

Personal

Mrs. E. W. Palmer of Portland visited at the Steve Mapes home, Thursday.

Norman Walker of Portland was a guest of Jack Reeves over the Fourth of July.

Mr. and Mrs. Steve Mapes and son Carl spent the Fourth at the Vancouver regatta.

Sam Olds, who has been quite ill with an attack of pneumonia, is much improved.

Harold Steele of Allen Ave. had his tonsils removed at Dr. Mason's office, Monday.

Mr. and Mrs. R. G. Carey and Mrs. T. B. Denney spent the week end at Rocakway.

Patsy Shields of Portland is spending the week visiting with her cousin, Cathryn VanKleeck.

Miss Maxine Kline of Gaston is visiting at the home of Mr. and Mrs. Jay Gibson this week.

Mr. and Mrs. F. H. Goyt and son Richard and Miss Helen Caveness picnicked at Dodge Park on the Fourth.

Mrs. Roy Rice, and Mrs. Fabr of Portland were luncheon guests at the home of Mrs. Rob't. Johnston Tuesday.

J. A. McCann, who has been visiting his son and family at Manning for the past month, returned home on Wednesday.

Mr. and Mrs. Wilbur Weed and son of Boulder City, Nev., are visiting relatives and friends in Portland and Beaverton.

Ivan Bierly of Oregon State college, visited over the Fourth with his parents at Kinton, and at the Rev. Geo. N. Taylor home.

Mr. and Mrs. L. K. Fiske of Cornelius spent the Fourth at the home of Mr. and Mrs. E. Smith. Mrs. Smith is their daughter.

O. T. Schaeffer Sr. of Portland spent the week-end at the home of his daughter and son-in-law, Mr. and Mrs. A. C. Tuttle.

Mr. and Mrs. Ralph VanKleeck and little son and two Portland friends were dinner guests at the W. R. VanKleeck home, Sunday.

Mrs. Emma Craig and Mrs. James Craig and family of Kennewick, Washington, visited over the Fourth at the home of Mrs. Myrtle Haines.

Mr. and Mrs. Rob't. Johnston, Virginia, Howard, and Mrs. Sarah Johnston of Freeport, Iowa, made the trip around the Mt. Hood loop on the Fourth.

Mrs. C. E. Bake of Lake Grove was injured in an auto accident near Redville, July 4th. She was treated for head cuts at Dr. Mason's office.

See the 4-Star specials or sale this week all over the store. A constellation of better values at The

Richy Hardware & Furniture Company

Kenneth Smith, who is enrolled in a C.C.C. camp near Grants Pass spent the 4th of July week-end with his parents near Garden home, and with friends in Beaverton.

Mrs. Sarah Johnston, who is visiting at the home of her son, Robert Johnston and family, visited from Friday until Sunday with the Frank Starns family at Halsey.

The best all-round mower money can buy. Trade in your old mower and enjoy cutting your grass. See and price these quality mowers at The Richy Hardware & Furniture Co.

Mr. and Mrs. R. B. Denney and family, Miss Eileen and Arnold Garnet and Ronald Webb enjoyed a picnic dinner at the home of Rev. and Mrs. Geo. N. Taylor, on July 4th.

Mr. and Mrs. Gerald Goyt of Portland, who spent part of their vacation at Spirit Lake, Wn., are visiting at the home of Mr. Goyt's parents, Mr. and Mrs. F. H. Goyt, for a few days.

Miss Lucille Nelson of Rock Creek, a Beaverton high school graduate, was married to John Brawley of Kelso at Vancouver, Saturday. They will make their home in Portland.

Several members of the Beaverton Garden Club, their families, and a few additional guests enjoyed a picnic supper in the grove at the home of Mr. and Mrs. L. D. Shellenberger, Tuesday evening.

Mr. and Mrs. I. R. Metzler and daughter Marian attended a picnic at the home of Mrs. Metzler's mother in Hillsboro on the 4th, where they enjoyed a visit with Mr. and Mrs. Edw. V. Burns of San Francisco.

The following births are reported by Dr. C. E. Mason: July 3rd to Mr. and Mrs. F. H. Christensen

of Scholls, a son; July 4, to Mr. and Mrs. M. F. Wilson of Aloha, a son; July 2, to Mr. and Mrs. Elmer Helmky of Sylvan, a girl.

Mr. and Mrs. Frank Kelley of Huber have sold their home on the Farmington road to Jas. C. Meador of Portland. Mr. Kelley was formerly rural carrier on Beaverton Route No. 1. The Kelleys expect to make their home at the coast.

Dr. and Mrs. J. R. Talbert and children spent the Fourth of July week-end on a trip which took them to Bend, on to Crescent City, then to Medford, where they visited with Mrs. Talbert's parents, and on home up the coast highway.

Mrs. L. R. Richey, Van and Gene Brown, and their house guests, Mrs. C. T. Hunkapillar, Miss Harriet and Chester Hunkapillar of Pampa, Texas, spent the 4th of July week-end at the Tillamook beaches. Mrs. N. A. Byfield was their guest Sunday.

Mr. and Mrs. H. R. Kellington, and Mr. and Mrs. Harvey Batchelor, all of Hillsboro, were visitors at the home of Mr. and Mrs. R. B. Denney Sunday evening. Joyce Kellington is vacationing at Twin Ricks with her grandmother, Mrs. Kellington Sr. of Maplewood.

