FOR COUNTY COMMISSIONER

J. M. HIATT

To the voters of Washington county: I hereby announce my candidacy for re-election to the office of county commissioner of Washington county at the Primary election to be held May 20, 1932. If I am elected, I will endeavor to continue the same careful, conservative, and faithful administration of the affairs of Washington county that has been my policy in the past.

For State Representative

J. O. JOHNSON

"ESSENTIAL LAWS ONLY AND MORE COMMON SENSE IN THOSE"

There has been considerable comment on my slogan "Essential laws only and more common sense in those." I wish the voters to understand that, if elected, as their representative, I do not propose to go to Salem to be a rubber stamp approving legislation that the administration leaders request unless the people of Washington county desire such approval.

The most essential laws to be enacted at the next legislature are laws which will tend to reduce the tax burden on farm property and it would be my purpose to not only support sensible legislation along this line but to propose and fight for such legislation as will result in tax reduction on property. The state should not be permitted to tax real property for state purposes. Income tax and gasoline tax should carry a larger portion of our tax burden.

I believe the people of our fair land are awakening to the fact that we cannot continue to progress as a nation unless there is more equal distribution of wealth. Proper laws preventing monopolistic control of our basic industries and the taxation of wealth are the constitutional methods of adjustment which I will support.

Crime and the general disregard for our laws is a "National Disgrace." We are an integral part of the nation. We should exact only such laws as can be enforced and then insist on proper enforcement. We must educate our children to respect our laws if we can have any hope for the future welfare of our nation but before we can expect them to respect the laws we must enforce them or remove them from our statute books. Men who have had experience in law enforcement work should be

sent to the legislature to see that sensible laws only are enacted. More restrictions should not be placed upon the individual rights of our citizens. What we need is less legislation against personal liberties and better enforcement of the laws now on the statute books. I propose and will represent the wishes of the people of Washington county giving every possible consideration to the demands of both the classes and the masses.

FOR CONGRESS

JAMES W. MOTT

Leading Republican Candidate "James W. Mott is one of Oregon's brilliant legislators. He has an unusual record of accomplishment. He has been the author of some of Oregon's most important legislation. He is a speaker of unusual gifts. He has invariably been found favoring sound legislation, and opposing the unsound, and has been an outstanding member of the House since 1923.

Regarding the statement as to speed laws, we still have speed laws and traffic officers, but as a rule, offenders taken through traffic violations are taken into justice court, which has nothing to do with circuit court fines as I have previously published.

The fact still remains that J. W. Mott has spent \$40,501.75, being \$4,549.97 more expensive than any other sheriff. Where former sheriffs turned over from \$31,849.08 to \$43,325.84 clear and above their expenses, Mott is lacking \$3,503.27 of even paying his expenses.

In regard to reducing the price of feeding the prisoners, the county court deserves this credit and not the sheriff.

Your support will be appreciated in this primary election with my promise of fair and square impartial law enforcement.

G. RUSSEL MORGAN

I appreciate the fine support already accorded to me. If you, as a voter, believe that the office of district attorney of this county should be conducted at our court house, or if you believe that delinquent taxes should be foreclosed before they outlaw, or if you want a district attorney who will devote his undivided time and attention to the office, to the exclusion of all private business if necessary, and handle such office without the assistance of a salaried deputy, then I will particularly thank you for your vote on May 20.

REPLY TO J. W. CONNELL

In reply to the statement issued by J. W. Connell in the Argus of May 12, where he claims fines totaled \$181,000.00. I wish to make it clear to the voting public that this amount is assessed fines and not collected fines, which I have stated in my article. Assessed fines are fines imposed on the offender by the judge, and collected fines are fines actually paid into the county.

The records show that \$34,543.37 has been paid in of the assessed fines of \$181,000, which goes to show offenders of the law have been paying their fines in about the same manner as they have for former sheriffs.

Regarding the statement as to speed laws, we still have speed laws and traffic officers, but as a rule, offenders taken through traffic violations are taken into justice court, which has nothing to do with circuit court fines as I have previously published.
