AN EDITORIAL

Much has been said, in recent years, about the expense, the magnitude and the expense of modern education; about its entrance into extra-curricular fields and its partial departure from the simplicity and basic courses of the years gone by. These questionings and criticisms have been made in all good faith. What is the use of the football teams, track teams and basketball teams that travel about the state at the expense of the school? Why the debate teams, the cafeteria, the student papers and all the additions which characterize modern education?

The answer comes from a hint dropped by a parent of one of our students, a thought common to the parents of most modern high school students. "He has more education than I ever had."

By education is meant preparation for life. If this result can be accomplished better by adding to the education of yore, teamwork and co-operation in the form of athletic teams; practical experience in cafeteria and student papers; initiative resource, ability to "put things over" and to think on ones feet—in debate teams and classes; well and good. And these are the exact results.

The modern high school is more than "brain factory". More, indeed than an organization; it is a unit of future citizens training together for the life that is soon to begin for them—training for the responsibilities which demand leadership and the undertakings that demand cooperation and the jobs that need skill and knowledge.

Much might also be said of the friendships developed, and the happy memories formed during school days, but the reasons already given are alone sufficient proof that modern education has not departed too far from "reading, riting and rithmetic."

—Douglas Taylor.

ALUMNI NOTES

Irene Fugy and Junior Dysle graduates of '32 have been engaged since December.

Brick Welch is seriously ill with tuberculosis at his home.

Maureen Rice, Leota Reilly and Margaret Haines, '32 are keeping house at various homes in Portland.

Audrey Wallis '32 and Barbara Cady '32 visited school Tuesday.

Henrietta Garrow returned from the Dalles, Saturday.

Dick Scruggs '32 handled a 5-inch anti-aircraft gun aboard the U. S. S. Maryland during the recent West Coast Naval maneuvers.

Ronald Webb, '31, accompanied the debate class in their recent "March to the Sea".

Elmer Walters, '31, and Forest Jones, '32, are still pursuing that elusive phantom known as a complete education—this time in Portland.

Ed and LeRoy Gravelle '31 are working hard at home.

Van Brown '32, Paul Shellenberger '29 are again gracing the streets of Beaverton. Van from the University of Washington and Paul from Oregon State.

Harold Shafer '32 is working at the Harry Bear Service Station.

GIRL RESERVES

A Girl Reserve meeting was held Thursday April 6 in the gym. The devotional services were led by Catherine Markovich. The girls said the Lord's Prayer and the poem "Trust in God and Have Faith" was read. Rhoda Thyng and Georgia Belle Kamberger made speeches about the inter-club hike on April, led by our president, Margaret West. Dorothy Boy, the ring chairman, announced that Girl Reserve Rings will be presented at McClay Park in Portland, April 23. Catherine Markovich announced camp day at Rockcreek for the Beaverton Girl Reserves to be April 28 and 29. The charge is one dollar for two days. After the business part of the meeting the girls formed into discussion groups. The leaders of these groups were Elanche Haines, Lila Boyce, Ruth Fulgham, Margaret Dickman and Catherine Markovich.

Traffic Cop: Hey! you can't turn around here!
Miss Barnes: That's all right I think I can make it.

Aunt Sophrony's Column

Dear Aunt Sophrony:
I have been told that I have a 'superiority complex'. Please tell me what that means and whether it is complimentary. —Betty S.

Dear Betty:
Yes, it is very complimentary. It means you have had your face lifted.

Dear Auntie:
Could you tell me a way to get rid of J. S.? He is always pestering and teasing me. —L. B.

Dear L. B.:
I believe that a sure cure would be to take him out and soak his head in a rain barrel for at least ten minutes. —Aunt Sophrony

Dear Auntie:
N. T. doesn't seem to care for me any more as he hasn't been down to the house for a long time and he won't even dance with me when he comes to the Huberdance. Lately I have seen him hanging around with V. R. Do you think I should just let him go?
—A Sweetheart, Fay H.

Dear Fay:
Yours is a complicated case, indeed. Personally I would advise you to forget about N. T. as it never does any good to run after a deserting lover. I'm sure B. B. likes your company, so why not be content with him?
—Auntie.

Dear Aunt Sophrony:
What would you advise me, as a teacher, to do when I catch I. S. and A.M. holding hands. Mr Hughes

Dear Mr. Hughes:
Put some glue on A. M.'s hand so that when someone catches them in the act they can't let go. It will probably teach them not to do such childish things. —Aunt S.

Dear Aunt Sophrony:
I am very fond of the old custom of kissing a lovely lady's hand. But it seems when I try it she is very much surprised. What shall I do?
—K. T.

Dear K. T.:
Don't be discouraged. "If at first you don't succeed try, try again."

