

NORTHWEST TO HEAR OUTSTANDING OPERAS BY CHICAGO STARS

Civic Opera Will Give Four Performances in Portland.

Opera lovers of the Pacific Northwest will have an opportunity to hear the world's greatest artists when the Chicago Civic Opera Company returns to Portland for four performances March 12 to 14 for the first time in three years. Three evening performances and a Saturday matinee are scheduled in the Public Auditorium, Portland.

The Chicagoans bring a number of old favorites to the Pacific Northwest

this season, and also several outstanding artists who have never been heard in the Northwest. Among the former are Claudia Muzio, Richard Bonelli, Cesare Formich, Antonio Cortis and Charles Marshall. New voices include Tito Schipa, Margherita Salvi, Frida Leder, Maria Olszewska, Alexander Kipnis and John Charles Thomas.

The four works to be presented are "La Traviata," with which the engagement will open; "Die Walkure," on the second night; "Lucia di Lammermoor" for the matinee perform-

are now being received by Hal M. White, Public Auditorium, Portland.

The cast of "La Traviata," one of Verdi's most popular operas, will include Claudia Muzio as Violetta, which she sang at the productions of the opera during the past season in Chicago. Tito Schipa, world renowned lyric tenor, will be heard as Alfredo, and John Charles Thomas as Germont. Roberto Moranzoni will conduct.

"La Traviata" is the immortal story, written by Dumas, fils, around the life of a high-minded Parisian courtesan he had known, who really had charm and a tender heart, and who died in

the midst of an auction of her household furniture. In the opera she leaves the life of dissipation, to retire into a quiet suburb of Paris with a young man of good family who is in love with her. But the young man's father intervenes in the interest of his family's reputation; and Violetta finally agrees to pretend that she no longer loves Alfredo, for otherwise she knows he will never give her up.

She goes back to one of her former lovers, and when Alfredo follows her, tries to prove to him that she prefers the life of gay Parisian parties to him. The insults that he heaps on her when she has convinced him bring her to her deathbed. Alfredo, having finally learned the truth, arrives only in time to see her die.

"DOLLAR DAY" RAIL- ROAD RATES ON S. P.

That public benefactor, the "Dollar Day" sale, has found its way into railroading!

Marking an innovation in this field, the Southern Pacific Company has announced plans for widespread "bargain" sales of round-trip transportation, scheduled for two successive Fridays, February 20, and 27, with fares approximating a "cent a mile."

The extraordinary offer in the interest of promoting travel will apply over all the company's Pacific Lines, extending from Portland to El Paso and from San Francisco to Ogden, it was made known here by C. E. Allen, station agent for the railroad.

Providing for travel on all trains, both coach and Pullman, the Friday "dollar day" tickets will be good for four days from the date of sale, Mr. Allen stated. The return limit will be the following Tuesday midnight.

The reductions to be offered, Mr. Allen declared, rival the "price slashes" in the field of merchandising. He said:

"Railroad officials have watched the growth of the Dollar Day sale, and we now believe that application of the idea to passenger transportation will be of marked advantage to those interested in travel economy.

"Southern Pacific feels that travel bargains will be just as acceptable to the buyer as merchandise bargains, and for that reason we have decided to make this novel experiment."

On the basis of approximately one cent a mile, it was pointed out that the fare from Beaverton to Tillamook for example, will be about \$2.83, as against the usual fare of \$9.44 for the round trip.

The new Ford is an economical car to own and drive

Low first cost, low cost of operation and up-keep, and low yearly depreciation mean a distinct saving to every purchaser

THE NEW FORD is a splendid car to own and drive because of its attractive lines and colors, safety, comfort, speed, reliability and long life.

There are, in addition, three other features of importance to every far-seeing automobile owner . . . low first cost, low cost of operation and up-keep, and low yearly depreciation.

During the life of the car, the day-by-day economy of owning a Ford will amount to considerably more than the saving on the first cost. You save when you buy the Ford and you save every mile you drive.

The reasons for this economy are simplicity of design, high quality of materials and care in manufacturing and assembling. Many vital parts are made to limits of one one-thousandth of an inch. Some to three ten-thousandths of an inch. Throughout, the new Ford is an outstanding example of fine craftsmanship in automobile engineering.

The more you see of the new Ford—the more you talk to Ford owners and experienced mechanics—the more certain you become of this fact. . . . It brings you everything you want or need in a motor car at an unusually low price.