Spray for "Red Berry" Advised
Medford—Spraying of blackberries and Youngberries with liquid lime sulfur—one gallon to 12 gallons of water—before the buds break open as a means of controlling the "red berry" disease is advised by County Agent L. P. Wilcox. This so-called "disease" is in reality caused by a small mite, he says, which works its way into the buds during the bloom period and injures the berries, causing them to remain red in color and fail to mature, resulting in severe crop losses. He suggests that in communities where wild blackberries are harvested it would be well to make some community effort to spray the vines.

VISITS SISTER AFTER LONG SEPARATION

Mr. and Mrs. James Jenkins of Vallejo, Calif., are visiting at the S. D. Meyer home. Mrs. Jenkins and Mrs. Meyer are sisters, and have been separated for forty years. Mrs. Jenkins brought with her a copy of the Vicksburg Daily Citizen, dated July 2, 1862, and printed on wall paper. One news item concerned the surrender of certain Confederate forces to General Grant.

FORMER RESIDENT WED IN PORTLAND

Leland T. Cooke, son of Mr. and Mrs. Ray W. Cooke, who formerly resided in the Sorrento district, was united in marriage with Miss Mary Lucille Brassfield, in Portland, Sunday, June 30. A distinctive feature of the wedding was the decorations of blue hydrangeas, which matched the costume of the bride. The groom's father served as clerk of the Beaverton school board during his residence here.

On Oregon Farms

Installs Irrigation System
McMinnville—The first extensive irrigation set-up in the Willamette valley for the irrigation of prunes is that recently installed on the farm of Walter Leth near Newberg, according to Rex Warren, Yamhill county agent. Mr. Leth plans to irrigate his entire farm, on which he grows prunes, potatoes, clover and some miscellaneous crops.

Try this ticket

2¢

A MILE—AND LESS

Next time you go to California, try the train. Let the engineer drive you safely, swiftly, over the smoothest highway yet invented. It's the economical and comfortable way to go. Railroad fares are touching bottom at 2¢ a mile and less. Pullman charges are a third less than formerly.

Hints for Homemakers

HERE is some especially cheering news for families that include an aged person, a convalescent or one afflicted in such a way that stair-climbing is painful or dangerous. Residence elevators, once found only in millionaires' mansions, are now being made by a leading manufacturer at a cost no greater than that of a good automobile. The installation is said to be a simple matter, requiring surprisingly few changes in the home. Through the Home Owners' Loan Association it is possible to have the cost of the installation financed.

Have you ever noticed the tiny, low piles that give that rich sheen and soft feel to the mohair velvet upholstery on your furniture or in your car? Proving that little things can add up to amazing totals, it has been estimated that in a single automobile, an average-size sedan, more than 92 miles of thread are represented by the pile fibres. In textile phraseology, these piles supply "the third dimension," giving mohair velvet fabrics their beauty and durability.

Miss Light and Miss Worth, local grade school teachers, were visitors at the home of Mr. and Mrs. H. H. Hansen, Monday evening.

Mrs. Nale Mercier of Raleigh underwent an operation for appendicitis at the Good Samaritan hospital, July 1. She is under the care of Dr. Mason.

ARE YOU RHEUMATIC?

If you suffer from rheumatic pains and fevers, neuritis, neuralgia, and muscular pains, don't give up! Here is a help.

Many are now finding wonderful relief by taking Williams R.U. X. Compound, an effective analgesic and anti-pyretic compounded from a doctor's prescription.

The Salicylate treatment offered in Williams R.U. X. Compound is of recognized scientific value. The very first bottle must satisfy, or your money will be refunded. Get your bottle from the Brown's Beaverton Pharmacy now. adv no. 4

What Vocation Shall My Boy Choose?

By A. B. Clemens,
Director, Schools of Mechanical Engineering, International Correspondence Schools.

We live in a changing world. Opportunities for success in the future will differ from those in the past. A boy's wise choice of his life work may do much to determine success or failure. How shall he choose?

The Internal Combustion Expert

THE Burlington Zephyr and Union Pacific stream-line trains have provided dramatic demonstrations of the expanding field for internal combustion engines, and it is safe to say that no field promises wider or more rapid development than the use of internal combustion power units operating on oil, gas or gasoline.

Internal combustion engines operating on low cost liquid fuel, are furnishing power for battleships and electric power plants, tractors and flour mills, locomotives and dredges. If the use of such power continues to expand during the next decade as rapidly as it has in the past, the field has been occupied only on its fringes.

It is, however, a field that requires technical training—training that must be acquired either at the engineering schools of the universities or by study while on the job. Both methods have their advantages. If the latter be chosen, a junior position in a power plant where internal combustion engines are used would be the first step for the young man anxious to become expert in the operation of the engines. For the young man interested chiefly in designing the engines, a first step would be a junior position in a drafting room. In either case study will be required to supplement experience.

The internal combustion engine is unquestionably man's greatest achievement in harnessing the maximum amount of power to be obtained from liquid or gaseous fuels. Without it we would have neither the airplane nor the automobile as we know them today. As its development progresses, no man can foresee the ultimate limits of its use.

"I Never Read The Advertisements"

You know this man. He thinks he is telling the truth, but — quiz him about the make of his car, shirt, shoes etc. They are all advertised. He must read the advertisements to keep from picking blindly and inaccurately. They are an integral part of his life.

The important thing is to read ALL the advertisements. The last one may contain the very information you need.
