## LICENSES MUST BE RENEWED SOON

Here's a tip for the thrifty motorist! Drivers' licenses will sell for exactly twice the present price after June 9, the fee having been raised to one dollar under the new law which will become effective at that time. Those who get their licenses renewed before June 9 will not only save half the cost but will avoid the last minute rush which is certain to occur, reports Hal E. Hoss, secretary of state.

The new Oregon motor vehicle law provides that all drivers' licenses issued prior to July 1, 1931, must expire on September 1, and every two years thereafter, beginning on June 30, 1935. This means that every operator carrying one of the old-type licenses must have it renewed before September and because there are some 400,000 drivers affected by the law, the department will be flooded with applications as the dead-line approaches.

"Persons desiring to renew their operators' cards before June 9 should secure an examiners' schedule and an Oregon Motorist's Manual," advises Secretary Hoss. "These may be obtained from state police, county sheriffs, chiefs of police, newspapers, or by writing to my office. No one should attempt to take the examination without first having carefully studied the information contained in the manual," Mr. Hoss adds.
