraternal organizations putting on degree work, and that another caucus had been called for the same time, date, hour, day, and year, there was a large crowd.

Order was called for by Mayor Erickson who stated the purpose of the meeting and then announced that nominations for chairmen of the meeting were in order. Dr. J. R. Talbert was elected chairman, Francis Livermore, clerk, and Frank Dietsch and Dr. R. S. Welsh were appointed tellers.

The nomination of a candidate for mayor was without any very great excitement. Some one placed the name of Otto Erickson before the meeting but Mr. Erickson promptly arose and withdrew his name. Iren A. E. Wilson was placed in nomination and without balloting he was chosen the unanimous choice of the meeting as a candidate for Mayor.

When it came to the Councilmen, there was more interest shown. The names of W. H. Boswell, R. E. Denney, G. P. Fordney, Jas. Lewis, Geo. Hughson, J. W. Sprague, and H. M. Earnes followed each other in quick succession. Mr. Lewis arose and withdrew his name. Then the balloting began. The first ballot gave Boswell, 12; Denney, 9; Fordney, 7; Hughson, 1; Sprague, 14; Barnes, 4. H. M. Earnes then withdrew his name and a motion carried to drop the lower three candidates. The second ballot showed Sprague with 23; Boswell, 20; and Denney, 12. The third ballot gave Boswell, 25; Denney, 13; and Sprague, 17. Conforming to a motion put before this ballot was taken, the highest though not getting a majority, was declared elected a candidate. Then on the fourth ballot, Sprague received 30 votes, and Denney, 25.

Then in the race for Recorder candidate, the names of Dietsch and Thyng were offered almost as soon as the chair had announced the meeting open for that matter. One of the tellers being a candidate at this time, he withdrew and Dr. L. R. Dean was appointed a temporary teller. The ballot disclosed that Dietsch received 29 votes and Thyng 27. One of Thyng's supporters wished to have the ballot thrown aside as he thought there were more votes counted than there were legal voters present. The chair immediately appointed the objector a committee to count the number of voters present. He did not turn in any report.

On motion of C. E. Hedge, it was voted to name that ticket the Citizens ticket.

The other caucus called at the Commercial Hotel for the same time, nominated Wilson for Mayor, Geo. Hughson and G. P. Fordney for Recorder, Earl Fisher acted chairman, and Martin Doescher as clerk. Councilmen and Frank Dietsch for

School Reflects Interests Of Community In Exhibits In Rooms

SCOUTS PASS TESTS

Quite a Number of New Students Enter Grade School This Week

The school is generally conceded to indicate the pulse beat of the community in various ways, but there was never a more graphic significance as a calendar than it shows now—turkeys in the first grade room; pilgrims that look almost ready to talk in the third grade; turkeys again in the second Indians in the fourth which is part, however, of a study of Indian life in the geography for that grade. They are working out a sand table that promises to be not only interesting, but which will fix the facts of pioneer life in the pupils' minds quickly, and in much more interesting fashion than old school methods. Speaking of how things are made more attractive, reminds us of the "heat and light" work in the third grade. The aim of the whole system seems to be to make the various studies so practical that the school foundation will be entirely useful as the pupils go on through school and out to find their share in the world's work.

New pupils this week are: Shirley McCarter and Merle Ferguson in the 7th grade; Richard McCarter and Helen Williams in the 5th; and Delwyn Shunk in the second.

The first grade attendance is keeping remarkably high. They have had one half holiday and have 15 days towards another.

Each and every day this school year, the following people in the second grade have rated 100 percent in spelling: Gale Herestand; Mary Scholz; Walter Carroll, Halle Jean Pace; Doris Wiley; Shirley Devn; John Borich.

The next grade basket ball game will be played with Tigard on the home floor, Friday evening at 6:30 o'clock. Mr. Phillips predicts a winning game.

Seven Boy Scouts have completed their tenderfoot tests, this week. They are: LeRoy Klander, Fred Perry, James Miller, David Mason, Theodore Hetu, Melvin Gumm.

BEACH TO MANAGE BEAVER THEATRE

A deal has been closed this week whereby C. J. Beach, proprietor of Beach's Market on Broadway, will take over the active management of the Beaver Theatre here next week.

Mr. Beach is an experienced operator of theatres, and announces that there will be a complete change in the policy of the theatre. He has secured the famous "Sunny Side Up" as his opening attraction, which will be shown for the first time here Thursday evening.

Mr. Freeman, who owns the theatre building, and has been managing it for a number of years, finds his health so badly impaired that he has decided to retire from the active management, though he will continue to reside here.

The Review joins with this community in wishing every success to the new management and feels that the fine talking equipment recently installed is one of the major attractions this "City of Homes" has to offer its citizens.

"BEAVERTON BUNGLES BOND INTEREST"

No better example of lax, perhaps simply unintelligent, financial administration of small cities can be found than that recently turned up in Beaverton, small trading center a few miles west of Portland.

Some councilman with gumption enough to investigate the city's municipal bond register recently found that coupons clipped from improvement bonds that were called several years ago, have been presented for payment, then paid. For example, bonds 4, 5, and 6 of Improvement District No. 2 were called for payment November 1, 1925, but coupons presented up to May, 1930, have been paid. The City seems to be making a municipal Santa Claus of itself.—Chapman's Financial Weekly.

EVERLYN ALEXANDER HAS PIANO RECITAL

Fortunate, indeed, were those who, on Tuesday night attended the piano recital in the Congregational Church, given by Evelyn Alexander, 12-year-old daughter of Mr. and Mrs. Guy Alexander.

This young girl, not yet in her teens, gave a program of music, including a group by Chopin, numbers by Bach, Schubert, MacDowell, Schumann, Paderewski, and others that would have tested the musician-ship of any student. These were given with true artistry and reflect great credit on her teacher, Miss Beulah Cheever, as well as on Evelyn. We predict a great musical future for Evelyn, and we will be proud to say we knew her as a little girl in Beaverton.

Evelyn was assisted by Mrs. H. M. Barnes who gave four vocal numbers accompanied by Mrs. Dungan, Mrs. Earnes has a sweet soprano voice and her selections were greatly enjoyed.
