CHURCH ANNOUNCEMENTS

Methodist Church

George F. Gordon, Pastor

Sunday April 23 we will commence a series of sermons on "God The Greatest Poet—Man His Greatest Poem". The sermon Sunday will be "His Workmanship" Ephesians 2:10. The word originally used in this passage of Scripture was "poem", "We are his poem". To the Greek a poem was anything that was made—a house, a temple, a bridge, but gradually it came to mean a truth expressed in rhythmical form. Creation is a poem. The stars are poems of the sky. The sea is a poem. A river is a poem. Children are God's poems, noisy un-rhythmical at times, but poems just the same. The "Holy Catholic Church" is the true church of God, in all her branches, "whatever the name or sign." And that church is a poem, of varied tongues, of many minds, but a poem none the less.

You will enjoy the series of sermons and we cordially invite you to be present. You will enjoy the fellowship and good spirit of brotherhood found in our church.

Sunday School at ten o'clock, worship service at eleven. Young Peoples service at five thirty.

Church of Christ

Rev. G. W. Springer

Our Easter Drama which was to have been given last Sunday night will be given next Sunday evening at 8:00 o'clock. We hope there will be a large number present. We feel that all who attend will be well repaid. This drama will not only entertain but we believe it will inspire all who see it to praise God for the resurrection of our Lord from the dead.

Next Sunday morning Mr. Springer will speak on the topic "In the Hands of a Potter."

Nazarene Church

Rev. Willard P. Andersen, Pastor

Now that the Easter time is over let us not forget what it has meant to us. Let us keep that spirit of worship and attendance to the House of Prayer. The Lord gave us very good services during the day with two definite conversions. We are glad for the revival spirit that exists among us.

Congregational Church

Rev. Charles F. Clarke, Pastor

Well Friend: We hope that the Lenten season and its climax, Easter, were times of great blessing to you: But remember we need constant refreshing and in those events that immediately followed the resurrection great joys came to the disciples. We lose the values of Easter if we do not go to church again till Christmas. At the 11:00 A. M. service the pastor will speak on "Jesus Came Walking." At 7:30 we shall have the choir of the Highland Congregational church, of Portland led by Mrs. A. E. Dungan with us. They will sing Dudley Buck's great music, "The Story of the Cross." Every one knows how impressive this is and how well that choir will render it, so be sure to come. Start the Sabbath right. Come and bring your family to the Bible School at 9:45 A. M. There is class for every age. Young people remember the Christian Endeavor society at 6:30.

Mrs. E. G. Perkins entertained the Whitford Women's club at her home on Lake Road last Friday, in honor of Mrs. Wm. Spriggell's birthday. Progressive games were participated in and Mrs. Carl Hansen won the highest score. Refreshments were served with Mrs. Spriggell cutting the cake.

WRIGHT'S HATCHERY

At 11021 NE Prescott in Portland Maintains a Large And Modern Hatchery And Produces Thousands of Quality Baby Chicks Each Year, Having Been One Of The Essential Factors in Promoting The More Extensive Raising of Poultry in This State—Truly a Most Valued Institution. Telephone Garfield 1496

This firm conducts one of the largest and most modern hatcheries in this section of the country and annually produce thousands of baby chicks. The hatchery is known all over the country. They are people of wide experience in this important business and are considered authorities upon all matters pertaining to baby chicks as well as all kinds of poultry. Their baby chicks are sturdy and full of pep and those who have purchased baby chicks here invariably re-order from this firm when they are in the

market again. This shows what kind of chicks they sell and it is not strange that their business has grown to such proportions and is still increasing. They are always willing to give any information desired and give prompt attention to letters, personal or telephone calls and orders. The public is always welcome to visit the hatcheries. The aim of the Wright Hatchery is to leave every customer satisfied—personal attention is given to every customer regardless of the amount of purchase.

People in this locality who are interested in poultry raising should visit these hatcheries where they will receive valuable information and service. They make a specialty of day old chicks and are in a position at all times to furnish chicks of any age that are needed to fill a depleted stock. We wish to compliment Mr. Wright upon the leading position his firm has attained and to urge all our readers to consult with him on all matters pertaining to baby chicks.

Union Floor Co., Inc.

Shabby, worn floors will mar the appearance of any room and detract from the beauty of furnishings whether they be the most simple variety or in the luxurious class. Especially in homes that have been built for some years, floors often detract to the point of causing a restlessness with everything one owns. Dirty, worn, partially varnished and sometimes painted—these floors will naturally take away any attractive features a single room of an entire house might possess. There is no dust to inhale or to choke over when this firm does your resurfacing and they are equipped for work in a home as well as in offices and other buildings. When you have the Union Floor Company

do your work you are certain of complete satisfaction. To scrape and finish a floor is a long procedure and in most instances we grow tired of the task before it is half finished. Refinishing the floors by their method means the disappearance of worn, ugly spots, the removal of old paint or varnish and then they are ready to finish as you like. It takes but a short time to do the work and you have floors returned to their brightness and soft lustre and the satisfaction in return is the same as the you had a new floor laid—but without the expense. It is not necessary that you wait until house cleaning time to have this work done—their method is

so clean, quick and satisfactory that there is no general disturbance in the routine of the home. Their work recommends itself to everyone who sees what a wonderful transformation they are able to effect with old, worn floors that are practically new and have been abused thru hard use and wear. They work on the principle that every customer must have the best and most expert service they can give them, whether they are having one room finished or the entire house. For work of this kind do not fail to get the estimate of the Union Floor Company at 3564 N.E. Broadway in Portland under the management of Mr. Washburn. Telephone Trinity 3771. Adv.

IN OREGON HOMES

OREGON CITY—Assistance in planning low cost lunches or dinner is one of the services given by the home economics extension service either from the central office at Corvallis or from the various county home demonstration agent offices. The Warner Grange committee of Clackamas county was assisted in planning such a lunch for the joint meeting of the home economics and agricultural committees recently. The lunch decided upon included Spanish wheat, parsnips and apple casserole, sandwiches, custard, cookies, coffee and milk. Each of the 21 granges were asked to bring certain dishes included in the menu.

CORVALLIS—With a return to some of the practices and interests

of grandmother's day, Oregon homemakers are again piecing patchwork patterns and quilting them. To meet requests for help in duplicating old designs for piecing and quilting, Mrs. Azalea Sager, clothing specialist in the extension service, has written two mimeographed HE 447 "Favorite patchwork patterns," and HE 448 "Simple quilting designs." Both leaflets are available from county extension or from the home economics extension service at Corvallis.

PENDLETON—"I have had to do some hard planning to get something for nothing," says a Umatilla county homemaker, "but here is what I did. It is not much, of course, but it has improved my kitchen greatly and saved me many steps. I had a dish cupboard made with some glass doors we had on hand. This cupboard cost about \$3. My husband made another small cupboard for supplies. I needed tables under these built-ins so I took an old square dining table, pulled it apart and put each half under a cupboard to provide table space. Doors were fastened to the table and the sides closed in to provide storage space."
