

Carving A Soapy Circus Provides Recreation For Children

A whole circus from a few bars of soap! That is the newest idea in recreation for children. Some white soap, a knife, an orange stick and a little interesting work in carving, and you have all the things that make a real circus—bears, bands, elephants, lions, clowns, horses and horses.

Making a Soapy Circus will not only provide fascinating recreation for children, but it will teach them to use their hands skilfully in the production of beautiful things. They will feel something of the pride of craftsmanship and artistry that is a real spur to the grown-up sculptor in his work.

In fact, Soapy Circus is a junior branch of the soap sculpture movement, participated in by great artists and grown-up amateurs all over the world. Every year hundreds of original and beautiful pieces are created in soap by real sculptors. Soapy Circus is edu-

"BIG MONEY" IS COMING TO THE BEAVER

Eddie Martin, a genial, carefree messenger boy employed in the Wall street brokerage office of George McCall, is widely known for his success at throwing dice for coin. He is sent one afternoon with \$50,000 in large bills, to a bank. It is nearly three o'clock, but Eddie could not resist the temptation to toss the ivories for a time or two before leaving. When he reaches the bank he finds the doors locked. When he returns to the brokerage office, he finds the safe locked. He is now forced to carry the \$50,000 in a brief case for the evening.

Joan McCall, daughter of his employer, invites Eddie to dinner, and she takes him to a fashionable restaurant. When called upon to settle the bill, Eddie is forced to take a roll from the brief case, and this is observed by Monk and Lefty, two crooks. He is homeward bound in a taxi, and is chased by the crooks. To escape them, he dashes into a service elevator in a hotel and enters a room where a crap game, in which crooks and gangsters are engaged. The counters are for \$1,000 instead of nickles!

If you want to see the rest of this thrilling story go to see "Big Money" at the Beaver Theatre either Friday, Saturday, or Sunday January 9, 10, and 11.

A. M. JANNSEN RECEIVES CONTRACT

A. M. Jannsen reports that the Jannsen Drilling Co. has been awarded the contract for the drilling of a well at the new grounds of the Hill Military Academy in Portland. This is to be a twelve-inch well, sunk three hundred feet into the ground.

The well will be on the east side of Portland, Rocky Butte or Kelly's Butte, we forget which, where the Academy have secured about a hundred acres on which they expect to put up new buildings at an expense far in excess of their present investment.

ALOHA-HUBER

(Continued from page three) resumed his duties Tuesday as engineer on the Portland-Vernonia line.

Mr. and Mrs. Erwin, who were recently married in Tacoma, and are visiting with Mrs. Ellerson were charivari Saturday evening by about 40 friends and neighbors. The Erwins were ready for them and invited them in and gave them all a treat. A good time was enjoyed by all.

LETTER OF THANKS

PROSPERITY WAVE HITS

Trend of stock-market turns sharply upward and Eastern factories reopen employing 60,000 men in the manufacture of steel products, automobiles, and other leading commodities.

Orders for future delivery of manufactured articles are increasing by leaps and bounds with prices slightly higher than in 1930.

These signs of the times should indicate to the careful buyer that the purchasing power of a dollar is greater today than it will be when the full weight of this wave of prosperity reaches over the nation.

Careful buyers are taking advantage of the special bargains offered by your local merchants.

And the Richey Hardware and Furniture Company is offering some real values in Montag Parlor furnaces, Portland made furniture, Pabco floor coverings and many articles that you need every day.

You may have just what you need to exchange for just what you need. Come in and "Let's Get Acquainted."

The BEST Gray Hair Remedy is Home Made

To half pint of water add one ounce bay rum, a small box of Harbo Compound and one-fourth ounce of glycerine. Any druggist can put this up or you can mix it at home at very little cost. Apply to the hair twice a week until the desired shade is obtained. It will gradually darken streaked, faded or gray hair and make it soft and glossy. Harbo will not color the scalp, is not sticky or greasy and does not rub off.

STATEMENT OF LOCAL BANK IS GRATIFYING

That this Community is in a very healthy condition is amply proven by the report of the Bank of Beaverton as of December 31, 1930, as shown in its financial statement published in this issue. You will note that the deposits are above the \$600,000.00 mark, an increase over a year ago, this fact in spite of conditions prevailing generally over the country is not only gratifying to everyone in this section of Washington County, but should be very satisfying to the officers and stock holders of the bank.

At the annual meeting of stockholders held Thursday afternoon, all of the officers were re-elected as follows: F. W. Livermore, President, B. K. Denney, Vice-President, Doy Gray, Cashier, K. L. Desinger and Francis W. Livermore, Jr., Assistant Cashiers, Michael Welser, W. F. Desinger, A. M. Kennedy, and J. Hawley Buck of Aloha, Auditing Board.

The regular quarterly dividend was declared, and a vote of thanks was given to the officers for their efficient work for the Bank.

It developed at the meeting that not one of the directors had missed a single meeting for the past seventeen years. Here's hoping that they can keep this record up for the next seventeen years. It simply shows that they take their work seriously.

F. W. Livermore, president for almost a quarter of a century is our new Washington County Judge, having taken his chair last Monday. B. K. Denney, Vice-President, also holds the responsible position of Treasurer of the Oregon State Grange.

As many as 65 years ago, they were children together, and it has been many years since they have seen each other.

G. WILSON HOUSE IS BURNED TO GROUND

The house occupied by G. Wilson near Huber burned to the ground about 2 o'clock, New Year's morning. Very little of the contents were saved. The Huber people immediately joined forces and by New Year's night, they had rented a house for the Wilson's and had it furnished, so they slept in their own home. This is co-operation personified and the Huber people are to be congratulated.

DUMB DICK

Thinks the right of way in traffic is the way he is going. Is so ugly he hires another fellow to look into the mirror for him. Wears his glasses to bed so that he can recognize the girl of his dreams. Figures that when he sits in his car in front of a house and blows his auto horn it's a call to arms. Was a flip as steward on an ocean liner because he insisted on giving rocking chairs to seasick passengers.

DENSE DOROTHY THINKS

A coroner is a cute little typewriter. The Boston riots were started by someone inadvertently splitting an infinitive. A "demijohn" is a wet Democrat. A millennium is the same as a centennial, only it has more legs. Milton C. Work instead of David Warfield, starred in "The Auctioneer."

Chevrolet wins first place for the fourth time

First place at the National Automobile Shows—a position granted on the basis of annual sales volume—is again awarded to Chevrolet.

This is the fourth consecutive time that Chevrolet has achieved this honor. And the reason lies in the exceptional value which Chevrolet cars consistently provide.

This year, in its bigger and better Six, Chevrolet is offering an outstanding example of the value which has brought it such record success.

In fact, no previous Chevrolet car has ever represented such a high degree of quality and advancement, and sold at such low prices as today's Chevrolet Six.
