AN EDITORIAL

"We". When most of us think of this word we usually associate it with Lindbergh or maybe just a few of our most intimate friends but let us think of it in the sense of our school. The student body of B. H. S. is "WE" and without the loyal support of every student the school cannot exist.

There are many ways that "WE" can help. One is by supporting every school activity whether or not you happen to be taking part and another is to take part in all the activities that you can. If "WE" do this surely "WE" will have a school that everyone of us can be proud of.

—Imogene Smith

HONOR ROLL SHOWS LARGE INCREASE

The number of students on the Honor Roll is constantly increasing, there being twenty three for the first six weeks of the second semester. Those receiving blue report cards were: Robert Benson, Ivan Bierly, Aline Boswell, Betty Buchanan, Delbert Burke, Helen Godfrey, Aletha Huette, Clark Junior, Russell Kabb, Helen Kurowski, Jean Lewis, Charles Martin, Mark Sayre, Kenneth Taylor, Douglas Taylor, Mikfred Twohy, Jeanne Tuttle, Margaret West, and Carl Cornils.

Those students receiving Honorable Mention were: Evelyn Alexander, Corrine Antrim, Ruth Filley, Harold Godfrey, Melvin Gumm, Blanche Haines, Francis Holboke, Alice Louie, Vera Jacobson, Catherine Markovich, Edward Moshofsky, David Mason, James Miller, Lois Sato, Rex Sexton, and Harold Spiss.

THE WEEKLY QUESTIONNAIRE

- Answers to last week's questions:
1. A member of the National Socialist party in Germany.
 2. Erich Maria Remarque
 3. Denmark.
 4. Nineteen.
 5. 119 miles an hour, made by Kaye Don, of England.
 6. A dromedary usually has but one hump, a camel two.
 7. Gold.
 8. Berne.
 9. Yes.
 10. Lincoln.
 11. An English monk and philosopher of the 13th century. He is said by many to have invented gun powder.

NEWS NOTES

The Senior Class have selected their announcements.

The Torch Honor Society will present "Who Kissed Barbara?" on Monday, March 27.

There is to be an inter-class track meet this Friday.

Ora Diehl has quit school.

Clarence Henderson, a junior, has entered from Long Beach, Calif.

Mrs. Bob Phillips and Mrs. Ed Warren entertained the women members of the faculty at a St. Patrick's bridge party the evening of March 14. The whole party carried out the St. Patrick's idea very nicely. Miss Burke won the prize for high score and Miss Sanford the consolation prize.

Robert Shepherd, a member of this year's senior class, underwent an operation for appendicitis last Thursday. His condition is reported as favorable.

Owing to delay caused by a flat tire bus No. 7 was late Tuesday morning and it's entire load of students missed half of the first period classes.

Irma Browne '32 has enrolled in the Short Hand class. She will take this opportunity to perfect herself in this subject in order to continue her business training.

Ruth Denney, one of last year's graduates, visited the high school on Thursday.

The following grade school pupils were among the winners at the Washington County Elementary Declamation contest: Hallie Jean Pace speaking "The Dead Pussy Cat"; and Lyman Webb speaking "Spartacus to the Rome Gladiators".

Aunt Sophrony's Column

Dear Aunt Sophrony:
If I go to school another five years do you think that I'll be put on a pension? F. Z.

Dear F. Z.:
You will probably be put on bread and water.

Dear Auntie:
Can you explain what this strange power is that I have over men? Is it my good looks or that something which cannot be described? It perplexes me and I would really like to know. —H. R.

Dear H. R.:
It isn't what you have got. It is what you haven't got. A. S.

Dearest Aunt Sophrony:
I don't know what to do. Everytime any of the older girls see me on the street or in the halls with N. S. they laugh. As I am very self conscious this makes me miserable. Can you tell me what to do? G. K.

Dear G. K.:
Don't pay any attention to it. They just wish they had such a cute boy friend. A. S.

Dear Auntie:
I can't figure out what is wrong with me. I can't seem to remember anything. I can't think, for my mind is all mixed up. Do you think I should see a doctor or what? M. D.

Dear M. D.:
I don't think it is serious. Many are in the same boat and can sympathize with you. A. S.

