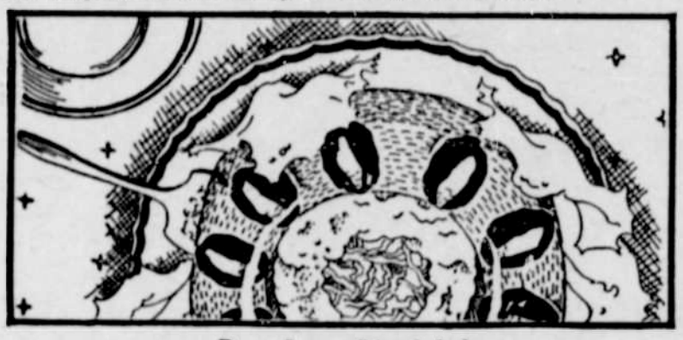
Health and Good Taste Combined Appealingly

By Nyra Mead

As an ever ready helper in making salads contrasting and appealing to the eye, the rich, dark California prune serves happily.

One feature of prunes which may have been overlooked in the past is their high vitamin content and their mineral values which help to round out most any meal from a food and health value standpoint.

The recipe below has been worked out with regard to these dietetic values because the other ingredients are supplemented by the high ranking values of the prunes; and, too, it is good to look at, as well as delicious to taste.



Prune Lemon Ring Salad

2 packages lemon flavored prepared gelatin
5½ cups boiling water
3 tablespoons lemon juice
1 cup cooked prunes
Cream cheese
Lettuce, shredded
Cheese dressing

Dissolve gelatin in boiling water and when cool add lemon juice. Pit prunes and refill with a strip of cheese in each. Arrange prunes with filled side down in a ring mold. When gelatin is cold, pour over the prunes and chill. Unmold and serve with shredded lettuce and cheese dressing, allowing a section containing two prunes to each serving. Serves 6 to 8.

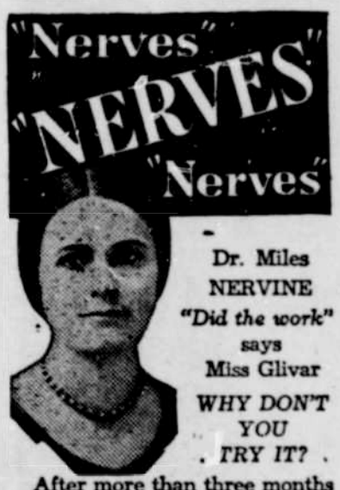
COMMITTEE APPOINTED

Mrs. W. H. Boswell, Mrs. Fred Towhy, Mrs. J. S. McKeown, Mrs. I. R. Metzler, Miss Louise Brown and Mrs. F. Posson have been appointed as a committee to act in conjunction with the high school girl reserves organization. The committee met at the home of Mrs. Lynn Hughes Monday afternoon to outline plans for the coming months. Mrs. Hughes is the local adviser for the girls.



Dr. Miles NERVINE *"Did the work"* says Miss Glivar *WHY DON'T YOU TRY IT?*

After more than three months of suffering from a nervous ailment, Miss Glivar used Dr. Miles Nervine which gave her such splendid results that she wrote us an enthusiastic letter.

If you suffer from "Nerves." If you lie awake nights, start at sudden noises, tire easily, are cranky, blue and fidgety, your nerves are probably out of order.

Quiet and relax them with the same medicine that "did the work" for this Colorado girl.

Whether your "Nerves" have troubled you for hours or for years, you'll find this time-tested remedy effective.

At Drug Stores 25c and $1.00.

Retain That Figure

By BETTY BARCLAY

OUT in Hollywood the "figure" is very, very important. The weight must be just right if the film favorite is to retain her hold upon a fickle public.

Sally Eilers, who is now pleasing millions in "Hold Me Tight," chooses her foods with the greatest care. Her strenuous life calls for plenty of good nourishing food, but it must not be too plentiful or too heavy.

A favorite luncheon for Miss Eilers consists of a glass of orange juice, a roll (or some bread and butter) and a Club Fruit Plate.

This latter consists of cottage cheese, dates, raisins, walnut meats and slices of oranges on a bed of crisp lettuce. It may be prepared quickly and easily—and is an ideal luncheon dish.

Try this Club Fruit Plate yourself. You will find it as pleasing in your own home as it is in Hollywood.
