The high Dignitary is coming, the one we have so long looked for, prosperity magnificent, arrayed in opulent glory. Prepare for his encounter, push aside the cob-webs, clear every rind. The depression killer way back there in Washington has sent out sharp-shooters, loaded with New Deal Ammunition, crammed in with headway wads, even Mills, Mellon and Gang can't stop the forward momentum. Oh! Ye pessimists, awake!

AND FURDER MORE!
Billboards fill the byways,
And poems adorn the highways—
"In this vale
Of toil and sin,
Your head gets bald
But not your chin."
The answer to
A maiden's prayer,
Is not a chin
Of scratchy hair."

AN EDITORIAL

Life is largely what you make it and the success depends very considerably upon ambition and your own efforts. Those who have not wasted their time in school but are working hard to achieve their goal which is at the end of all their accomplishments. They are the students who know that to achieve anything in this world you must use steady and persistent labor. The other class includes those who are wasting their years for nothing—in other words they are the students who come to school for fun and just get by some how. Are they American citizens? In one sense they are not for an American, boy or girl makes the most of what he or she has. These students attend a fine high school and receive the teachings of men and women who are endeavoring to make the future men and women of tomorrow. Most of the students realize how hard our teachers are working their best for us. Remember it should not worry them any if the students fail to learn. The teachers have completed their school education and now they are teaching what they have learned to us. Probably your excuse is "oh, I'm dumb; I can't learn." Did you ever take the time to learn your studies correctly? No, the majority of you have never tackled subjects for several hours at night. Don't be shocked by the "several hours studying" each night for its merely nothing compared to what some students study. Just try some night and see how well you'll know your work in classes the following day. There must be some of you who are now saying, "Oh! I'll start that way next year." Don't start next year but now. Once you start doing your work immediately you can always keep on; you form the habit. Why not? Remember success is not attained so easily; we must work! The world will expect much from you and you can expect but little from it. Show the teachers of Beaverton High that you appreciate their efforts. Fight your own way to success.

Tennis is one of the best and most popular outdoor sports in America. Several years ago the leading colleges and high schools erected tennis courts to enable the students to enjoy this great sport and to provide recreation for them.

In the game of tennis sportmanship is a vital necessity. Since only two couples can play on a court at a time it is necessary for them to play a single game so that other students may not be deprived of the privilege of enjoying this great sport. So let us be good sports and let others enjoy this great outdoor sport.

Whose goin' t'get the athletic cup this year? Rumor has it that a girl has been chosen. Maybe it's June Gillmore. She leans towards the athletes.

It seems that there are several flat tires among the Girl Reserves. (Continued On Back Page)

Beaverton Summer

SCHOOL CALENDAR SHOWS BUSY DAYS

It seems the Beaverton Student Body will be busy going places and doing things for the next four or five weeks remaining in this term.

First we decided the future by the election of officers on May 8th. Next we must rush off to the Senior Play. We're going! All of us! This is on May 12th.

On May 19th the Juniors honor the Seniors with a prom.

Many of us will meet for the last time together in a Student Body meeting on May 25. The new officers will be introduced.

The Seniors will reign supreme on their class day on May 26th.

Be careful Freshie!

We mark with joy the next "daze" on our Calendar—final exam week of course! We hope the teachers get arthritis!

Even though exams start on May 29 and end June 1 we hope to observe Memorial Day May 30th.

NEWS NOTES

Visitors at school during this week were Vivian Nelson, '32 and Ruth Lundgren '30, a sister of Alice. Ruth has been attending Oregon State College.

A Locust tree has been planted in front of the school house, to replace the one blown down this winter.

Posters advertising various types of books are being made for the library by June Gillmore and Dorothy Markovich.

The French 2 students completed their grammatical work. The rest of the term will be spent in reading and speaking French.

For some time the 6th period History class has been using Monoclay to study current history. This plan has been abandoned due to the lack of time. The dropping of this study is regretted by all the students.

The women faculty members and the wives of the men faculty members had a progressive dinner last Wednesday.

