Better Seeds for Better Gardens

LOOK for the FERRY SEED BOX

Look for the name "Ferry's" on the seeds you buy for your garden. This means that you are buying tested seeds. All Ferry's purebred seeds come from generations of plants which have proved their ability to transmit their superior quality by years of careful growing and seeding. The evidence of the harvest lies with Ferry's purebred seeds. Look for Ferry's seeds if you are looking for a successful garden. Ferry-Morse Seed Co., P. O. Box 2529, San Francisco, Calif.

There's a Ferry Seed Box near you, in your neighborhood store. Look for it when you plant your garden, for Ferry's purebred seeds have been tested from generations and generations of mother plants for vigor and sturdiness of growth.

It is not the price of seeds which is expensive in your garden—it is the labor and time and investment in the ground. Yet the quality in your seeds may mean the difference between a loss of all this time and investment, and a complete success.
