

Beaverton Review

Issued Every Friday at Beaverton, Oregon

Entered as second class matter December 9, 1922, at the postoffice at Beaverton, Oregon, under the Act of March 3, 1879.

J. H. Hulett, Business Manager

FRIDAY, MAY 27, 1932

CHICKENS AND ACCIDENTS

Chickens on our highways are responsible for many motor accidents each month. Those sitting besides drivers are also involved quite frequently.

Any lonely people in Beaverton who claim they have not been called on, can be fairly sure that if they have any money to spend, the solicitors and canvassers will call.

RESULTS OF PRIMARIES ARE VERY CLOSE

What is perhaps the most hotly contested primary since the enactment of the direct primary came to a close Friday. Numerous meetings had been held throughout Washington county where the candidates could meet with and explain their views to voters. Not only that, but column after column of newspaper space was purchased to explain how public interest had been served and offices had been conducted, how the numerous other items that should have been of interest to the voters.

Close count of the votes shows that in several instances the voters were sharply divided and numerous instances can be cited where first one candidate for nomination seemed to be ahead and then the other until even at this date there is some doubt with regard to who shall be the standard bearer for different offices.

Of special interest to Beavertonians were the candidates for County Commissioner. Chas. Haynes of Sherwood was early reported as nominated, then J. M. Hyatt, of Gaston, then James Lewis of Beaverton, and when the corrected report came in it seems that Lewis has 39 votes the highest.

E. Schulmerich, Arthur Ireland, and S. B. Lawrence for state senator was close, Ireland winning by 42 votes. J. W. Mott vs. W. C. Hawley for Congressman from this district were first one and then the other ahead in the final count. At present Mott leads the veteran of more than a quarter of a century and is conceded as nominated. On the Democratic side for the same office, Delzell and Starkweather are still neck and neck with the result yet in doubt.

For this county the last report of the count shows:

For State senator from this district, Arthur Ireland, 1963; S. B. Lawrence, 1691; Ed Schulmerich, 1921.

For joint senator: E. E. Fisher, 1234; John Thornburgh, 2463; R. L. Watson, 305; Peter Zimmerman, 1562.

For state representative: A. M. Jannsen, 2607; J. O. Johnson, 2727; E. J. McAlister, 3550.

For district attorney: G. Russell Morgan, 2892; E. B. Tongue, 2696. For County Judge: R. A. Kuratli, 1557; Donald Templeton, 3287; E. J. Ward, 802.

For County commissioner: A. H. Erickson, 662; Chas. Haynes, 1514; J. M. Hyatt, 1156; James Lewis, 1553; W. H. McElwain, 730.

For sheriff: J. W. Connell, 3393; A. F. Schendel, 1673.

For county treasurer: Newell Macrum, 773; E. L. McCormick, 1883; E. E. Sappington, 2855.

For County superintendent of schools: O. B. Kraus, 3556; O. V. White, 1923.

For recorder of deeds: Jas. Davis, 3292; G. L. Woodworth, 1769.

Other county offices were uncontested.

LOCAL HAPPENINGS

Mrs. Manly Underhill spent several days this week visiting friends in Eugene.

Mrs. L. H. Slade of Reedville broke her right arm Tuesday when she fell down the basement stairs.

Mr. and Mrs. VanKlee and daughter Cathryn spent Sunday with a party of friends at Champeog.

Mrs. Charles Esterly of Portland was in Beaverton Thursday visiting friends and looking after property interests.

Mr. and Mrs. Orval Thompson and son Gene were guests, Sunday, of Mr. and Mrs. A. H. Kessinger of Portland.

Mr. and Mrs. Orval Thompson and family were guests, Monday, of Mr. and Mrs. Fred Braun of Forest Grove.

Mrs. E. C. McElroy went to Portland Thursday to attend the graduating exercises of her nephew, Ben Christensen.

Mrs. L. C. Barnes and Mrs. Harry Barnes left Wednesday evening for a visit with Mrs. L. C. Barnes' mother in Iowa.

Mr. Jim Hannahan, section foreman for the Oregon Electric, left for Ireland Monday to spend several months visiting relatives.

The amateur flower growers are looking forward to the Beaverton flower show sponsored by the grange on June 9th at the Grange Hall.

Mrs. Inez Whitworth and brother Earl Evans left Tuesday morning for Lake Lytle where they will open the Evans cottages for the summer.

Mr. and Mrs. Ryan and family formerly of Whitford Community, but now of Durham attended the school exercises at Whitford, on Wednesday evening.

Mr. and Mrs. J. H. Hulett and family and Mr. and Mrs. Orval Thompson and family were dinner guests Friday of Mr. and Mrs. Walter Melzer of Six Corners.

