## For State Senator

ARTHUR IRELAND

I was born in 1893 on the old Ireland farm five miles north of Forest Grove, which has been my home continuously, with the exception of six years in which I attended Forest Grove High school and Pacific university.

I began farming the 290 acre Ireland farm in 1916 and two years later purchased an additional 40 acre tract. I now farm the 330 acres and run a dairy of 25 head of cows.

I have always been a staunch supporter of Governor Meier's tax reduction policies and the need of tax organizations that are comprised of real taxpayers.

To carry out this idea we organized the Tax Equalization league in this county and for the past year I have served this organization as Secretary-Treasurer.

If nominated and elected I will, at all times, be mindful of my duties to the people of Washington county and, to the best of my ability, show that the confidence invested in me was well warranted.

The time has now arrived when we people in the ordinary walks of life should put our shoulders to the wheel and break the machine rule that has dominated Oregon politics for so many years.

My platform is: I will endeavor, to the best of my ability to help reduce our public expenditures to a safe and sane basis. I favor an income, intangible and excise tax with the idea of ultimately decreasing the tax on real property. I am in favor of Governor Meier's retrenchment policies. SLOGAN—"I favor laws just and equitable for all classes."
