IT'S AN OLD STORY

It's an old story, but it retains its point as it was when Austin Butcher wrote it in the Altoona Tribune, some time ago.

"A Kansas editor says that when the merchants of his town, and other fellows, want a little advertising or job work done they go around and solicit bids for the same, and the lowest bidder gets the work. The editor now is ready to receive sealed bids for a sack of flour, a pair of pants, a hat, a cord of wood, and the pulling of an aching tooth; also a pair of brogans for his six-month-old baby."—Cheney, Kansas, Sentinel.

Safety Glass

Ford cars are now equipped with safety glass in all doors and windows at a small extra charge

\$15 for the Coupe, De Luxe Coupe, Sport Coupe or Convertible Cabriolet \$20 for the Tudor Sedan, Standard Sedan, De Luxe Sedan, Town Sedan or Victoria

THE Triplex safety glass windshield has always been an outstanding feature of the Model A Ford. By reducing the dangers of flying glass, it has saved many lives and prevented countless injuries in automobile collisions.

Now comes a further assurance of safety to every Ford owner... polished plate safety glass in ALL DOORS AND WINDOWS at slight additional cost.

The charge for this extra protection is unusually low because of large production and the development of new methods of manufacture. Simply tell the dealer when you buy the Ford that you want "safety plate glass in all doors and windows" and the car will be factory-equipped for you in that manner.

Today, as before, the safety glass windshield is furnished as standard equipment on all Ford cars without extra charge.

FORD OWNERS This announcement refers only to NEW CARS. Ford dealers are not in a position to install safety glass in the windows of your present Ford at the above prices.