FUNNY PHINNIE IS BIG SUCCESS

A farce in 3 acts was given by the student body Friday 17. A large crowd was present and thoroughly enjoyed the play, which was centered around a laundry and was a hilarious comedy all the way through. Many compliments were paid to the members of the cast. The characters were:

Ruby Heinberger.... Helen Boggs
Genevieve MacGosh.... Blanche Haines
Clara Tetterbaum.... Joyce Simonton
Ella Flynn.... Margaret West
Millicent Murray.... Annabel Benson
Amos Plummer.... Bob Montgomery
Mr. Glucksman.... Marvin Stalder
Richard Kendall.... G. Shellenberger
Mrs. Plummer.... Ruth Fulgham
Pineas Pike.... Don Walker
Miss Sanford is to be congratulated on the splendid coaching of the cast. —Don Walker

BEAVER CHIPS

By "The Snoop"

The play was worth 50¢ but they had to charge a quarter. This play was the best ever put on at the Beaver's auditorium. (this is said every year).

Did anybody see the blond? Bill did.

Mary Jane Junior's lily of the valley man is no one else but Melvin Gumm (Spearment) If you don't believe me ask her she'll tell you SOMETHING. (Yes Sir)

Next week we'll tell you who the most beautiful girl in Beaverton Hill is. A vote is being taken right now as you read this; don't fail to miss this g'a'e event. P. S. Lloyd Wirtz can't win this.

We are graced by the presence of a young poet. His name, Nelson Swolgaard. He has composed a poem called, "The Love Affair Of Paul Revere" (very touching) and dedicated it to Georgia Bell Kamberger.

New romance, sure. K. Taylor's small heart is fluttering like a stone. Her name is Gertrude. Too bad—well, all good men have their weaknesses.

STUDENT BODY BOOSTS THE PLAY

A special student body meeting was held Tuesday, March 14 at 12:30 for the purpose of advertising the student body play, "Funny Phinnie" which was given Friday, March 17th in the gym. Douglas Taylor, advertising manager, gave a short talk about cooperating with those in the play and others to get the necessary funds the school needs. Many were selling tickets and for each ten sold one free ticket was given.

Marvin Stalder gave an enthusiastic speech about buying the Hummer and cooperating with those who publish it.

Helen Godfrey and Elizabeth Struthers played two duets which were greatly enjoyed by all.

Mr. Metzler cautioned the boys about rushing out of the rooms before the girls and asked the to go more quietly.

—Lila Fay Boyce

THE BOYS' LEAGUE HOLDS A SESSION

The Boys' League held its second meeting of the semester last Wednesday afternoon in the study hall. Mr. Drapre of the Oregon Institute of Technology was the speaker.

The meeting was called to order by the president, Bill Underwood and several matters of business were discussed. Paul Boeckli suggested that the Boys' League place tile at the lower end of the athletic field and thus avoid a repetition of the mud holes prevalent in that section of the track last spring. After some discussion it was decided that volunteers should be excused during one of their study periods for this purpose. Lloyd Wirtz asked for better cooperation of the boys in the matter of throwing lunch bags and other waste material on the streets. A motion was made and passed that a resolution be sent to the city council declaring the intention of the students in keeping the streets clean. It was also asked that the students keep off the lawns near the school while eating their lunches. As there was no other business the speaker was introduced.

Mr. Draper noted for his abundant supply of stories kept the boys laughing for several minutes before throwing the meeting open to any questions that might be asked.

He spoke for some time upon the value of public speaking in the high school. All progress, he said is built upon imagination. We have gone along just doing the thing set out for us, never thinking if we could do it differently or better. We all have a chance, all illustrated by the many simple inventions which should have been discovered long ago, all based on a simple bit of originality—an idea. The world in the future will not be looking for the man who asks for a job but men who can sell themselves. To such a man a "No Help Wanted" sign does not mean that he cannot go in and get a job. The employer is not taking the fellow who is merely looking for a job, but for the fellow who can do something right, who has a notion and can sell it to him. There is no better way to sell yourself than by public speaking. Mr. Draper declared. He spent the remainder of his talk in answering questions about the different vocations.

—Kenneth Taylor.

GIRL RESERVES

Members of the new Girl Reserve cabin, proved themselves capable of their positions at the meeting March 15th. The president, Margaret West conducted the meeting successfully. Since the new change in the cabinet the Girl Reserves have taken on a new spirit and the meeting was more peppy than usual. The Secretary, Isabelle Wallis, read the minutes and a letter of resignation from the reporter, Mildred Pinnell who is now attending Hillsboro High School. The president appointed Catherine Markovich to replace her. Each girl received her membership card and upon presenting it at the Y. W. C. A. in town, she will be given seeds for a flower garden.