Dear Aunt Sophie:
A few days ago I allowed a girl to rest her head upon my shoulder. Of course, I was concerned only with her need of sleep, but it is possible that anyone will misinterpret my motives.
—Worried Ivan.

Dear Ivan:
What if they do? Ruth is a nice girl, isn't she?
—Auntie.

SENIOR CLASS

The Seniors held a meeting Thursday noon in room 0 for the purpose of filling out records of their credits and other things necessary to graduation this June. Mr. Metzler explained the procedure of filling out the records and most of the class were able to count up enough credits for the coming event.

LONG AGO

- What happened seven years ago?
1. Mr. Metzler was promoted to the superintendency of our school
2. The first Boys' Glee club was organized at B. H. S.
3. For the first time in the history of B. H. S. a public speaking class was organized.
4. The Girl Reserves meeting in this school was held Feb. 12.
5. An Orchestra was organized under Miss Bunce, the grade school music teacher.

What happened 13 years ago?
The senior class held a carnival. The finance committee was: Mr. Nash, a teacher; Mr. Woodruff, a parent; Dr. Mason from the school board; and Herbert Erickson, a student.

Francis Livermore was attending night school at Benke-Walker.

The freshman class was the largest in school, numbering about 34.

The question to the State Debating League was: Resolved, that the protective tariff is beneficial to the producers of agricultural products in the United States.

Mr. Mather was athletic coach. Beaverton played their first game of football with Scappoose, beating them 19-0.

The first issue of the Beaverton Hummer Special was printed in November, 1921.

The cafeteria was just being completed.

B.H.S. lost a game of basketball to Tualatin, 11 to 5.

The "Order of the B" was organized for the purpose of promoting higher ideals in the athletic and social activities of the student body of B. H. S.

BAND MEMBERS GIVE REPORT OF TRIP

The B. H. S. Band members left Beaverton at 6:30 Saturday morning. They stopped at Rickreall and Monroe, arriving at Eugene campus 11:00 a.m. After registering at a building called the Igloo, we went out to lunch. As we played third we lost no time in donning our uniforms. When we returned the C and B bands finished playing and there was a massed band. The numbers played were "Activity" and S.I.B.A. After this the banquet was held. Then those who wanted to could go swimming or listen to the A bands play. We left at 9 P. M. stopped at Corvallis and Rickreall arriving home at 1 A. M. The B. H. S. band did not place although much praise was given to them and their director, Mr. Bushnell.

The members of the band are: Trumpet: L. Teschner, J. Sanders, J. Spachle, H. Stoller, and B. Siddens; Clarinet: C. Gravelle, H. Showerman, L. Short, G. Shellenberger, J. Mason, G. Johnson, E. Engleke, and J. Miller; Trombone: W. Barber and B. Denney; Saxophone: E. Posson, C. Beach, F. Zimbrick, and C. Gumm; Alto Horn: C. Zuercher, W. Johnson and M. Gumm. Baritone: N. Jackson. Flute: D. Mason. Bass horn: P. Boeckli and H. Kamberger. Drum: H. Huff, B. Wood and T. Hetu.

COUNTY PRINCIPALS CONFER HERE

Fourteen principals of elementary schools of Washington county met Tuesday evening, April 11th in the High School cafeteria to discuss current business.

After a short business meeting, at which Supt. Josiah Thills spoke on "The New Objective Testing Program" A. B. Kraus, county superintendent, also spoke and a Virginian baked ham dinner was served by the cafeteria classes under the supervision of Miss Meeks.

BEAVER CHIPS

By "The Snoop"

Greetings from the Snoop. Did youse guys find dose Easter eggs? Kenneth Taylor, that taciturn lad, was bestowed a kiss from the lips of E. Wismer on the triphome from Seaside.

The hand did not win first place but Carl B. will tell you why. You see it was like this, etc. The Blaz-erphonia didn't function properly. Reason: 3 bottles coco-cola makes one feel lolly.

Six week's tests this week. Item is to inform—not to tell youse lucky guys.

N. Jackson and T. Hetu arrived home at 2 P. M. Sunday morn after the band contest, decided they were hungry so proceeded to wake a certain person up. Now, boys, is that your code of ethics?

Mr. Beach is wearing smoked glasses to school. Reason, he stayed up till ten o'clock last night. Now what would Margaret F. say Beachey old—

Please will some one write a letter to dear old auntie Sophrony. The poor dear's have run out of ideas. Such a deplorable condition in these pressing times. Porter will.

Don Walker recently purchased a new automobile. It has wree feeling, myncro sesh, ploating fower and bour freeel wraikes. Quite the car oh yes he drives it.

Well once more I bid you farewell. Sounds like a second shakespeare, yeao. Keep away from poison oak and be sure and write to auntie.

