### JAMES W. MOTT'S WORK IN CONGRESS

By Mott for Congress Committee (Continued from last week)

**Committee on Public Lands**  
This Committee has exclusive jurisdiction of all legislation pertaining to the reversioned Oregon and California grant lands in sixteen counties of Western Oregon. Under the Chamberlain-Ferris and the Stanfield Acts these counties are entitled to receive from the Government approximately one-half million dollars per year. All bills to alter or repeal these or other land laws must be referred to the Committee on Public Lands, and no law affecting the public domain can be passed without approval of this Committee.

**Protection of O & C Revenue**  
Congressman Mott's membership on this committee has given the First District of Oregon a protection and an authority it has never had before and which cannot be estimated. Through it he was able at this session to prevent consideration of the McClintic Bill to repeal the Stanfield Act. He also stopped Federal encroachment thru the Taylor Bill (providing for withdrawal of public lands from sale or entry) by having it amended in Committee to exclude all lands in Western Oregon. He has begun his fight for tax loss reimbursement to Oregon by introducing a bill which is now before this Committee, to amend the Stanfield Act to provide for reimbursement through direct annual payments out of the Treasury to the Counties in which the reversioned Federal lands are located.

**Committee on Roads**  
This is the Committee which determines the road building policy of the Government and authorizes the appropriations for all road purposes, including aid to states.

**Bringing Road Money to Oregon**  
As a member of this Committee, Congressman Mott at the special session helped to make and pass the largest road building measure ever authorized by Congress. The road provision of the Public Works Bill carried appropriation of four hundred million dollars, of which Oregon received approximately six million. Congressman Mott was a member of the Subcommittee of the Committee on Roads appointed to report and secure inclusion of this item in the Public Works bill. He took a leading part at the present session in bringing about the decision of the Committee to continue this program, and it was on his motion that the bill now pending was reported. This bill authorizes appropriation of an additional four hundred million for State road construction, fifty million for roads in forests and public lands and ten million for repair of roads and bridges damaged by recent floods.

### FARM PARITY PRICES DECREASE SLIGHTLY

The purchasing power of farm commodities decreased slightly during the month ending March 15, according to the monthly agricultural situation and outlook report just released by the Oregon State College extension service. During this period the index of farm prices remained at 76 per cent of the 1910-1914 level, while the prices paid by farmers rose from 119 to 120. Hence the purchasing power of farm commodities dropped from 64 to 63 per cent of the pre-war "parity".

To all interested in the study of Pianoforte playing I most heartily recommend Miss Helen Godfrey, as she has a very thorough knowledge of piano technique and an excellent insight into the interpretation of music. Those who apply themselves will make rapid progress under her instruction. She will prove herself an excellent teacher.—Erma Taylor Sparks.

### DON'T SLEEP ON LEFT SIDE—AFFECTS HEART

If stomach GAS prevents sleeping on right side try Adlerika. One dose brings out poisons and relieves gas pressing on heart so you sleep soundly all night. Brown's Beaverton Pharmacy.

### Don't Blame God

God send people to hell? "Why," you say, "a human father would not send his own child into eternal woe—then why should God?"

That's a fair question. But remember that there is one thing God will not do. He will not make up your mind for you. You must make up your own mind; you must say whether you go to eternal glory or to eternal woe.

"Whoever was not found written in the book of life was cast into the lake of fire." Don't be insolent and abuse God when you decide to go into a Christless grave and into a Christless eternity.

You go out lost in spite of God. "For God so loved the world that He gave His only begotten son, that whosoever believeth on Him should not perish but have everlasting life."

Rev. George N. Taylor, Beaverton, Ore. adv