It was decided that the Beaverton Girl Reserves spend the week end of April 29 at Rockcreek camp on the Clackamas River. Most of the meeting was spent in discussing the G. R. Carnival to be given April 21. A new method for selecting the queen and her attendants has been adopted. Each chairman of a booth and her helpers selected a member of the faculty to be their advisor and began immediate plans for their booths.

The president and Dorothy Boy will attend the High School Girl Reserve Inter-Club Council, Saturday at Y. W. C. A. Catherine Markovich, Rockcreek chairman will attend a meeting Tuesday at the Y. W. C. A. for all G. R. Rockcreek chairmen.

—Catherine Markovich.

B. H. S. TO HAVE A NEW TENNIS COURT

The Beaverton Parent Teacher's Association has furnished material for the construction of an outdoor tennis court. It will be built as soon as the weather permits. This court will be given over to the boys.

Howard Petzold and Melvin Gumm are busy painting lines for an indoor court on the floor of the gym for the girls. This will provide activity for noon hour periods.

—Marvin Stalder

Mr. and Mrs. Frazier and daughter who have been living on Lombard St. moved to Centralia, Wash. last week where he will be supervisor of the Northwest Rural Sunday School Mission.

ALUMNI NOTES

Dorothy Lewis and Doris Langman returned Friday to spend the spring vacation at their homes.

Ross Hart and Verne Allen are among those home from Monmouth spending their spring vacation.

Margaret Kaupplia, after a few weeks vacation has returned to her work in Portland.

John Schilling '32 is employed at the Aloha Mercantile.

Four members of the alumni Association who are veteran debaters attended the debate banquet Thursday. They were Noma Brown, Stanley Cornils, Elizabeth Huff, and Ronald Webb.

Dorothy Boy and Margaret West attended a meeting of the High School Girl Reserve Inter-Club Council at the Y. W. C. A. in Portland last Saturday.

Robert Haines '30 sang two songs between acts at the high school play Friday the 17th.

Donald Jackson has been elected president of the Oregon Baptist Young People and Sunday School Union.

ON OREGON FARMS

SEED BARLEY IN DIAMOND LAKEVIEW—A good demand for Union or Ben Beardless barley grown by Lake county farmers this last year has developed in out-of-state markets, with four leading growers here selling more than 3000 pounds for seed purposes recently. Local dealers have bought up practically all the remaining supplies in this region and are holding it for seed purposes. This barley was originated at the Union branch experiment station as the first really successful beardless barley.

RED BERRY DISEASE FOUGHT MEDFORD—Southern Oregon berry growers have been warned by County Agents Wilcox to guard against loss from the so-called red-berry disease that caused so much loss in parts of the Willamette valley several years ago. This "disease"

is caused by a microscopic mite that works into the buds of blackberries and Himalaya berries, halting their maturity at the red stage. Spraying with liquid lime-sulphur in advance of the opening of the buds is a successful control measure.

OLD PRUNE TREES THINNED DALLAS—The effect of thinning out an old prune orchard on quality and production is being tried out this season by Knowles Brothers of the Greenwood community. This 21-year old prune orchard was originally set out 16 by 22 feet. Now the owners are taking out every 16-foot row, so in the future the trees will be 32 by 22 feet apart. County Agent Block believes this treatment might be good for some hill orchards that have been going back in recent years.

FIELD PEAS TO BE TRIED HEPNER—More tests of field peas grown on land that was summer fallowed last year will be tried through Morrow county this year. Seed of the varieties foun best at the Morrow branch station have been obtained by County Agent Smith for the following owners: J. Y. Gibson, lone, M. J. Fitzpatrick and O. W. Cutsforth, Lexington.

Bruno Art Studios

At 286 Alder, Telephone Atwater 5361, in Portland.

This is a well-known and a popular art center of the community and the place where people of this section know they will find expert professional work in all that pertains to modern photography for the studio is of very wide experience in the work. They have won wide renown as artists of the first rank and makers of photographs that please.

Truly it has been said "Your friends can buy anything you can give them, except your photograph." And photographs are not expensive because the proprietors of this studio are prepared to serve you in the

most efficient manner at small cost.

You can secure here most excellent photographs at most moderate prices. Of course they are prepared also for the rarest and most costly work in this line and there are examples of the artistic ability today in the homes of many of the families in the community. But they are also the popular priced photographers and specialize in proving to you that really good work can today be had at truly a very small cost.

This well known place has won the admiration of many parents through excellent work they do in making pictures and portraits of

children. Whether it be an infant in arms or a child in school, they seem to possess that happy faculty of catching them in the most natural way.