NEWS NOTES

Six week's exams were given this week. New resolutions were made.

Mrs. Boyce and Hazel Boyce, mother and sister of Lila Fay and Hays Boyce visited school Tuesday.

The Senior class day is well under way. Miss Schaeffers who is coaching the group holds a practice the fourth period every day.

Due to Good Friday which was a school holiday the Hummer was not sold until the following Monday. A schedule has been arranged for the tennis payers. The gym courts are very popular.

Garet Dickman, visited school on Tuesday.

Beaverton negative debate team will meet Tomford debate team at Eugene tomorrow.

—Hays Boyce
Dorothy Gerber, a friend of Mar-

If classes could talk this is what would happen some sixth period: Glee club: "Do you like good singing?"

Am. Hist. class: (right above) "Yeh, but don't stop on our ac-

B. H. S. TRACQ TEAM DEFEATS NEWBERG

Beaverton won the first track meet of the season when she met Newberg on the B. H. S. field last Thursday.

Beaverton took first place in all events except the high jump, broad jump and the mile. The final score of the meet was 96 to 24.

This exhibition is encouraging to Beaverton fans for little hopes of a winning team were entertained because of so much new material.

—Frank Peterkort.

DR. COLEMAN SPEAKS AT P-T A

The Beaverton Parent Teachers held their regular meeting Monday April 10. Dr. Coleman of Reed College was the guest speaker. His topic was one of interest to all. Although not a great number of students turned out to hear Dr. Coleman his speech was enjoyed not a small amount by th older members of the audience. After the meeting refreshments were served in the cafeteria. —Donald Walker.

Tell the merchant you saw his ad in the 'Review.'

Portland Auto Supply Co.

When any firm sets out to serve the public upon a definitely planned policy and then succeeds in taking and maintaining the lead in their special field, then it must be admitted that they are operating upon the solid foundation of reliable and progressive service.

Such is the case with the Portland Auto Supply Co., in Portland, who are famous through this entire part the state for offering high grade auto supplies to the dealers throughout this section of the Northwest. Many times has the question been asked: "How do they do it?" and the only answer can be given to this query is to state that they DO do it and are continuing to do it every day at this store.

And while you pay much less at this store you always get standard

HUMOR

Stasson: "No girl ever made a fool of me?"
June: "Who did then?"

V. Bronkey: (in crowded bus)
"Has anyone lost a roll of bills with an elastic around them?"
Chorus of voices: "Yes, I have."
Bronkey: "Well, I just found the elastic."

New students in school are Dorothy Bonner, senior and Josephine Bonner, sophomore from Lincoln, Nebraska.
Ethel Anderson of Garden Home visited school Wednesday.
—C. Markovich

Mrs. Robertson: Define space.
Vernon B.: Well, I have it in my head but I can't exactly define it.

Your little brother saw me kiss you. What can I give him to keep him from telling?
He generally gets a dollar.

Ruth (in Social Problems Class): Mr. Hughes, what are lunatics? Are they people?
Mr. Hughes: (reading) Yes, Ruth, people just like us.

Kind Gentleman: (to boy eating apple) Look out for the worms, sonny.

Frankie P: When I eat an apple the worms have to look out for themselves.

GOLD MINING COURSE TO START APRIL 1.

Practical aid for those who feel the urge to seek out the gold in the hills of Oregon will be given to all who care to register for a short course for miners, to be conducted by the Oregon Mining Congress and the general extension division of the Oregon System of Higher Education April 1 to June 3. It was announced today by R. M. Betts, Eugene, president of the congress.

Gold exists in many sections of Oregon, and many persons not now employed may be able to learn enough to earn money prospecting and mining, it is declared. At the same time experienced miners may be able to pick up additional knowledge through the course. A corps of experts, including geologists and mining engineers from the College and the University and practical miners of the state, has volunteered to act as teaching staff and the course will be free. Registration may be made at the Eugene Chamber of Commerce by letter or appearing in person any time before the course starts.

Following is a list of the instructors for the course: Dr. Warren D. Smith, geologist, University of Oregon; R. M. Betts, Eugene, a successful miner; Dr. E. T. Hodge, professor of geology at Oregon State College; John Thompson, State College of Washington; J. H. Batchelor, professor of mining engineering, Oregon State College; and W. L. Skinner and E. E. Morrison, Eugene, Miners.

merchandise and most careful service. They have a tremendous stock of auto supplies which includes absolutely everything in this important field.

Bumpers, curtains, seat covers, spot-lights, stop-lights, batteries, but what is the use of trying to tell you even of a part of their stock? Suffice it to say that if it comes under the head of "auto supplies" you can get it for less at this store.