THE H-Y ORGANIZATION HAS MEETING

At the regular meeting of the H-Y Tuesday, April 25, several items of business were transacted. The names of the members who had not received their pins and certificates were noted, so that this matter could be taken care of by the secretary. It was decided to return to the plan of bi-monthly meetings with one meeting each month held at the home of a member. Being Ushers at the Senior play was discussed. Seeing that the field is kept clear during track meets was discussed but as the fire-squad had already taken action, the matter was dropped.

Aunt Sophrony's Column

Dear Aunt Sophie:
What to do! What to do! That's my problem. I have a possible chance to go the Prom but "me steady" hasn't asked me yet. As a matter of fact, I even have my dress for the big event. What if he doesn't ask me?
—D. F.

Dear D. F.:
Don't worry, dearie. Give the young man time. He may be a little backward you know and if he doesn't ask you lots of girls will go "stay" these depressing times.

Dear Auntie:
I have had a bad case of love-on-the-spur-of-the-moment. I guess. The victim is A. M. He doesn't even notice me. What shall I do?
I. J.

Dear I. J.:
If I were you, I'd forget A. M. Direct your interests to H. B. you will have better chances because he likes blondes.
—A. S.

Dear Aunt Sophrony:
I think P. W. is simply darling. And the way he raises his eyebrows is "ducky." He never seems to notice me. What shall I do?
—A. H.

Dear Aunt Sophrony:
Dear A. H.:
Don't look so grouchy all the time. This will help.
—A. S.

Dear Aunt Sophrony:
I am in serious difficulty. I am on the jury in the public speaking class trial. You know jurors should never be prejudiced, but I am afraid I am. What shall I do?
—R. F.

Dear Ruth:
Well my dear, I can't think of a thing except that you vote twice when the verdict is being decided.

NEW STUDENT OFFICERS ELECTED

In accordance with the constitution, on May 1st, the first Monday of the month a student body meeting was held solely for the purpose of the nomination of officers for the following semester.

Because of the president's absence, the Vice-President, Lloyd Wirtz, took charge of the meeting. There was an ample supply of satisfactory nominations for most of the officers.

The results of the election were: President, Margaret Dickman; Vice President, Don Josy; Secretary, Isabelle Wallace; Treasurer, Hays Boyce; Reporter, Catherine Markovich; Yell Leaders, Doris Yarton and Vera McElroy; Song Leader, Esther McKeown; Manager, Paul Wilson.

CAN YOU IMAGINE

Can You Imagine:
Miss Sweeney reading an announcement before the bell rings?
Seeing Vera and Helen without Carlton and Paul?

Mr. Hughes telling you before class that you are going to have a test?

Anyone passing a chemistry exam?

Ruth Fulgham not smiling?

June Gillmore not talking?

Dick Goyt sitting still in the study hall?

Porter Underwood studying?

Lester Techner passing a test?

Miss Sanford using slang?

Miss Barnes chewing gum?

Mr. Metzler giving an excused absence?

Katherine Markovitch not studying?

Ila James with a boy friend?

A girl saying something in a student body meeting?

The Senior class held a meeting on Thursday. They put in their bids for scholarships and discussed their Senior class day, to be held the 26th.

SPRING BRINGS FEVER CASES

Well, spring has come at last; so has spring fever. Mr. Hughes, a teacher of history, said, "I intend to give double assignments as soon as spring is here." So that is why we have noticed many American History students working hard the last few days. Goodness! This may be a cure but I think the cure is worse than the disease.

When it is a nice warm day and your mind is on the old swimming hole and you suddenly remember that you have not done your history yet, you will agree with me.

'Spose Mr. Hughes ever had spring fever, or ever went swimming or ever played hockey? I'll bet he has 'cause he certainly seems to read our minds.

SENIORS TO PRESENT PLAY TO-NIGHT

One of the greatest events of the school year will take place tonight in the gymnasium. The graduating class will present "Looking for Mary Jane", a three act comedy.

It unfolds in a side splitting manner with one complication after another with a chinaman, a small-pox scare and a German added for good measure.

If you miss their play you miss the last chance to see the graduating class in action, so we hope to see you at the gym tonight.
