CO-OPERATIVES MAKE GAINS IN FOUR YEARS

Oregon now has 187 co-operative marketing or purchasing organizations operating within the state, according to a new directory of such organizations, compiled by George O. Gatlin, extension marketing specialist at Oregon State college. This is a gain of 52 since the previous directory was issued four years ago.

All but 12 of the organizations are strictly Oregon associations, the remainder being out-of-state associations doing business in this state. Gatlin reports that Oregon ranks high in the percentage of associations that are incorporated, and in the uniformity and soundness of the organization setups. This is made possible, in part, he says, because of the exceptionally favorable co-operative laws that have been built up here through some 23 years, and which are unexcelled in the entire United States.

Kenneth Taylor is spending this week visiting with his grandfather, Mr. Huff, at Rickreall.

"Ten Dollars Fine—"

for throwing smut over the foot-lights." So the sign in the play-house warned the show-folks. Where does the smut come from? In non-Christian lands, baby lips speak a language so vile and sing songs so obscene as to be unprintable.

Where does it all come from? "Out of the heart proceed evil thoughts, murders, adulteries—"

Where did it begin? "By one man sin entered into the world and death by sin and so death passed upon all men for that all have sinned."

Stand on this:— That God accepts Christ's death as payment in full for all your sins; God's Say-So. Then Bible for your new marching orders and prayer for power to go ahead in the new life that God kindles when your sins are blotted out. Old Time Religion, Beaverton, Ore. adv

CHERRIES ripe and cherries red are delicious when picked from the tree. The screaming blackbird confirms this. But don't forget the cherry when preserving and canning. Cherry preserves for dessert. Cherry jelly for a spread, or canned cherries for winter pies—all depend upon your devoting a few hours with your preserving kettle. Cherries are tart and call for plenty of sugar. But sugar is inexpensive and one of our most valuable quick-energy fuels—so that cherry dainties will fortify our bodies on the cold winter days that are sure to come.

Cherry Preserves
4 pounds cherries
4 pounds sugar
1 cup cherry juice
Make syrup of the cherry juice and sugar. Add the pitted cherries and cook rapidly until the fruit is transparent and the syrup thick. Pour into sterilized glasses and seal.

Cherry Jelly
3 cups cherry juice
5/8 cups sugar
1 cup bottled pectin

Three Fruit Conserve
2 quarts pitted cherries
3 cups pineapple
2 cups diced apples
2 quarts sugar
1/2 pound nut meats
Put the pineapple through a food chopper or use crushed, canned pineapple if preferred. Mix the fruit with the sugar. Let stand overnight. In the morning cook the mixture until it is thick and clear. Add the nutmeats, chopped fine. Pour into sterilized jelly glasses. Cover with paraffin.

Sky Line Trail Hikers Invade the Canadian Rockies

ORGANIZED trail hiking in the Canadian Rockies will be inaugurated for this year by a hike slated to start at Lake Louise, near Banff, on Aug. 4. An increasing interest is being shown in trail hiking in this mountain region, and a committee consisting chiefly of experienced members of the Trail Riders of the Canadian Rockies and the Alpine Club of Canada, has organized a new order called the Sky Line Trail Hikers. The route of the inaugurators' hike will be over Saddleback Mountain through Paradise Valley and over Sentinel Pass to Moraine Lake, where the first night's camp will be made. On Saturday, Aug. 5, the party will hike from Moraine Lake over Wenckhemms and Opabin passes, and will have the thrill of crossing two glaciers before arriving at Lake O'Hara. On Sunday the hikers will be able to take in the magnificent scenery around Lake MacArthur, Lake Oesa, and Mount Odarath, and members of the party will be able to enjoy the excellent fishing in Lake O'Hara. The hike will be held on Monday, Aug. 6, after which the members will visit Waipa Bungalow Camp and catch the evening train back to Lake Louise.

The magnificent scenery of the Canadian Rockies and the pure joy of achievement, together with the comforts assured by official arrangements made for their novel hike, make this one of the finest and most healthful of holiday outings. Lake Louise, jade green and turquoise blue, with glacier-hung Mts. Victoria and Lefroy, is one of the most beautiful lakes in the world and the route of the Sky Hikers takes them through the grandest scenic attractions of the American Alps.