The Portland Auto Supply Company is very handy to Beaverton people coming into Portland for business or to visit. It is an establishment thousands of dollars in expense for they are the sales agents for standard lines of the highest grade which are offered at the lowest prices quoted by anyone anywhere for any of these quality

accessories. They have a stock that represents an investment of many thousands of dollars and have left nothing undone in their endeavor to serve you faithfully.

At the head of the company are men who know auto supplies, tires and equipment and are most progressive business men who have established an enviable reputation as live wire citizens who are always actively back of all public spirited movements. They have made the people sit up and take notice and we predict that ten years from now you will not only find that the management of this firm has been a substantial contributor to the success, but that they will also still be setting the pace with the lowest prices on everything they sell.

Dr. Edith I. Phillips

Located in the Pittock Blk. in Portland, telephone BR 1305.

Dr. Edith I. Phillips has had long experience and wide knowledge as a specialist in eye troubles. Immediate attention to these delicate organs may save you much inconvenience and expense.

Some of us inherit eyes subject to certain defects. Others of us have taken bad care of our eyes when we were children. Any inherit weakness or any mistreatment of the eyes may cause us to need glasses. Because of the delicateness of the eyes no one but an expert should be allowed to examine and correct our vision. A mistake may mean a handicap for life in the way of extremely defective sight.

It should be a source of great satisfaction to the people of this

community that they have conveniently located here a doctor whose fine technical skill and long experience makes her an expert in examining and fitting glasses. This up-to-date office is well patronized and justly so. She has spent years in making a special study of the eye and is thoroughly competent in every detail.

Her reputation as an optical specialist is not limited to this community. Persons from everywhere in this section of the state take occasion to come in and have their eyes examined with regularity. Her office is equipped to fit you perfectly with glasses. She uses only the finest makes of lens prepared for grinder. Back of her work is not only her reputation and experience but her personal guaran-

tee. Her glasses must give satisfaction and for the present prices have been greatly reduced according to the times. Another phase of Dr. Phillips service is her muscular culture treatments to strengthen weak eyes and to correct faulty vision without the use of glasses.

If you have children it is a wise thing to have regular examination made of their eyes, along with a complete physical examination. Dr. Edith I. Phillips has made a study of children and she will be glad to give you the most expert advice on the matter.

This publication is glad to recommend this experienced optometrist to all its readers. She is a professional woman of wide knowledge and experience, and a valued citizen in the community.

Firth X-Ray Chiropractors

Who have had years of experience in the practice of their profession are head of one of the largest and best equipped Chiropractic Offices in the Orpheum Theatre Building in Portland—X-Ray Examination Without Charge or Obligation—See your condition with your own eyes—Accept no cases where they cannot benefit the patient—Practice only chiropractic using the very latest and most modern methods in the science—You are cordially invited to call at their office for a consultation and examination without obligation—Phone: Atwater 4453.

With an unusual and thorough training the Firth X-Ray Chiropractors are without doubt among the leading people in this profession in the country. Besides knowledge gained thru years of study, they have equipped their offices to meet the demand of every patient. They are now heads of one of the largest and best equipped offices for the practice in the city. They have restored health to hundreds of people.

Their practice has increased by rapid strides and people go to their office weekly to consult them from

all parts of this and adjoining counties, and the great work being done in the relief of the suffering is phenomenal. Then again, the patients come from the very best class of people, people of standing in the community in which they live.

If you are not in good health you should see the Firth X-Ray Chiropractors, known all over this section as leading chiropractors. They will prove to you beyond a question of a doubt that the primary cause of your sickness lies with your spine. They will point out the nerve or nerves that are being impoverished due to the pressure upon them caused by subluxation of the spine, why you have rheumatism, heart trouble, stomach trouble, kidney trouble, headaches, nervousness, neuritis or a general breakdown in health and how to overcome these diseases without purging the system with drugs. The way to get permanent relief is to remove the cause of the disease. They will refer you to many people here, possibly your neighbors, whose health has been restored by their chiropractic spinal adjustments. If they

do not think they can help you they will tell you so and not accept a case regardless of fee, unless they can conscientiously feel that a cure can be obtained, or relief given.

(They will give you an X-Ray examination without charge or obligation. This will show the exact cause of your illness or your trouble and you can see it with your own eyes. This is an opportunity to be examined in one of the finest and best equipped chiropractic offices in the country by doctors who are conducting the largest private practice on the Pacific Coast. This is not a clinic and they do not employ students but every doctor is a competent Palmer Graduate Chiropractor who has had success in private practice.

Science has progressed perhaps more rapidly during the last decade than in any previous period of the world's history, and one of the sciences that has been brought to a high degree of perfection is that science and art of chiropractic.

In making this review we are glad to compliment the Firth X-Ray Chiropractors upon their success in their chosen profession and to refer their ability and activities to our readers.
