The Cook's Nook

MILK DRINKS

Some like it hot—some like it cold—but hot or cold, spiced or flavored, there are milk drinks to satisfy any whim of taste and for any occasion. According to the food scientists, cool, refreshing milk should have first place in the summer diet. This bit of advice should be easy to follow as there is no limit to the variety of delightful and attractive drinks possible with milk. As you plan your summer menus, include a milk-shake frequently as a variation of the plain milk beverage or the usual hot chocolate.

Milk shakes are simple and easy to prepare. A glass jar or a strong egg beater is all the equipment necessary. In using a glass jar, select one large enough to allow for generous air space. Screw cover on securely and shake vigorously for one or two minutes. To be most satisfying the cold milk drink should be served very cold. A dab of whipped cream, a spoon of ice cream, a sprig of mint, or a dash of spice, are simple garnishes which make a milk drink more tempting.

'Most everyone likes chocolate. This chocolate drink is 'different and can be prepared in a moment's notice. It will solve the 'what to serve' question very satisfactorily when the unexpected guest drops in, or when you are faced with the problem of serving something in a hurry.

Honey Iced Chocolate

2 tps. cocoa
3 tbsps. honey
1 cup milk
Heat milk to boiling point. Mix cocoa and honey and add to hot milk. Stir well and add salt. Pour into iced tea glasses filled with cracked ice and top with whipped cream. This makes two servings. A delicious caramel drink is made by substituting 1 tsp. brown sugar and 1 tbs. caramel syrup for the cocoa in this recipe.

Fruit juices and milk combine to make a variety of tempting drinks. For each serving use one-fourth cup fruit syrup with three-fourths cup of milk. Both the milk and fruit juice should be thoroughly chilled. Whip the milk until light and foamy, add the fruit syrup and shake or beat until thoroughly blended.

Quantities of syrup may be prepared at one time and kept on ice or in a cool place to be used as needed. The following syrups are in quantity for about 25 servings. To make, combine the juice with the sugar and boil five minutes.

Strawberry syrup—2 cups juice and 1 1/2 cups sugar
Loganberry syrup—2 cups juice and 1 1/2 cups sugar
Grape syrup—1 quart juice and 2 cups sugar

For orange and lemon syrup use 1 quart juice and pulp and from 1 1/2 to 2 cups sugar. Stir until dissolved but do not heat. When tomato juice is used no sugar is added.

Fruit juices may be used in combination with both eggs and milk to make other nutritious drinks. These are really fluid foods. They are highly nutritious and valuable in liquid dietes and as a supplementary diet for those who are underweight. Raw eggs are better digested and absorbed by the system if well beaten and are more palatable when combined with milk

TIGARD NEWS

Mrs. Chas. Rahmig and son Clarence and daughter Doris have gone to California for a visit with relatives.

Quite a number of Tigard people are planning to attend the Benefit entertainment at Aloha on August 12, for the two workmen injured by the falling scaffold at the new Grange hall at that place.

The Tualatin Division of the Garden Home bus line is greatly appreciated by the residents of Tigard, Trece, Durham and way points since the trains on the Oregon Electric have been discontinued.

Bids have been advertised for the construction of a bridge across the Tualatin River two miles north of Sherwood.

Our cunning old ex-flame, Otto Zileh, dropped in to say hello. Says he is having a heck of a time with a school teacher friend. Every time he goes to see her she keeps him an hour longer for being naughty.

Hawaiian Frosting

2 cups sugar
1 teaspoon light corn syrup
2/3 cup water
2 egg whites, stiffly beaten
1 cup raisins, chopped
1/2 can coconut, chopped
1-tablespoon lemon juice
Combine sugar, corn syrup, and water. Boil until a small amount of syrup forms a soft ball in cold water, or spins a long thread (240° F.). Pour syrup slowly over egg whites, beating constantly. Add raisins, coconut, and lemon juice. Continue beating until thick enough to spread on cake. Makes enough frosting to cover tops of two 8-inch layers.

Orange and Milk Foam

One egg
1/2 cup strained orange juice
1 tbs. strained lemon juice
2 tbs. sugar
Dash of salt
1 cup cold milk
Beat the egg slightly. Add orange and lemon juices, sugar and salt and beat thoroughly. Pour into a jar or mixer, add milk and mix for one or two minutes.

Creamed Turnips

Small yellow or white turnips may be used for this recipe. It will appeal to the hostess because it is as easy to prepare as it is good to eat.
Boil six large turnips until done. Add one cup sweet milk, one-half cup butter, salt and pepper, and one teaspoon sugar. Mash with a potato masher until smooth. Serve very hot.

Coffee Shake

Half fill a shaker with clear, freshly-made coffee, add a few drops of vanilla, four tablespoons of crushed ice, one or two tablespoons of powdered sugar and heavy cream or evaporated milk to taste. Shake vigorously till foamy, serve in tall slender glasses, topping each with a spoonful of whipped cream and a halved maraschino cherry.

DOUBLE-DUTY KITCHEN

TOOLS HALVE YOUR WORK

Your kitchen tools and utensils can do double-duty and save your time if you use your brain! Stop and consider them—in what other way will they be handy besides in their original capacity? For instance: your pastry bag can be used to squeeze out mashed potatoes, for decoration, or to cover the tip of a casserole dish; your flour sifter can be used to "de-lump" the sugar; doughnut and cookie cutters fashion attractive canapes; wet scissors are just the thing to slice those pasteurized dates. Turn inventor and find out new ways to use these kitchen friends for yourself.

Glazed Carrots

These glazed carrots go particularly well with the hot roast lamb and may be cooked in the oven, at the same time, thus conserving fuel.
Cook six large carrots for fifteen minutes in boiling salted water. Remove the skins. Cut into slices. Place in a baking pan. Make a syrup with one-half cup brown sugar, one-fourth cup butter and one-fourth cup hot water. Pour over the carrots and bake until brown. Baste occasionally.
