Rot Won't Cure Itself

Come on Wharf Rat, in your rags and vermin. Jesus Christ makes you new; the man you ought to be.

Come on Mr. Respectability, if you are putrid down inside. Rot won't cure itself.

Maybe you've already helped your kiddies toward the pit. No, you never taught 'em to lie or steal

but you shut God out. They saw; took the tip. Woe to you. Better be drowned in the depth of the sea, says Jesus, than trip a believing little one.

"Uncey sin, Old Rags and Mr. Respectability are both alike to God. 'Ye are of your father the Devil and his works do ye,'" said Jesus.

Christ loves you both. His blood can free you both from all guilt. You take your discharge? Good!! Christ gives you Himself with it. Himself the mighty God, to make you new.

Things get worse until Christ comes in. But "if any man is in Christ Jesus he is a new creation."

Rev. Geo. N. Taylor, Beaverton, Ore. adv.

NERVINE
Dr. Miles NERVINE
"Did the work" says Miss Glivar
WHY DON'T YOU TRY IT?

After more than three months of suffering from a nervous ailment, Miss Glivar used Dr. Miles NERVINE which gave her such splendid results that she wrote us an enthusiastic letter.

If you suffer from "Nervex." If you lie awake nights, start at sudden noises, tire easily, are cranky, blue and fidgety, your nerves are probably out of order.

Quiet and relax them with the same medicine that "did the work" for this Colorado girl. Whether your "Nerves" have troubled you for hours or for years, you'll find this time-tested remedy effective.

At Drug Stores 25c and \$1.00.

No more wearing friction than in a **Shadow!**

A SHADOW never wears out—never needs repairing—never needs special attention—is permanently silent! This is virtually true also of the new Air-Cooled Electrolux Gas Refrigerator—for it contains no moving parts!

Electrolux is the only absorption-type refrigerator made. It requires no machinery to compress its simple refrigerant. A tiny gas flame and ordinary air do all the work!

Nothing was sacrificed in Electrolux to give you those important advantages. It contains, in addition, all the refinements skilled artists and far-sighted engineers could devise; such as, beauty of design; gleaming white enameled finish; stainless chromium hardware; interior lighting; ample storage space; trays that release at the trip of a trigger; split shelves that accommodate large bottles and roasts; temperature regulator that speeds freezing and defrosts without stopping.

Whether or not you are planning an All-Gas Kitchen, which authorities agree is the ideal kitchen, for it includes quick, economical cooking and abundant hot water besides carefree, silent refrigeration, you should have an Electrolux Gas Refrigerator. Your Gas Company is so certain that you'll

be thoroughly satisfied with Electrolux that they stand behind and willingly and promptly service every one sold.

Plan to see this unique refrigerator soon. On display at the Portland Gas & Coke Company—for sale by authorized dealers.