Miss Grace Bowen and Mr. Joe McAllen of Rainier, Oregon, spent several days this week visiting at home of Mr. McAllen's sister, Mrs. Andy Dennis.

Mr. and Mrs. Andy Dennis returned to their home Sunday evening after spending the past week at Clatskanie, Oregon, where Mr. Dennis was employed.

Mrs. Raether of Centralia, Washington returned to her home Tuesday after spending part of the week visiting at the home of her son and daughter-in-law, Mr. and Mrs. Ben Raether.

Remember the flower show which will be sponsored by the Home Economics committee of the local grange on the afternoon and evening of June 9. A list of the qualifications will appear in this paper next week.

Leaders of 4-H clubs in the county will meet Saturday night in the county courtroom at 7:30 to discuss the 4H club fair and ticket sales for it as well as plans for the Corvallis summer school.

Mr. and Mrs. Hugh Lewis, Mrs. Rose Stevens, and Mr. Harley Taylor motored to Eugene Monday to attend the annual meeting of the Grand Lodge and Rebekah Assembly. Mrs. Louanna Underhill accompanied them and will spend the time while there visiting with her sister.

The Whitford school held its graduating exercises Wednesday evening to a full house. A splendid program of readings, songs, two plays and a very interesting acrobatic number in which the whole school participated was much appreciated. H. F. Eliander chairman of the board of directors with a well chosen speech presented

eight grade diplomas to Marjorie Johnson and Frank Gillson.

Miss Elsie Whitworth was one of a party of members of the Trails Club, who made the seventeen mile hike to Devils Peak above Rhododendron over the week-end. They were among the few who have been privileged to view the beautiful falls hidden away in this rugged part of the country. They are said to exceed Multnomah Falls in volume and rugged beauty. Due to the extreme roughness of the surrounding territory and the almost inaccessibility, very few have been privileged to see this wonder of nature.

KINTON WILL SEND S. S. DELEGATION

Kinton will send a good delegation to the county Sunday school convention to be held with Scholls school at the grange hall this Sunday at 10 o'clock in the morning, and continuing through the day. There will be a session of Sunday school at 10 and part of the program until noon at which time there will be a basket lunch served. All attending are requested to bring their lunch. Following the noon hour there will be a fine program, the speaker of the session being Dr. Staub, pastor of the Sunnyside Congregational church of Portland. Everyone is welcome to attend this convention this Sunday at Scholls grange hall.

KIWANIS CLUB IS WELL ATTENDED

Kiwanis this week brought out a slightly larger attendance than usual. Perhaps it was the promised entertainment and perhaps it was the activity of Mayor Wilson who had charge and supplied the club with a very elaborate and successful program.

Miss Margaret Heacock, radio en-

tertainer of Portland favored the club with a couple of her best selections. Those who heard them will not soon forget. Her father spoke to the club on "Progressive Business." His address was heartily applauded, just as a slight appreciation of the enlightening value of his discourse.

D. U. V. TENT VISITED BY THE STATE PRES.

The Daughters of Union Veterans of the Civil War met at the home of Mrs. Emma Bush last Saturday evening for their regular meeting.

The State Department President, Mrs. Bertha Bergman made her official visit to the tent at that time. Visitors from Portland tents were also present.

At the close of the meeting delicious refreshments were served by the members of the local tent.

ON OREGON FARMS

Willows—Advice to use a spar varnish on my drainboards was the thing I appreciated most of all in the "short cut" letters received from Mrs. Zelta Rodenwald, extension specialist in home management, Corvallis, says a homemaker of this community. "First I used a good sandpaper and got my boards clean and smooth. I let the varnish dry thoroughly before applying the second and third coats and I used a very fine sandpaper lightly before each coat. Now my boards are like glass and easily kept clean. I also put spar varnish on top of my breakfast buffet table. It saves cloths and I like it better."

Medford—Recreation material furnished by the recreation division of the home economics extension service has been used in 377 meetings during the past year, according to the report of Mrs. Lee Port, member of the Jackson county advisory committee. This material includes

songs, music appreciation, games, folk dances, skits, stunts and dramatics.

Roseburg—Practically a 100 per cent kill of the snails essential in the life history of the liver fluke of sheep was obtained by L. E. Goodbourn and Fred Fisher of Roseburg and Dr. J. W. Cook of Wilbur recently through the application of bluestone on the wet areas of their pastures. With the assistance of County Agent J. C. Leedy and Dr. Robert Jay, federal veterinarian Mr. Goodbourn treated a stream before it spread over his pastures, and Mr. Fisher spread seven one-half pounds of bluestone mixed with 50 pounds of landplaster over his pastures, while Dr. Cook used 30 pounds of bluestone per acre mixed with 250 pounds of landplaster. Inspection 15 hours later showed practically a 100 per cent kill in each case.