This studio is one of the leaders in this profession, as are also their assistants. Their work has elicited the highest commendation especially among the prominent families of the community, and the studio is at the service of clients whenever they desire.

Taken all in all, this fine studio is a most worthy member of the profession and the citizens of this section are to be congratulated upon having persons of such artistic ability in their midst.

Pettit Feather & Bedding Co.

With a modern sanitary plant in Portland at 771 York, the Pettit Feather and Bedding Company is equipped to meet all the demands for the mattress, is well made and sensibly priced.

They are licensed manufacturers of the well known Nachman spring-fitted mattresses. Many of the finest hotels, largest hospitals and ocean liners are fitted with Nachman mattresses on every bed.

Mattresses like all household commodities that add comfort to living have reached the point that they are now manufactured to give the utmost in service, ease and rest. Mattress making is an intricate business. The public little realizes the knowledge that must enter into good mattress production, the machinery and equipment needed.

Intense study coupled with years of experience has qualified the Pettit Feather and Bedding Co. to produce mattresses which give you the sound, restful, restorative sleep your body requires. All the mattresses are built according to the principles that the sleeper's body must be evenly supported so that the spine is perfectly straight. A mattress that does not do this distorts the spine, irritates the nerves and consequently causes sleeplessness.

Mattresses are made by this firm to fit the body and the corners are so tailored and reinforced that they will not break down, which is a common fault with inferior made mattresses. In their own modern clean plant everything used in the making of mattresses is brand new.

They never use any washed or re-worked filling. Their mattresses give the owners incredible service, but the greatest claim accorded to their special brands is restorative sleep which these mattresses give.

Their popular mattresses will not sag, or stretch and will never lose its elasticity, newness and freshness. Though this mattress will give you infinitely greater sleep comfort and much longer service you can buy it for very little more than an ordinary mattress.

The Pettit Feather and Bedding Company is under the management of J. W. Pettit who knows the business thoroughly and who personally sees that all products turned out by this plant meet the highest standards of sanitation and production.

Adv.

Union Ave. Shingle Co.

In Portland at Union and Columbia Slough, Telephone Walnut 9368 under the management of Mr. Newberg.

In a review of the business interests of Portland and vicinity there is no concern more worthy of extended mention than this one.

Here the public has at its disposal the services of men who possess the ability and who obtained their very modern business education in the school of practical experience. From the inception of the enterprise, quality shingles have been the aim and the standard has been maintained from the beginning.

The plant of the company is very

extensive and is equipped with the latest scientific machinery for the production of quality.

The name stands for quality, reliability and progress in this industry and as the advances of the times have marked improvements in the trade they have kept thoroughly abreast of the times.

It is a local concern, under competent direction of men interested in local development and its substantial and well merited progress is a matter of actual fact well known to the public.

The shingles manufactured by this concern are recognized by the trade as the very best. They are

sold all over the country and the users have always been well satisfied and demand their products when buying again.

In making this review of the on-ward progress of this part of the country we are glad to call to the attention of the people the advantages accruing to the public by the location of this industry here, the high quality of the shingles and the commanding position they occupy in the industrial world, excelling as they do in their special field of endeavor.

But what we particularly call to our readers attention is the fact that when ordering be sure to call the Union Ave. Shingle Co. adv.

Olsen Machine Works

Located in Portland at 415 E. Madison Street. Under the management of Mr. Olsen who has been in business 30 years.

Well equipped for all classes of high grade machine work, they have established an enviable reputation for expert service and reasonable prices. Much work is daily received by this shop from surrounding territory.

The prices are of the most pleasing character and the promptness of the satisfying work done when promised.

The proprietors realized when they started in business that it was necessary to equip the place in a most complete and modern style and so they installed the latest of sci-

entific machinery necessary in an establishment of this kind. This is one of the reliable institutions of this section and when you need anything in the line of machinery repair service you can do no better than go to them.

The service has always been efficient and courteous. As a result the business grew to such proportions they found it necessary to provide a modern shop. This they did and now have one of the most modern in the city. It is scientifically equipped as regards all classes of machine work for motorists, manufacturers or farmers—are prepared to render service in these lines which equals that of any offered in the largest cities of the nation.

They are experts in the business and no matter what work you desire you will find them always ready and willing not only to serve you but also to give you valuable advice and suggestions as regards anything connected with the business. Their plant is a credit to the community and a tribute to their progressive and reliable policies.

Those of our readers who desire any work of this nature executed should avail themselves of the services of this well known establishment we can assure them of most reliable work, while the charges are always right.

We compliment them upon their well merited progress and the increasing patronage.
