YOUR DAY OF DAYS

That day when you give the Gospel to the one out beyond; he may be next door; he may be far away.

For when the procession of other and more common days has gone its way, this day will endure in the mind and heart of God; a day to feast his eye and the eye of men and of angels.

Did you not step up to this central business of giving out the Gospel how would that other soul ever hear of God's Son? How hear of His coming and dying for sin and of His rising again; how ever know deliverance from sin-grit and how know of day-by-day victory over sin-habit and untoward circumstance

And how would the Father's eternal plan for the Son bring forth until the Son becomes the foremost among "any brethren if you never awoke to call to that one out beyond?

Your Day of Days, waiting there to give you glad welcome when the great God bestows the eternal rewards. It tells him you were a pilgrim on the earth, passing through to herald the message of life, with buying and selling a side-line to finance it all.

Waiting there for you, that soul brought in from the dark; you hear the Father's, "Well done good and faithful one"; you receive your eternal reward and all the unfolding ages take on color. Your Day of Days when you reach for the one out beyond. Next door maybe or maybe across the sea. Yea. "Go ye into all the world and preach the Gospel to every creature."

THE LEADER CAN ACCOMPLISH

WHAT OTHERS DARE NOT TRY

TOMORROW CHEVROLET PRESENTS A NEW SIX

Longer • Larger • Faster • Smoother • New in Styling • More Economical • And Featuring Fisher No-Draft Ventilation

TOMORROW will be Chevrolet Day throughout America. And the new car that millions have been watching and waiting for—the latest product of the world's leading builder of automobiles—will go on display: the New Chevrolet Six—at a new scale of low prices. Front, side, rear—inside, outside—everything about this new car is advanced, improved, exciting. Longer wheelbase makes it the biggest automobile in today's low-price field. The latest principle of car design, "Aer-Stream" styling, gives it a totally different, ultra-modern appearance. The new Fisher bodies are larger, wider—faultlessly streamlined—swung lower to the road—and offer the first basic improvement in travel comfort in over ten years: Fisher No-Draft Ventilation. Chevrolet performance in every gear is faster, flashier, more brilliant. The time-proved six-cylinder engine is more powerful

as well as more economical. Improved Free Wheeling is combined with a "silent second" Synchro-Mesh gear-shift. Chevrolet engineers have developed a remarkable new invention that wins a complete victory over vibration: The Cushion-Balanced Engine Mounting. And as far as prices are concerned, several models now sell at the lowest figures in Chevrolet history. Chevrolet is able to do all this because Chevrolet has the advantage of being the world's largest builder of cars for 4 out of the past 6 years. Chevrolet builds cars in greater volume—buys materials in greater quantities—does everything on a bigger, more economical scale. Hence, Chevrolet is in a position to provide a better car at a better price than could possibly issue from any other source. The leader can accomplish what others dare not try! CHEVROLET MOTOR COMPANY, DETROIT, MICHIGAN