Redmond—Many persons in the Eastern Star community report direct benefit from meetings on "economical meals" conducted in cooperation with Ella Miller, home demonstration agent. Reports indicate that 20 individuals added more vegetables to their diet, 10 more fruit, 19 more uncooked vegetables and fruits and 18 more whole grain products. Twelve children and 21 adults were helped to drink more water daily and 9 children and 6 adults to drink more milk.

Dallas—Trials of the new Corvallis strawberry developed at the Oregon Experiment station have been set out on the farms of Robert and Henry Mode in the Wier district where farmers have been growing Eftersburg berries on soil generally considered unsuited to this variety, according to County Agent J. R. Beck. It is hoped that the Corvallis berry will give better results under these soil conditions.

NOTICE

All debris should be accessible by 8:00 p.m. Friday afternoon, May 27. Such material will be removed at the City's expense.

Refuse not so placed will be collected and the expense charged to the property owner.

(Signed) A. E. Wilson, Mayor

ADD A LUXURIOUS TOUCH TO YOUR FOOD ECONOMIES

TO count our pennies, to keep food budgets down, and yet to provide tempting fare—that is real kitchen art.

That is why chocolate's popularity never wanes. For chocolate gives the simplest, most economical dessert a touch of luxury.

Let chocolate work its magic with such old standbys as rice or bread pudding, and your family will give three cheers for your most economical dishes.

Chocolate Bread Pudding
1 1/2 squares unsweetened chocolate, cut in pieces
1 1/2 cups milk
1 cup sugar
Add chocolate to milk in double boiler; heat. When chocolate is melted, beat with rotary egg beater until blended. Combine sugar, salt, eggs. Add chocolate mixture gradually, stirring vigorously. Add vanilla. Place bread in greased baking dish. Pour mixture over it. Place dish in pan of hot water. Bake in moderate oven (350° F.) 50 to 60 minutes, or until pudding is firm. Serve hot with hard sauce, or cold with cream. Serves 6.

Berkshire Pudding
3 squares unsweetened chocolate, cut in pieces
3 cups milk
1 cup sugar
6 tablespoons flour
1/4 teaspoon salt
1 teaspoon vanilla

Add chocolate to milk in double boiler and heat. When chocolate is melted, beat with rotary egg beater until blended. Combine sugar, flour, salt. Add small amount of chocolate mixture, stirring vigorously. Return to double boiler. Cook until thickened, stirring constantly. Cook 20 to 25 minutes longer, stirring occasionally. Add vanilla. Chill. Serve with cream. Serves 6.

Chocolate Fruit Pudding
3 squares unsweetened chocolate, cut in pieces
1 1/2 cups milk
1 cup sugar
1 cup cold water
1 cup sugar
1/4 teaspoon salt
Add chocolate to milk; heat in double boiler. When chocolate is melted, beat with rotary egg beater until blended. Soak gelatin in cold water, add sugar and salt; mix well. Add to chocolate mixture; stir until gelatin is thoroughly dissolved. Strain. Chill until slightly thickened, stirring occasionally. Add fruit, nuts, vanilla. Beat well; turn into mold. Chill until firm. Unmold. Garnish with sweetened whipped cream. Serves 8.

Serve these desserts the next time you have company—they will win compliments from your guests.

New Uniform Designed For 4-H Club Girls

WHEN the boys and girls meet in Washington, D. C., for their Sixth National 4-H Club Camp this June, the girls are going to look very trim and smart, according to Mary Grace Ramey.

The girls' new uniform, which she describes in an article in the April Country Gentleman, is so simple, she says, that any girl can make one herself with little difficulty.

"The dress is made of a green cotton broadcloth with a detachable collar of white," Miss Ramey says in her article. "The tie is white crepe de chine. Pearl buttons fasten the sleeves and the belt has a matching white pearl buckle. The correct length for the skirt is fifteen inches from the floor and the coat is long enough so that it covers the skirt yoke. The frock itself has no sleeves, but it does cover the tops of the arms just a wee bit. It looks prettier this way. The blouse and skirt yoke are in one, and every girl will fit her frock neatly to her individual figure."

"To keep the crisp knife-like edge on the skirt pleats, a row of machine stitching very close to the edge of each pleat will prove an invaluable aid."

"A rather small, soft crusher hat, of white felt, and sports shoes with approved heels, such as our pictured 4-H club girl has on, are the accessories recommended for the 4-H girl delegates to wear with their uniforms."

An effort is being made to secure the widening of the Lower Columbia River Highway.

A new Federal building at Corvallis will be ready for occupancy about April 15.

The construction of the proposed Veterans Hospital at Roseburg may begin in April.
